

A Reflection:

My successes are not only mine. They are the reflection of all the people who work hard to achieve a goal, a dream, a hope. They are the reflection of all the people who work hard to strive.

My mistakes are not just my mistakes. They are the reflection of the nature and the imperfections of the human being. What people think, say or feel about me is also a reflection. A reflection of what they carry inside, a reflection of their feelings and their thoughts.

The way I treat every single person, is also a reflection. A reflection of how each person treats me.

Life is a reflection. If we give hate or love that is what will be reflected in our lives.

Sometimes we don't see things as they are, we see things the way we think they are, we see a Reflection.

Daily Reflections on Divine Mercy John Paul Thomas, 2016-03-17 Daily Reflections on Divine Mercy was written to provide an awakening to the abundant Mercy of God It offers daily reflections and prayers to help deepen the day to day faith life of every Catholic so that you can understand the abundance of Mercy poured forth from the Heart of our Savior as it is revealed in the writings of Saint Maria Faustina Kowalska Divine Mercy in My Soul Diary of Saint Maria Faustina Kowalska is soon to become a classic spiritual book that everyone is encouraged to read in their lifetime However many find this invitation intimidating not just because of the width of her book but because of the depth of its message on The Divine Mercy in each of Saint Faustina's notebook entries This book Daily Reflections on Divine Mercy was written with the hope of guiding you through Saint Faustina's Diary and her six notebooks of reflections It can be used on its own to help you pause and reflect on the beauty of Jesus messages to her or as a companion book as you simultaneously read Saint Faustina's Diary Daily Reflections on Divine Mercy offers 365 daily teachings reflections and prayers based upon the pages of Saint Faustina's Diary The structured way to use this daily reflection book is to do just that reflect upon one page each day However some may feel called to skip around a bit read a few reflections at a time or return to a particular reflection through which God spoke to you Therefore though this book was written with the intent of providing one reflection for each day of the year the best way to use it is any way you feel called and the way that benefits your relationship with God the most The first paragraph for each day offers this author's insights to the words and teachings of Saint Faustina The section of her Diary used for the day's teaching is marked so that the reader can also read her Diary first hand so as to see the primary source that the author of this book took inspiration from for that day's reflection Though the

primary text of the Diary is never quoted nor are the reflections of this book exact representations of the Diary they do provide the foundational basis for the spiritual message shared in each reflection The second paragraph for each day offers a short reflection put more as a question to the reader It offers the same insight in a different format so as to enter more deeply into the message of the day Finally each daily reflection ends with a prayer focused upon the message and reflection for that day The reader is encouraged to pray this prayer several times Ideally it is prayed first thing in the morning again during the day and again at night as an examination on how well the daily message was received As you seek to survive the world we live in allow these pages to be a font of Mercy for you from God Allow God s Divine Mercy to penetrate your heart so that you will know the abundance of His love and be more prepared to share that love with others **Reflections on**

Medical Ethics Jean-Pierre Cléro,2021-02-08 This book questions the notions of person personality dignity and other connected notions such as informed consent and discusses new perspectives on categories that allow ethical debates in medicine to overcome morals and ordinary religious schemes The book states that one has to be careful when thinking about situations in terms of notions and principles that have been obtained in similar situations Though this book is mostly philosophical it is also of great practical interest to healthcare givers It warns caregivers not to rely too much on notions such as person autonomy and consent which are supposedly firm but can be proven to be unreliable in spite of appearances Furthermore this work warns against a narrow anthropologisation of ethics which would make technophobic positions unavoidable On the contrary this book is open to robotics and offers among other things a sustained exploration of the notion of intimacy Reflections on Hoshin Planning Lisa Boisvert,2017-07-27 The conditions in which leaders apply Hoshin

Wood,2002-09-15 Over the past fifteen years associations throughout the U S have organized citizens around issues of equality and social justice often through local churches But in contrast to President Bush s vision of faith based activism in which groups deliver social services to the needy these associations do something greater Drawing on institutions of faith they reshape public policies that neglect the disadvantaged To find out how this faith based form of community organizing succeeds Richard L Wood spent several years working with two local groups in Oakland California the faith based Pacific Institute for Community Organization and the race based Center for Third World Organizing Comparing their activist techniques and achievements Wood argues that the alternative cultures and strategies of these two groups give them radically different access to community ties and social capital Creative and insightful Faith in Action shows how community activism and religious organizations can help build a more just and democratic future for all Americans Talking Texts Lesley

Learning Journey Lis Paice, 2013-03-16 Lis Paice's positivity shines through on every page of this book She writes in a beautifully simple and accessible style The book will be a tremendous introduction for those setting out on the same path as new coaches or for more experienced coaches who want to compare their journey with hers Dr John Launer Honorary Consultant and Senior Clinical Lecturer at the Tavistock Clinic London UK I love this book I've not seen a book before that uses the experience of the one who is learning rather than just telling you how to do it It will be so useful in taking away the inevitable anxiety that comes when you are about to learn a new skill and learn it in public The author's honesty about her own pitfalls will help you know what to expect and the light bulb moments that she has as she progresses will undoubtedly light up the occasional bulb for you too It might be a book about learning but it's also a book that outlines the skills of coaching in a whole new way Jenny Firth Cozens Imperial College London UK This is a marvellous record of the journey recorded by a senior doctor educationalist as she strived to gain the skills of a coach Any new coach will find it difficult to put

down as it will resonate with many of their own first reflections She is open about her mistakes from the start On her first day of coach training she had a moment of kairos and she set her goal to train to the highest level which she continues to do Dr Rebecca Viney Coaching and Mentoring Lead London Deanery UK There are many books on coaching that give advice on what coaches should do This book is different Describing herself as a self critical learner Liz traces her journey into becoming a coach telling a uniquely honest story warts and all that all of us can learn from This is like reading someone s personal reflective diary rather than a recipe book on how to coach The result is both engaging and highly illuminating David E Gray Professor of Leadership and Organisational Behaviour University of Greenwich UK You can t summarize if you haven t been listening Coach and client share the encounter not the experience The better you get the less you say The client is the hero not the coach Coaching is a skill for life This frank account of one leader s journey to become a coach is a must have for beginner coaches It will strike a chord with anyone who has been on a similar journey or has just begun professional training discovering the disappointments triumphs and surprises of learning to coach and coming to their own personal insights Lis Paice s easy conversational style and rich supply of real life examples make this an enjoyable read even for the absolute beginner The questions she raises about coaching will also stimulate reflection for experienced coaches trainers and supervisors Topics include What coaching is all about How coaching differs from other ways of helping What the role of the coach entails Getting to grips with the principles of coaching Learning by experience why the rules matter Trying out different tools and techniques Finding ways of helping the client to new perspectives and insights Avoiding complacency
