Gospel And The Zodiac The Secret Truth About Jesus:

The Gospel & the Zodiac Bill Darlison,2008-02-14 Darlison elucidates the zodiac s significant place in the Gospels most specifically in the Book of Mark An intriguing leap into faith Kirkus Reviews For millennia the world has been driven by the differences between the great patriarchal religions Western civilization or Christendom as it was once called received its values and its confidence from a belief in God the Father and Jesus his only son But what if this conviction were founded on an error Who is the man in the factually inconsistent Gospel stories And who is the man who makes a brief appearance carrying a jar of water This extraordinary study by a Unitarian minister suggests that Jesus never existed historically he was simply a representation of an astrological theology a representation simply put of the zodiac sign of Aquarius In The Gospel the Zodiac Rev Bill Darlison demonstrates that all the other signs are present too in perfect zodiacal order The Gospel story is not the product of historians or eyewitnesses but an older mystical text produced by an ancient esoteric school as a guide to the Age of Pisces Every bit as revelatory and controversial as it sounds The Gospel the Zodiac will shake up the religious status quo and in doing so provide both a new look at a religious icon and a deeper understanding of the faith that binds millions together Darlison begins by looking at different scholarly approaches to the gospels then outlines his astrological interpretation logically and lucidly matching the zodiacal signs to the narrative of Mark Fortean Times The Gospel and the Zodiac Bill Darlison,2007 Who was Jesus Christ Did he exist Western civilization got its values and its confidence from a belief in God the father and Jesus his only son But what if this conviction were founded on an error This study suggests that Jesus never existed historically he was in fact a representation of the zodiac sign Aquarius *The True Origins of Jesus* Colm Holland,2022-12-09 *The True Origins of Jesus* by Geoff Roberts will save you years of research by giving the answers your inquiring mind is thirsting for It bridges the gap between truth and myth with a common sense that is difficult to find these days in discourses about Jesus Dean Wilkinson Founder of Epochwork com With all the evidence compiled in this book including some which has only come to light relatively recently you can draw your own conclusions from a story which will look very different to the one you learned at school Was Jesus Christ a mythical figure who was never intended by the early founders of the religion to be a walking talking historical person By examining the earliest historical sources referred to in this book with an open mind you will be free to decide who Jesus is for you today The Anunnaki Connection Heather Lynn,2020-03-01 This definitive guide connects a diverse range of new and existing theories about the Anunnaki while exploring their possible connection to humanity s past present and future Over 6 000 years ago the world s first civilization the Sumerians were recording stories of strange celestial gods who they believed came from the heavens to create mankind These gods known as the Anunnaki are often neglected by mainstream historians The Sumerians themselves are so puzzling scholars have described their origin as The Sumerian Problem With so little taught about the ancient Sumerians in our history books alternative theories have emerged This has led many to wonder about the true story behind the Sumerians and

their otherworldly gods the Anunnaki Lynn traces the evolution of these Mesopotamian gods throughout the Ancient Near East analyzing the religion myth art and symbolism of the Sumerians investigating Who are the Anunnaki How accurate are the current Sumerian text translations and how do we know for sure who to believe Is there a connection between the Anunnaki and other ancient gods Where are the Anunnaki now Will their possible return spell the end of our world **A**

Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease The Astrotheological Origins of the Mithraic Mysteries, Judaism and Christianity S Grey,2012-03-21 Despite its

unfortunate contemporary associations with crystal balls tarot cards and newspaper horoscopes there is nothing inherently magical or superstitious about the zodiac It is merely a belt of constellations which straddle the ecliptic Since the dawn of time man has used these constellations and the celestial bodies to map both time and geography and the stories attached to these movements began to take on mythologies across the world The Greek gods Hercules Apollo and Dionysus are all examples of these solar entities This book explores the astrotheological origins of the Ancient Mediterranean and Near Eastern faiths Mithraism Judaism and Christianity It aims to show how these sisterfaiths all sought salvation through the celestial bodies and adopted the astral stories of their ancestors as the fundamental basis of their religi **This Is the Sun?: Zeitgeist and Religion (Volume I: Comparative Religion)** Albert McIlhenny,2011-12-07 The film Zeitgeist became an overnight internet sensation with its claims Christianity was based upon a pagan solar mythology This idea developed in the eighteenth century but dismissed as ridiculous by scholars has held support among anti religious and occultic thinkers and recently was popularized by conspiracy theorists In the first of a two volume critique of these ideas Albert McIlhenny takes on the claims of its best known supporters By the end of this volume the theory of astrotheology is show to be based on various historical mistakes popular in early modernity but since shown to be erroneous It is demonstrated the source of its

current support is not based upon any evidence but the wild claims of conspiracy theorists dressed up to look like scholarship
