Pearce, 2015-07-10 Jack Russell Terrier Training You are in for the ride of your life in training this super smart quick witted fun loving firecracker of a puppy Curious fast long winded athletic and agile are just some of what will keep you from relaxing too long during when training your Jack Russell Terrier Jack Russell Terriers are highly intelligent independent thinkers and would rather not sit in a crate or bed nor be held back with a leash or fenced in He is a freedom seeker and has this wonderful sense of living life to the fullest Always pushing limits he cares not to see or believe in He s free and he likes it this way Terrified yet Great let s use that In just a couple minutes you are going to learn a closely guarded secret about how to EASILY train your Jack Russell Terrier like a seasoned paid professional dog trainer who has twenty plus years training coaching advising and now teacher author for to teach new Jack Russell Terrier training Training your new puppy can be amazingly wonderful and satisfying for the two of you when you know what you need to know And what you need to know has NOTHING to do with where your dog poops or how to come sit stay or lay down Then followed by a Dats uh Good Boy That s the Simple Stuff You want to know the Easy Part first Confused Don t be Walk with me The Major Key to Training Your Jack Russell Terrier is How to Communicate Like a Jack Russell Terrier In order to communicate with anyone you both need to be thinking in the same language Once you got that down all the hurdles drop out of sight while your training goals appear in place of them making the dog training experience seemingly effortlessly in comparison Thinking alike comes first then follows communication So what exactly is thinking When thinking to ourselves we ask ourselves questions and answer them in our head That is what thinking is Communicating is simply thinking out loud with others by asking and answering questions with them as the Icebreaker to understanding one another This thinking and then the communication thing we do together as humans Is simple to us Humans can communicate with other humans easily and without consciously trying to speak correctly It is natural Even so if one human does not speak the other human s language frustration overrides the process difficulties loom larger and success is now unattainable Thinking like a human while speaking to a dog who is thinking like a dog well there s today s challenge It is the gap that between you and your Jack Russell Terrier success that which must be adjoined first in mutual understanding Quickest way is to learn your dog s language first Asking him to learn English first will never work because you will be asking him in human English which he does not understand to begin with Dogs are not nearly as complex in the head as we humans are And this is why we must give in to learning their language first Question is now How to speak in Jack Russell Terrier Answer It is called Dogmanship Dogmanship is the human ability to effectively communicate with your dog by learning his language and how he thinks reacts and communicates with other dogs Using this ability to communicate in the way your dog understands you fully to effectively train your dog in the easiest quickest most wonderful life changing ways imaginable Plus I decided to throw in for free my New Dog Times Jump Start
