Two Years in St. Andrews George Peper, 2008-06-30 The Old Course at St Andrews is to golfers what St Peter's is to Catholics or the Western Wall is to Jews hallowed ground the course every golfer longs to play and master In 1983 George Peper was playing the Old Course when he hit a slice so hideous that he never found the ball But in looking for it he came across a For Sale sign on a stone town house alongside the famed eighteenth hole Two months later he and his wife Libby became the proud owners of 9A Gibson Place In 2003 Peper retired after twenty five years as the editor in chief of Golf magazine With the younger of their two sons off to college the Peper's decided to sell their house in the United States and relocate temporarily to the town house in St Andrews And so they left for the land of golf and single malt scotch haggis bagpipes television licenses and accents thicker than a North Sea fog While Libby struggled with renovating an apartment that for years had been rented to students at the local university George began his quest to break par on the Old Course Their new neighbors were friendly helpful charmingly eccentric and always serious about golf In no time George was welcomed into the local golf crowd joining the likes of Gordon Murray the man who knows everyone Sir Michael Bonallack Britain's premier amateur golfer of the last century and Wee Raymond Gatherum a magnificent shotmaker whose diminutive stature belies his skills For anyone who has ever dreamed of playing the Old Course and what golfer hasn't this book is the next best thing And for those who have had that privilege Two Years in St Andrews will revive old memories and confirm Bobby Jones's tribute If I were to set down to play on one golf course for the remainder of my life I should choose the Old Course at St Andrews

The Athenaeum ,1919 The Athenæum ,1919 **The Athenaeum** James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1919 *On the Sweet Spot* Richard Keefe,2007-11-01 Like most moments of spiritual revelation this one took place on a landfill in New Jersey A young man is standing at an unprepossessing driving range hitting balls toward a distant fence when something unusual takes place As he begins his swing he has the sensation that his club is drawing itself back on its own when it is ready it starts downward makes perfect contact and the ball soars off in the right to left arc he d imagined hitting the exact fencepost he d been aiming at from 250 yards away He steps back and wonders if he can do it again He feels like an observer as the swing begins itself and resolves itself after perfect contact with the waiting ball which again smacks against the distant post He has for however brief a time entered the zone Everyone who plays a sport knows that fleeting ineffable sensation of everything falling into place The pitched baseball looks as big as a grapefruit the basket looks as wide as a trash can the players around you are moving in slow motion But as Richard Keefe the director of the sport psychology program at Duke University looked deeper into the nature of his experience he found profound links to the spirit the brain perhaps even the soul Keefe recognized that the feeling golfers and other athletes have of being in the zone is basically the same as a meditative state And as a researcher with experience in brain chemistry he went one step further If we can figure out what s happening in the brain at such times he reasons we can learn how to get into that zone instead of just waiting for it to happen This is the Holy Grail of sport psychology teaching the mind to get out of the way so the body can do the things it s capable of doing Keefe calls it the effortless present when the

body is acting of its own accord while the brain has little to do but watch All religions describe some kind of heightened awareness in their disciplines Keefe explores whether such mystical experience is a fundamental aspect of our evolution an integral part of what makes us human and keeps us from despair And he brings the discussion back to the applications of such knowledge reflecting on our ability to use these alternate planes to achieve better relationships better lives better moments Keefe s true subject is extraordinary experience being in the zone in the realm of effortless action On the Sweet Spot builds from the physical and neurological to the mystical and philosophical then adds a crucial layer of the practical how we can capture or recapture these wondrous states It is a work in the proud tradition of The Sweet Spot in Time Flow The Psychology of Optimal Experience and How the Mind Works
