relationship is like swimming without water This means you cannot raise a child if there is no real relationship Of course it is all about the kind of relationship which you as the adult establish towards the children This is not a partnership and our children are not our friends they are something else and more They need our adult voice but also affection and guidance in a positive i e horizon broadening security giving and also a boundary marking way This book is about the concept of inclusive parenting and teaching The 29 Rules for Smart Parenting are intended to help the reader to become more effective as parents and teachers

Religion and Ethnicity Leslie Kawamura,2006-01-01 The essays in this volume deal with the relationship between living religious traditions in Canada and the fabric of Canadian society Canada is a pluralistic society ethnically and religiously How are these two pluralisms related Their connection is intimate but never simple For many years there could plausibly have been said to be a dominant Anglo Canadian Protestant tradition with other faiths and denominations being associated primarily with ethnic minorities No doubt this would always have been a simplistic understanding but today as Canadian culture is increasing secularized it is religion itself that the majority sees as a minority concern Ethnic and religious loyalties pull together against a secular assimilation Such a change leaves the establishment denominations with an unwanted identity crisis of their own not the least part of which is due to an unfamiliar awareness of their own ethnic roots and histories
