Trollope's Barsetshire series of novels Anson has dealt already with the revival of the religious life for men and women within the Anglican Communion in *The Benedictines of Caldey* 1940 *The Call of the Cloister* 1955 and *Abbot Extraordinary* 1958 In his latest book he concentrates on Father Ignatius of Jesus Abbot Aelred Carlyle and Father Hopkins each of whom tried to restore Benedictine monastic life in the post Reformation Church of England Much new material has been discovered in recent years that debunks more than one lovely legend The octogenarian author has not been afraid to disclose many facts which some readers may feel ought to have been kept hidden for they are not exactly edifying The entire book might be summed up in Lord Byron's words 'Tis strange but true for truth is always stranger than fiction' *Gardeners' Chronicle and Agricultural Gazette*, 1843

Blackout Antonia Caroline Lant, 2014-07-14 The most universal civilian privation in World War II Britain the blackout possessed many symbolic meanings Among its complicated implications for filmmakers was a stigmatization of film spectacle including the display of Hollywood women whose extravagant appearance connoted at best unpatriotic wastefulness and at worst collaboration with the enemy Exploring the wartime breakdown of conventional gender roles on the screen and in the audience Antonia Lant demonstrates that many British films of the period signaled their national cinematic identity by diverging from the notion of the Hollywood star the mainstay of commercial American motion pictures replacing her with a deglamourized mobilized heroine Nevertheless the war machine demanded that British films continue to celebrate stable and reassuring gender roles Contradictions abounded both within film narratives and between narrative and real life Analyzing films of all the major wartime studios the author scrutinizes the efforts of realist and melodramatic texts to confront women s wartime experiences including conscription By combining study of contemporary posters advertisements propaganda notices and cartoons with consideration of recent feminist theoretical work on the cinema spectatorship and history she has produced the first book to examine the relationships among gender cinema and nationality as they are affected by the stresses of war Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Encyclopedia of New Year's Holidays Worldwide* William D.
