HOW TO WRITE YOUR BOOK F. Barish-Stern, Bobbi Madry, 2018-08-12 *HOW TO WRITE YOUR BOOK* From an Idea to your Finished Story as narrated by The Three Wise Writing Guides is a journey into the exciting world of writing A writing guide can be very dry and boring but How to Write Your Book takes the reader on a journey with our three guides the Writer Ms Iwanna B Writer the Editor Ms Edi Tor and the Publisher Mr I M Publisher Each guide provides writing tools designed to help anyone who wants to write from the novice to the published author This book was developed as a direct result of the

authors years of experience as editors and publishers and also as published authors From our writing workshops and interactive seminars we gained an understanding of writers specific needs We concluded that most participants were unable to take their ideas from the seedling stage to the finished story For the most part great story ideas would pop up then ultimately fizzle just from the task of getting these ideas down on paper Workshop questionnaires and writing assignments revealed that not only aspiring writers but also the more experienced could benefit from learning how to properly structure their great ideas into finished stories Once each writer could overcome their obstacles by setting realistic goals and understanding the process through the eyes of established writers editors and publishers those writers stayed on track and were motivated to complete their projects They saw the quality of their work immediately improve and were able to know how to keep writing what to do next and even how to overcome the road blocks When these writers followed our step by step process they were able to see their writing projects through to completion This book was also used in the actual creation of a currently published novel The Chapter Review Maps show how each of the techniques benefitted the story line in Code 47 to BREV Force and how any writer can put those tools to work for any story Madry and Barish Stern filled this book with their writing journeys as authors of numerous books in many different genre as editors of hundreds of books from their experiences with publishing unknown authors They also were able to see the issues from a cross section of writers garnered from years of teaching classes How to Write Your Book is a fun exciting interesting and educational way to achieve your dream of writing a book from an idea to your published story
