I've Decided to Live 120 Years Ilchi Lee, 2017-11-06 The Ancient Secret to Longevity Vitality and Life Transformation

I've Decided Fraser Kennedy, 2015-12-03 Life with a degenerative disease that sends you on a downward spiral must be a miserable existence How could it not be In this short and powerful book one man's journey from healthy child to profoundly disabled adult demonstrates that this need not necessarily be the case In sharing Fraser's story the authors invite you to take a step back and consider why we do what we do in life His stories and insights will have you laughing wincing with embarrassment and on occasion gasping in admiration What started out as a fundraiser for a piece of sports equipment turned into a reflective adventure which gave everyone involved pause for thought not least Fraser himself One thing Fraser won't have you doing is crying with sympathy As he explains to do so doesn't represent joined up thinking Sickness and death is a part of everyone's life It's what we do in the intervening time that matters Fraser's stories as you'll see give us all something to think about The principle lesson is to see and grab opportunities This doesn't require the use of your body but your mind and the minds of those around you

Suicide: a Permanent Decision to a Passing Problem Joseluis Canales, 2013-09-03 Actually suicidal persons don't want to die they just want to stop living the way they have been up to now People who suffer intensely and think about taking their life are experiencing a severe depression and high degree of hopelessness and confusion which darken and limit their vision of life It is a perspective that only allows them to see death as the solution to heal the suffering their existence has become Joseluis Canales Dado reveals in this book that suicide is not the only solution to pain The text provides a searing reflection on this tragic subject while offering perspectives to overcome it This expert on psychotrauma delicately unpacks the intricacies of the act so that those with a suicidal risk can begin to heal their pain and see the life options before them options which right now seem unassailable Dado accomplishes through intelligent and thought provoking arguments an intimacy with readers who may be dealing with this life crisis to help them find an escape from the haziness and confusion enveloping them My dream my hope behind all this work is that this book falls into the hands of someone that's considering suicide as the only way out from the hell they are suffering This person may be you and perhaps by reading this book you can overcome the existential crisis you are living through and your life can go on My fantasy is that someone at suicidal risk unable to imagine that this suffering can be left behind decides to seek help Maybe just maybe this book can save one life That life may be yours and because of that and nothing else it will have been worth it to write this book Dado

I Am My Own Cause, the Third Act Charles K. Poole, 2017-10-18 Nearly ten years of life conveniently and inconveniently occurring but entirely authentic that is the journey Charles K Poole had been on and shared in times good and

bad In this third volume of his I Am My Own Cause series Poole picks up from 2010 where the second volume ended and crafts more personal insightful and inspiring stories that will make you think and make you cry but ultimately make you glad you took time to read what he has to say This third volume represents a period of even more significant change for Poole much of it painful But as he has often shown us Poole learns lessons from even the most heartbreaking events and somehow uses those lessons for the greater good And in doing so he reminds us that it is something we are capable of too Honest and written in his own irrepressible voice I Am My Own Cause The Third Act Surviving and Thriving is a fitting conclusion to this series of chapters in Pooles life but by no means is it the end Its the beginning of something new something that if he chooses to share it will continue to remind us that there is great value in being our own cause
