Jack Of Fables Vol 4 Americana:

Jack of Fables Vol. 4: Americana Bill Willingham, Matthew Sturges, 2008-12-16 Jack hits the road in search of a lost city of gold in this new collection featuring issues 17-21. Aided by his sidekicks Paul Bunyan, Humpty Dumpty, Gary the pathetic fallacy, and the mysterious Hillary Page, Jack sets in for the adventure of a lifetime.

Graphic Novels Michael Pawuk, David S. Serchay, 2017-05-30 Covering genres from adventure and fantasy to horror, science fiction, and superheroes, this guide maps the vast terrain of graphic novels, describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read-alikes. New subgenres, new authors, new artists, and new titles appear daily in the comic book and manga world, joining thousands of existing titles, some of which are very popular and well known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase and which to recommend to teen and adult readers? This updated guide is intended to help you start, update, or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic superhero comics and other classic and contemporary crime-fighter-based comics, action and adventure comics, including prehistoric heroic explorer and Far East adventure, as well as Western adventure, science fiction titles that encompass space opera, fantasy, aliens, post-apocalyptic themes, and comics with storylines revolving around computers, robots, and artificial intelligence. There are also chapters dedicated to fantasy titles, horror titles such as comics about vampires, werewolves, monsters, ghosts, and the occult, crime and mystery titles regarding detectives, police officers, junior sleuths, and true crime comics on contemporary life, covering romance, coming-of-age stories, sports, and social and political issues, humorous titles, and various nonfiction graphic novels.

Making Whiteness, Grace Elizabeth Hale, 2010-08-25 Making Whiteness is a profoundly important work that explains how and why whiteness came to be such a crucial, embattled, and distorting component of twentieth-century American identity. In intricately textured detail and with passionately mastered analysis, Grace Elizabeth Hale shows how, when faced with the active citizenship of their ex-slaves after the Civil War, white southerners re-established their dominance through a cultural system based on violence and physical separation. And in a bold and transformative analysis of the meaning of segregation for the nation as a whole, she explains how white southerners' creation of modern whiteness was beginning in the 1920s, taken up by the rest of the nation as a way of enforcing a new social hierarchy while at the same time creating the illusion of a national

egalitarian consumerist democracy By showing the very recent historical making of contemporary American whiteness and by examining how the culture of segregation in all its murderous contradictions was lived Hale makes it possible to imagine a future outside it Her vision holds out the difficult promise of a truly democratic American identity whose possibilities are no longer limited and disfigured by race **Catalog of Copyright Entries** Library of Congress. Copyright Office,1966
