In the process Hudson had sailed farther north than any other European before him. In 1609 working for the Dutch he had explored the Hudson River and had made a Dutch colony in America possible. Sailing from England in 1610 on what would be his most famous voyage Hudson began his search for the Northwest Passage through the Canadian Arctic. This was also his last exploration. Only a few of the men under his command lived to see England again. Hudson's expedition was one of great discovery and even greater disaster. Originally a commercial artist Thomson fell in love with the forests and lakes of Ontario's Algonquin Park and devoted himself to rendering the north country's changing seasons in a series of colourful sketches and canvases. Dividing his time between his beloved wilderness and a shack behind the Studio Building near downtown Toronto Thomson was a major inspiration to his painter friends who not long after his death went on to change the course of Canadian art as the influential and equally controversial Group of Seven **Harriet Tubman** Rosemary Sadlier, 2012-01-28 2013 Information Book Awards Long listed Harriet Tubman encouraged enslaved Africans to make the break for freedom and reinforced the potential of black freedom and
