Canada: The State of the Federation 2017 Elizabeth Goodyear-Grant,Kyle Hanniman,2019-10-16 In October 2015 the federal Liberals came to power with sweeping plans to revamp Canada s democratic and federal institutions a modernizing agenda intended to revitalize Canada s democratic architecture The centrepiece of the agenda was the replacement of Canada s first past the post electoral system but they also promised to revitalize relations with the provinces bring Indigenous Peoples into the intergovernmental fold and to change the ways in which senators and Supreme Court justices are appointed How has the reform agenda fared Has it resulted in a more effective and democratic set of political and federal institutions Or has it largely failed to deliver on these objectives What more broadly is the state of Canada s democratic and federal institutions The Queen s Institute of Intergovernmental Relations used the occasion of Canada s 150th birthday to examine these pressing issues The 2017 volume in the State of the Federation series focuses on enduring questions about the functioning of

federalism and intergovernmental relations in Canada including how we should evaluate the quality of Canada's institutions and practices in light of our federal structure and how current institutional arrangements and their possible alternatives fare according to these criteria

Canada is Not Back Jocelyn Coulon, 2019-04-30 In October 2015 Canadians elected a prime minister who promised to rehabilitate Canada's reputation globally Justin Trudeau the free world's best hope according to Rolling Stone Magazine cultivated his image as a staunch advocate for a generous liberal international order maintaining peace helping migrants and refugees seeking dialogue and enhancing relations with other countries and reengagement with the UN Foreign affairs expert Jocelyn Coulon had a front row seat as a key Liberal party advisor during the election and early days of the Trudeau government Coulon describes the ambitious policy proposals of candidate Trudeau He analyses some key actions of Trudeau the prime minister What he sees is more of the same approach that came from the ten years of Harper government Coulon focuses on the Trudeau campaign to win a UN Security Council seat in 2020 a campaign he sees as doomed to failure He describes how an election commitment to re-engage Canadian forces in peacekeeping yielded a carefully developed plan to send troops to Africa which Trudeau and his closest advisors killed at the last minute In other areas like relations with China the United States and Russia looking good in the media triumphs over careful policy making to advance Canadian interests Readers interested in Justin Trudeau's approach to international affairs will find this a timely engaging and revealing book

Canada 1919 Tim Cook, J.L. Granatstein, 2020-06-15 With compelling insight *Canada 1919* examines the year following the Great War as the survivors attempted to right the country and chart a path into the future Veterans returned home full of both sorrow and pride in their accomplishments wondering what would they do and how they would fit in with their families The military stumbled through massive demobilization The government struggled to hang on to power And a new Canadian nationalism was forged This book offers a fresh perspective on the concerns of the time the treatment of veterans including nurses and Indigenous soldiers the place of children the influenza pandemic the rising farm lobby the role of labour Canada's international standing and commemoration of the fallen *Canada 1919* exposes the ways in which war shaped and changed Canada and the ways it did not

Ecology and Management of Blackbirds (Icteridae) in North America George M. Linz, Michael L. Avery, Richard A. Dolbeer, 2017-09-19 Shortlisted for the 2018 TWS Wildlife Publication Awards in the edited book category. The various species of new world blackbirds often intermingled in large foraging flocks and nighttime roosts collectively number in the hundreds of millions and are a dominant component of the natural and agricultural avifauna in North America today. Because of their abundance, conspicuous flocking behavior and feeding habits, these species have often been in conflict with human endeavors. The pioneering publications on blackbirds were by F. E. L. Beal in 1900 and A. A. Allen in 1914. These seminal treatises laid the foundation for more than 1,000 descriptive and experimental studies on the life histories of blackbirds as well as their ecology and management in relation to agricultural damage and other conflicts such as caused by large winter roosting congregations. The wealth of information generated in over a century of research is found in disparate outlets that include government reports, conference proceedings, peer-reviewed journals, monographs, and books. For the first time, *Ecology and Management of Blackbirds (Icteridae) in North America* summarizes and synthesizes this vast body of information on the biology and life histories of blackbirds and their conflicts with humans into a single volume for researchers, wildlife managers, agriculturists, disease biologists, ornithologists, policy makers, and the public. The book reviews the life histories of red-winged blackbirds, yellow-headed blackbirds, common grackles, and brown-headed cowbirds. It provides in-depth coverage of the functional roles of blackbirds in natural and agricultural ecosystems. In doing so, this authoritative reference promotes the development of improved science-based integrated management strategies to address conflicts when resolutions are needed.

Aspiring in Later Life Megha Amrith,Victoria K. Sakti,Dora Sampaio,2023-07-14 In our highly interconnected and globalized world people often pursue their aspirations in multiple places Yet in public and scholarly debates aspirations are often seen as the realm of younger mobile generations since they are assumed to hold the greatest potential for shaping the future This volume flips this perspective on its head by exploring how aspirations are constructed from the vantage point of later life and shows how they are pursued across time space and generations The aspirations of older people are diverse and relate not only to aging itself but also to planning the next generation s future preparing an ideal retirement searching for intimacy and self realization and confronting death and afterlives Aspiring in Later Life brings together rich ethnographic cases from different regions of the world offering original insights into how aspirations shift over the course of life and how they are pursued in contexts of translocal mobility This book is also freely available online as an open access digital edition Download the open access book here

Governing Complexity in the Arctic Region Mathieu Landriault,Andrew Chater,Elana Wilson Rowe,P. Whitney Lackenbauer,2019-10-28 This book examines emerging forms of governance in the Arctic region exploring how different types of state and non state actors promote and support rules and standards The authors argue that confining our understandings of Arctic governance to Arctic states and a focus on the Arctic Council as the primary site of circumpolar governance provides an incomplete picture Instead they embrace the complexity of governance in the Arctic by systematically analyzing and comparing the position interventions and influence of different actor groups seeking to shape Arctic political and economic outcomes in multiple sites of Arctic politics both formal and informal This book assesses the potential that sub national governments corporations civil society organizations Indigenous peoples and non Arctic states possess to develop norms and standards to ensure a stable rule based Arctic region It will be of interest to all scholars and students working in the fields of Arctic Sovereignty Security Studies Global Governance and International Political Economy
