In the Light of Humane Nature Arthur B. Weissman,2018-10-01 This engaging book encourages us to tap into humanity's highest ideals to solve environmental and social problems and become better people in the process Despite significant progress in recent decades the environmental crisis is far from over We know what needs to change but we don't seem to

know economically politically or socially how to stop the juggernaut of destructive development and resource depletion. Something continues to undermine our efforts to become a truly sustainable society. This book highlights the positive accomplishments we have made recently in greening the economy but also exposes the underlying causes of our continued march toward disaster. A seasoned environmental professional, Arthur Weissman, argues that what causes our environmental problems and stymies solutions ultimately relates to human values and our attitudes toward the world around us, including other humans, other species, and nature as a whole. We will attain our true relationship with nature only when we embrace the highest human values. In *In the Light of Humane Nature*, Weissman weaves personal narrative and autobiographical details with professional and philosophical discourse. Weissman sticks to essential concepts we can all comprehend and presents the changes we need to make in our moral and aesthetic outlooks to connect with our highest human values so that we may achieve a sustainable and humane world.

Smart Shopping Jeanne Nagle, 2008-08-15 Offers tips for how to shop both smart and green.

The New Rules of Green Marketing Jacquelyn A. Ottman, 2011-02-07 Green products have been around since the 1970s but it's only in recent years that they've become ubiquitous. That's because savvy green marketers are no longer targeting deep green consumers with a save the planet pitch. Instead, they're promoting the added value their products provide: better health, superior performance, good taste, or cost effectiveness. In this innovative book, Ottman argues that emphasizing primary benefits is critical to winning over the mainstream consumer. Drawing on the latest poll data and incorporating lessons learned from her clients and other leading sustainable brands including GE, Nike, Method, Starbucks, Timberland, HP, NatureWorks, Procter & Gamble, Stonyfield Farm, and Wal-Mart, Ottman provides practical strategies, tools, and inspiration for building every aspect of a credible value-based green marketing strategy. She covers such topics as spurring innovation through a proactive approach to sustainability; developing products that are green throughout their life cycle; communicating credibly to avoid accusations of greenwashing; teaming up with stakeholders to maximize outreach to consumers; taking advantage of social media; and much more. *The New Rules of Green Marketing* captures the best of Ottman's two previous groundbreaking books on green marketing and places it within a 21st Century context. Focusing on a new generation of marketers who likely grew up with an appreciation for sustainability, it provides in one place essential strategies, tools, and inspiration for connecting effectively with mainstream consumers.

Its Easy Being Green A Handbook For Earth Friendly Living Introduction

In today's digital age, the availability of *Its Easy Being Green A Handbook For Earth Friendly Living* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Its Easy Being Green A Handbook For Earth Friendly Living* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Its Easy Being Green A Handbook For Earth Friendly Living* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Its Easy Being Green A Handbook For Earth Friendly Living* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Its Easy Being Green A Handbook For Earth Friendly Living* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Its Easy Being Green A Handbook For Earth Friendly Living* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks.
