Good Guy Bad Guy Drugs And The Changing Face Of Organized Crime:

Good Guy, Bad Guy Yves Lavigne, 1991 **Chinatown Gangs** Ko-lin Chin, 2000-02-10 In *Chinatown Gangs* Ko lin Chin penetrates a closed society and presents a rare portrait of the underworld of New York City's Chinatown Based on first hand accounts from gang members gang victims community leaders and law enforcement authorities this pioneering study reveals the pervasiveness the muscle the longevity and the institutionalization of Chinatown gangs Chin reveals the fear gangs instill in the Chinese community At the same time he shows how the economic viability of the community is sapped and how gangs encourage lawlessness making a mockery of law enforcement agencies Ko lin Chin makes clear that gang crime is inexorably linked to Chinatown's political economy and social history He shows how gangs are formed to become equalizers within a social environment where individual and group conflicts whether social political or economic are unlikely to be solved in American courts Moreover Chin argues that Chinatown's informal economy provides yet another opportunity for street gangs to become providers or protectors of illegal services These gangs therefore are the pathological manifestation of a closed community one whose problems are not easily seen and less easily understood by outsiders Chin's concrete data on gang characteristics activities methods of operation and violence make him uniquely qualified to propose ways to restrain gang violence and *Chinatown Gangs* closes with his specific policy suggestions It is the definitive study of gangs in an American Chinatown *Double Crossed* Michael Woodiwiss, 2017-06-20 In the United States the popular symbols of organised crime are still Depression era figures such as Al Capone Lucky Luciano and Meyer Lansky thought to be heads of giant hierarchically organised mafias In *Double Crossed* Michael Woodiwiss challenges perpetuated myths to reveal a more disturbing reality of organised crime one in which government officials and the wider establishment are deeply complicit Delving into attempts to implement policies to control organised crime in the US Italy and the UK Woodiwiss reveals little known manifestations of organised crime among the political and corporate establishment A follow up to his 2005 *Gangster Capitalism* Woodiwiss broadens and brings his argument up to the present by examining those who constructed and then benefited from myth making These include the Italian dictator Benito Mussolini opportunistic American politicians and officials and more recently law enforcement bureaucracies led by the Federal Bureau of Investigation Organised crime control policies now tend to legitimise repression and cover up failure They do little to control organised crime While the US continues to export its organised crime control template to the rest of the world opportunities for successful criminal activity proliferate at local national and global levels making successful prosecutions irrelevant **Organized Crime and American Power** Michael Woodiwiss, 2001-01-01 Historisch overzicht van de samenhang en wederzijdse beïnvloeding van de georganiseerde misdaad en de politiek in de Verenigde Staten *Defining and Defying Organised Crime* Felia Allum, Francesca Longo, Daniela Irrera, Panos Kostakos, 2010-02-25 Organized crime is now a major threat to all industrial and non industrial countries Using an inter disciplinary and comparative approach this book examines the nature of this threat By

analysing the existing official institutional discourse on organized crime it examines whether or not it has an impact on perceptions of the threat and on the reality of organized crime The book first part of the book explores both the paradigm and the rationale of policy output in the fight against organized crime and also exposes the often hidden internal assumptions embedded in policy making The second part examines the perceptions of organized crime as expressed by various actors for example the general public in the Balkans and in Japan the criminal justice system in USA and circles within the international scientific community Finally the third part provides an overall investigation into the realities of organized crime with chapters that survey its empirical manifestations in various parts of the world This book will be of interest to students and scholars of international relations criminology security studies and practitioners **Smuggled Chinese** Ko-lin Chin,1999 No one knows how many Chinese are being smuggled into the United States but credible estimates put the number at 50 000 arrivals each year Astonishing as this figure is it represents only a portion of the Chinese illegally residing in the United States **Smuggled Chinese** presents a detailed account of how this traffic is conducted and what happens to the people who risk their lives to reach Gold Mountain When the Golden Venture ran aground off New York s coast in 1993 and ten of the 260 Chinese on board drowned the public outcry about human smuggling became front page news Probing into the causes and consequences of this clandestine traffic Ko lin Chin has interviewed more than 300 people smugglers immigrants government officials and business owners in the United States China and Taiwan Their poignant and chilling testimony describes a flourishing industry in which smugglers big and little snakeheads command fees as high as 30 000 to move desperate but hopeful men and women around the world For many who survive the hunger filthy and crowded conditions physical and sexual abuse and other perils of the arduous journey life in the United States specifically in New York s Chinatown is a disappointment if not a curse Few will return to China though because their families depend on the money and status gained by having a relative in the States In **Smuggled Chinese** Ko lin Chin puts a human face on this intractable international problem showing how flaws in national policies and lax law enforcement perpetuate the cycle of desperation and suffering He strongly believes however that the problem of human smuggling will continue as long as China s citizens are deprived of fundamental human rights and economic security **Smuggled Chinese** will engage readers interested in human rights Asian and Asian American studies urban studies and sociology **Canadian Organized Crime, Second Edition** Stephen Schneider,2022-07-29 The second edition of Stephen Schneider s highly regarded **Canadian Organized Crime** provides an introduction to criminal syndicates organized crimes and enforcement principles and practices in Canada This widely informative and accessible new edition continues its comprehensive historical empirical and theoretical overview of organized crime in Canada with numerous case studies that make the material vivid and understandable for students Incorporating new research recent Canadian cases and current enforcement structures and laws in Canada this text will give readers a broad understanding of the social political and economic forces that contribute to the continued existence of

organized crime in Canada The text examines new trends and developments that have affected organized crime since the first edition including the ongoing revolution in digital communications the internet dark web the proliferation of cryptocurrency the opioid epidemic organized criminality in the time of COVID the growing power of the Ndrangheta in Ontario the fallout from the implosion of Quebec's Rizzuto mafia family and the new business model employed by the Hells Angels throughout Canada This textbook will appeal to students in criminology sociology political science and law and justice programs criminal justice professionals working in the field of organized crime enforcement and readers interested in true crime literature

Gangs in America C. Ronald Huff, 1996-08-02 The Second Edition of *Gangs in America* brings together some of the best new research on the subject After a section that addresses definitional and measurement issues the book presents an assessment of behavioural ecological and socioeconomic dimensions of gangs a discussion of important ethnic and gender factors and findings concerning the reciprocal relationship between research and community experience with gangs *Canadian Book Review Annual*, 1991

Yearbook of Transnational History Thomas Adam, 2019-07-19 The *Yearbook of Transnational History* is dedicated to disseminating pioneering research in the field of transnational history This second volume provides readers with articles on topics such as transnational marriages exile soccer and missionaries as well as on the campaigns in Communist countries for freeing the American civil rights activist Angela Davis These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations connections and spaces created by these movements The articles in this volume explore interconnected historical phenomena in Asia North and South America and Europe from the late seventeenth century to the late twentieth century These articles make clear that historical phenomena such as soccer and exile cannot be contained and explained within just one national setting This volume also offers a theoretical article that provides insights into the concept of intercultural transfer studies and its relationship to comparative and global history and an article that surveys the state of research in the field of transnational crime

Dark Logic Robert Mandel, 2011 This book constitutes the first major study showing 1 when transnational organized crime is likely to use corruption and violence tactics 2 when transnational criminal activities most affect individual and state security and 3 when the negative consequences of these tactics and activities can be most successfully combated

Global Organized Crime Mitchel P. Roth, 2010-05-05 This book offers a comprehensive multidimensional look into the major activities groups causes and policing strategies related to global organized crime *Global Organized Crime A Reference Handbook* examines global organized crime dating back to its 17th century roots Unlike most works on the subject which take a parochial approach by concentrating on individual countries or regions this book uniquely details the impact of 21st century globalization on such groups and their activities Exploring the continuum of international organized crime and related developments from its early beginnings to the present era the book also looks at the complicated issues that continue to influence its growth It covers the impact of the end of the Cold War immigration the global drug trade

weapons sales human smuggling and trafficking the convergence of funding sources and the effects of technology What especially distinguishes this book is the connections it makes between organized crime activities and failed states civil wars political transitions regional conflicts and terrorist groups *Mafia Informants* Larry J. Hausner, Ron Haggett, 2024-05-23

For many years the FBI led by J Edgar Hoover ignored organized crime as the Bureau regarded local law enforcement as best equipped to handle it That changed when Attorney General Robert F Kennedy in the 1960s and New York City s Rudy Giuliani in the 1980s pursued eradication of the Mafia In this book readers are introduced to several characters in the American Mafia known as rats in the criminal world whose cooperation with law enforcement resulted in the arrest of Mafia members across the country Short biographies of each informant detail their crimes and deals made to stay alive or reduce lengthy prison sentences FBI and CIA records released in 2017 and books written by the criminals themselves reveal why previously loyal Mafia members and associates became informants Most of the criminals written about are dead a few are presumed to be alive and in the witness protection program *Organized Crime in America* United States. Congress. Senate. Committee on the Judiciary, 1983

Gangs and Organized Crime George W. Knox, Gregg Etter, Carter F. Smith, 2018-07-04 In *Gangs and Organized Crime* George W Knox Gregg W Etter and Carter F Smith offer an informed and carefully investigated examination of gangs and organized crime groups covering street gangs prison gangs outlaw motorcycle gangs and organized crime groups from every continent The authors have spent decades investigating gangs as well as researching their history and activities and this dual professional academic perspective informs their analysis of gangs and crime groups They take a multidisciplinary approach that combines criminal justice public policy and administration law organizational behavior sociology psychology and urban planning perspectives to provide insight into the actions and interactions of a variety of groups and their members This textbook is ideal for criminal justice and sociology courses on gangs as well as related course topics like gang behavior gang crime and the inner city organized crime families and transnational criminal groups *Gangs and Organized Crime* is also an excellent addition to the professional s reference library or primer for the general reader More information is available at the supporting website www.gangsandorganizedcrime.com

Threat to U.S. Trade and Finance from Drug Trafficking and International Organized Crime United States. Congress. Senate. Committee on Finance. Subcommittee on International Trade, 1997

Organized Crime Klaus von Lampe, 2015-07-16 2016 Outstanding Publication Award The International Association for the Study of Organized Crime *Organized Crime Analyzing Illegal Activities Criminal Structures and Extra legal Governance* provides a systematic overview of the processes and structures commonly labeled organized crime drawing on the pertinent empirical and theoretical literature primarily from North America Europe and Australia The main emphasis is placed on a comprehensive classificatory scheme that highlights underlying patterns and dynamics rather than particular historical manifestations of organized crime Esteemed author Klaus von Lampe strategically breaks the book down into three key

dimensions 1 illegal activities 2 patterns of interpersonal relations that are directly or indirectly supporting these illegal activities and 3 overarching illegal power structures that regulate and control these illegal activities and also extend their influence into the legal spheres of society Within this framework numerous case studies and topical issues from a variety of countries illustrate meaningful application of the conceptual and theoretical discussion Threat to U. S. Trade and Finance from Drug Trafficking and International Organized Crime Charles E. Grassley,1999-07 Joint Senate hearing on how international drug traffickers launder their money by using American financial institutions Witnesses Senators Charles Grassley Phil Gramm Frank Murkowski Bob Graham Alfonse D Amato and Pete Domenici Jonathan Winer Deputy Asst Sec of State for International Narcotics and Law Enforcement Affairs Stanley Morris Financial Crimes Enforcement Network Dept of the Treasury George Weise Commissioner U S Customs Service Jeffrey Lang Deputy U S Trade Rep Alan Abel Coopers and Lybrand L L P Robert Leiken New Moment Inc and Michael Miles The Miles Group Inc *Uncertain Security* Christopher J. Ulrich,Timo A. Kivimäki,2002 This work is an expanded and revised version of a research publication Transnational risks and internal security in the Baltic Area and Post Soviet Russia that was written by the authors and published by the Police College of Finland in Espoo Finland in October 1998 **Counterterrorism and Cybersecurity** Newton Lee,2015-04-07 From 9 11 to Charlie Hebdo along with Sony pocalypse and DARPA s 2 million Cyber Grand Challenge this book examines counterterrorism and cyber security history strategies and technologies from a thought provoking approach that encompasses personal experiences investigative journalism historical and current events ideas from thought leaders and the make believe of Hollywood such as 24 Homeland and The Americans President Barack Obama also said in his 2015 State of the Union address We are making sure our government integrates intelligence to combat cyber threats just as we have done to combat terrorism In this new edition there are seven completely new chapters including three new contributed chapters by healthcare chief information security officer Ray Balut and Jean C Stanford DEF CON speaker Philip Polstra and security engineer and Black Hat speaker Darren Manners as well as new commentaries by communications expert Andy Marken and DEF CON speaker Emily Peed The book offers practical advice for businesses governments and individuals to better secure the world and protect cyberspace

Adopting the Tune of Appearance: An Mental Symphony within **Good Guy Bad Guy Drugs And The Changing Face Of Organized Crime**

In a global used by screens and the ceaseless chatter of instantaneous communication, the melodic beauty and emotional symphony created by the written word often disappear into the background, eclipsed by the relentless sound and distractions that permeate our lives. Nevertheless, located within the pages of **Good Guy Bad Guy Drugs And The Changing Face Of Organized Crime** a marvelous literary prize brimming with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this captivating masterpiece conducts viewers on an emotional trip, skillfully unraveling the concealed melodies and profound influence resonating within each carefully crafted phrase. Within the depths of this poignant examination, we can investigate the book is central harmonies, analyze their enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
