

It Was The War Of The Trenches

Adam D. Zientek

It Was The War Of The Trenches:

It Was the War of the Trenches Jacques Tardi, 2010-04-06 World War I has long been an obsession of Jacques Tardi's. His very first rejected comics story dealt with the subject as does his most recent work the two volume *Putain de Guerre*. But *It Was the War of the Trenches* is Tardi's defining masterful statement on the subject. Tardi is not interested in the national politics, the strategies or the battles. He focuses on the day to day of the grunts in the trenches and with icy controlled fury and disgust with sardonic yet deeply sympathetic narration he brings that existence alive as no one has before or since. Yet he also delves deeply into the underlying causes of the war: the madness, the cynical political exploitation of patriotism. And in a final heartbreaking coda Tardi grimly itemizes the ghastly human cost of the war and lays out the future 20th century conflicts all of which seem to spring from this global burst of insanity. *Trenches* features some of Tardi's most stunning artwork. Rendered in a lush illustrative style inspired both by abundant photographic documentation and classic American war comics, augmented by a sophisticated gorgeous use of Craftint tones, *Trenches* is somehow simultaneously atypical for the artist and a perfect encapsulation of Tardi's mature style. It is the indisputable centerpiece of Tardi's oeuvre.

The War in the Trenches Alan Lloyd, 2001-11-01 The war fought on the Western Front between 1914 and 1918 has no precedent in history. It was a war between two stubborn enemies each dug into the wet earth of Northern France and Belgium and facing each other across a merciless no man's land. In a single day of trench warfare the British lost more men than their battle casualties of the Crimean and Boer wars combined and far more than their worst losses for any day in World War II.

War in the Trenches Peter Hicks, 2014 *War in the Trenches* Stewart Ross, 1990 Studies the campaigns, tactics and weapons of trench warfare on the Western Front. Describes the everyday lives of soldiers in the trenches and gives brief biographies of leading generals and politicians.

The Great War from the German Trenches Artur H. Boer, 2016-09-16 Life in the trenches for German soldiers during World War I was every bit as hellish as it was for Allied troops. Arthur Boer survived almost four years of continual fighting on both the Eastern and Western fronts as a sapper, combat engineer who found himself in the thick of major battles. He laid barbed wire in no man's land under machine gun fire, bet money on aerial combat above the trenches between Baron von Richthofen and the English, faced starvation and crushing boredom. His war diary describes all in gritty detail including the horror of gas warfare, doomed vain glorious charges and his return home to a ruined Germany.

Why Did It Have To Be Snakes Lois H. Gresh, Robert Weinberg, 2008-04-21 Explores the scientific, historical and cultural facts behind the Indiana Jones movies, discussing real life archeologists and their adventures, the uses of bullwhips and the connection between Nazis and the occult.

Dickinson's Nerves, Frost's Woods William Logan, 2018-06-05 In *Dickinson's Nerves, Frost's Woods* William Logan, the noted and often controversial critic of contemporary poetry, returns to some of the greatest poems in English literature. He reveals what we may not have seen before and what his critical eye can do with what he loves. In essays that pair different poems: *Ozymandias*, *On First Looking Into Chapman's Homer*, *In a Station of the Metro*

The Red Wheelbarrow After great pain a formal feeling comes and Stopping by Woods on a Snowy Evening among others Logan reconciles history and poetry to provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays Logan presents the poetry of the past through the lens of the past attempting to bring poems back to the world in which they were made Logan s criticism is informed by the material culture of that world whether postal deliveries in Regency London the Metro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet s daily existence lets us read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet s life and the shadow of the age *A Thirst for Wine and War* Adam D. Zientek, 2024-02-13

Beginning in the fall of 1914 every French soldier on the Western Front received a daily ration of wine from the army At first it was a modest quarter litre but by 1917 it had increased to the equivalent of a full bottle each day The wine ration was intended to sustain morale in the trenches making the men more willing to endure suffering and boredom The army also supplied soldiers with doses of distilled alcohol just before attacks to increase their ferocity and fearlessness This strategic distribution of alcohol was a defining feature of French soldiers experiences of the war and amounted to an experimental policy of intoxicating soldiers for military ends *A Thirst for Wine and War* explores the French army s emotional and behavioural conditioning of soldiers through the distribution of a mind altering drug that was later hailed as one of the army s fathers of victory The daily wine ration arose from an unexpected set of factors including the demoralization of trench warfare the wine industry s fear of losing its main consumers and medical consensus about the benefits of wine drinking The army s related practice of distributing distilled alcohol to embolden soldiers was a double edged sword as the men might become unruly The army implemented regulations and surveillance networks to curb men s drinking behind the lines in an attempt to ensure they only drank when it was useful to the war effort When morale collapsed in spring 1917 the army lost control of this precarious system as drunken soldiers mutinied in the thousands Discipline was restored only when the army regained command of soldiers alcohol consumption Drawing on a range of archives personal narratives and trench journals *A Thirst for Wine and War* shows how the French army s intoxication of its soldiers constituted a unique exercise of biopower deployed on a mass scale *War and the Environment* Charles E. Closmann, 2009-09-14 In recent times the devastation occurring in places like Darfur has focused the world s attention on the intertwined relationship of military conflict and the environment and the attendant human suffering In *War and the Environment* eleven scholars explore among other topics the environmental ravages of trench warfare in World War I the exploitation of Philippine forests for military purposes from the Spanish colonial period through 1945 William Tecumseh Sherman s scorched earth tactics during his 1864 65 March to the Sea and the effects of wartime policy upon U S and German conservation practices during World War II **The Medical Dept. of the U.S. Army in the World War** United States.
