decision making industry academia innovation and market *Emerging Markets from a Multidisciplinary Perspective*
Yogesh K. Dwivedi, Nripendra P. Rana, Emma L. Slade, Mahmud A. Shareef, Marc Clement, Antonis C. Simintiras, Banita Lal, 2018-04-11 This book examines prominent issues in the Emerging Markets EM from a variety of disciplines in order to make useful societal contributions through knowledge exchange EMs offer enormous opportunities but realizing them is both challenging and risky due to inherent uncertainties of such markets EMs also have unique characteristics that makes them different from developed countries This causes implications for both theory and practice These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world This book investigates problems specific to emerging markets and identifies new theoretical constructs hypotheses re development and emphasizes institutional contexts The chapters in this book establish new conceptual and theoretical paradigms from multidisciplinary perspectives concentrated in the areas of information systems electronic government and digital and social media matters The book focuses on topics in these areas such as digital enterprises sustainability telemedicine and Information Communication Technology ICT and surveys the potential challenges and opportunities that may arise These concepts and topics covered in this book are vital for making the global economy more equitable and sustainable Border Crossings
Yves Gambier, Luc van Doorslaer, 2016-09-14 For decades Translation Studies has been perceived not merely as a discipline but rather as an interdiscipline a trans disciplinary field operating across a number of boundaries This has implied and still implies a considerable amount of interaction with other disciplines There is often much more awareness of and attention to translation and Translation Studies than many translation scholars are aware of This volume crosses the boundaries to other disciplines and explicitly sets up dialogic formats every chapter is co authored both by a specialist from Translation Studies and a scholar from another discipline with a special interest in translation Sixteen disciplinary dialogues about and around translation are the result sometimes with expected partners such as scholars from Computational Linguistics History and Comparative Literature but sometimes also with less expected interlocutors such as scholars from Biosemiotics Game Localization Research and Gender Studies The volume not only challenges the boundaries of Translation Studies but also raises issues such as the institutional division of disciplines the cross fertilization of a given field the trends and turns within an interdiscipline **Localization in Translation** Miguel A. Jiménez-Crespo, 2024-05-31 Localization is everywhere in our digital world from apps to websites or games Our interconnected digital world functions in part thanks to invisible localization processes that allow global users to engage with all sorts of digital content and products This textbook presents a comprehensive overview of the main theoretical practical and methodological issues related to localization the technological textual communicative and cognitive process by which interactive digital texts are prepared to be used in contexts other than those of production Localization in Translation provides an interdisciplinary introduction to the main practical and theoretical issues involved in localizing software web video games and apps It discusses the many technological cultural linguistic

quality economic accessibility and user reception issues related to the different localization types It also provides an updated overview of localization in an ever changing technological landscape marked by advances in neural machine translation and AI Each chapter includes a basic summary key questions a final section with discussion and assignments as well as additional readings Online resources with additional questions and assignments are included on the Routledge Translation Studies portal This is the essential textbook for advanced undergraduates and graduates in translation studies and translation professionals engaged in localization practice

Mobile Marketing Channel Mahmud Akhter Shareef, Yogesh K. Dwivedi, Vinod Kumar, 2016-04-23 This book attempts to address explore and conceptualize the epistemological paradigms of SMS as an alternative marketing channel or in combination with other existing traditional channels It promotes a multichannel strategy in the light of synthesized marketing distribution consumer behavior and information and communication technology ICT related behavioral theory to develop establish and launch a guiding theory and practice for this emerging area Usage of mobile phones and hand held wireless devices is growing and diffusing so quickly that 21st century marketing managers find a great potential for this wireless channel to be the most effective media for maintaining a consumer relationship that provides the highest quality service The emergence of SMS based direct marketing as a distinct channel or embedded with other channels is characterized by several issues challenges barriers and limitations This book examines and postulates the following interrelated issues related to wireless marketing particularly the SMS based marketing channel i Consumer behavior for mobile phone SMS perception exposure and attention ii Consumer attitudes toward SMS based marketing channels iii The scope of SMS to meet consumer service output demands from an online channel iv Consumer selection criteria for mobile phone SMS channel structure v Mobile channel structure as an efficient and effective consumer interaction mode and vi Consumer multichannel behavior It is important to use the SMS based mobile channel as a radical tool of interactive marketing and seamless service marketing as there is the opportunity to maximize until now unutilized benefits of this efficient and popular direct marketing channel

Global Observations of the Influence of Culture on Consumer Buying Behavior Sarma, Sarmistha, 2017-07-13 Positive consumerism is the backbone to a strong economy Examining the relationship between culture and marketing can provide companies with the data they need to expand their reach and increase their profits Global Observations of the Influence of Culture on Consumer Buying Behavior is an in depth scholarly resource that discusses how marketing practices can be influenced by cultural preferences Featuring an array of relevant topics including societal environments cultural stereotyping brand loyalty and marketing semiotics this publication is ideal for CEOs business managers professionals and researchers that are interested in studying alternative factors that impact the marketing field

The Routledge Handbook of Translation and Globalization Esperança Bielsa, Dionysios Kapsaskis, 2020-12-30 This is the first handbook to provide a comprehensive coverage of the main approaches that theorize

translation and globalization offering a wide ranging selection of chapters dealing with substantive areas of research The handbook investigates the many ways in which translation both enables globalization and is inevitably transformed by it Taking a genuinely interdisciplinary approach the authors are leading researchers drawn from the social sciences as well as from translation studies The chapters cover major areas of current interdisciplinary interest including climate change migration borders democracy and human rights as well as key topics in the discipline of translation studies This handbook also highlights the increasing significance of translation in the most pressing social economic and political issues of our time while accounting for the new technologies and practices that are currently deployed to cope with growing translation demands With five sections covering key concepts people culture economics and politics and a substantial introduction and conclusion this handbook is an indispensable resource for students and researchers of translation and globalization within translation and interpreting studies comparative literature sociology global studies cultural studies and related areas *The Routledge Companion to Global Television* Shawn Shimpach, 2019-10-29 Featuring scholarly perspectives from around the globe and drawing on a legacy of television studies but with an eye toward the future this authoritative collection examines both the thoroughly global nature of television and the multiple and varied experiences that constitute television in the twenty first century Companion chapters include original essays by some of the leading scholars of television studies as well as emerging voices engaging television on six continents offering readers a truly global range of perspectives The volume features multidisciplinary analyses that offer models and guides for the study of global television with approaches focused on the theories audiences content culture and institutions of television A wide array of examples and case studies engage the transforming practices technologies systems and texts constituting television around the world today providing readers with a contemporary and multi faceted perspective In this volume editor Shawn Shimpach has brought together an essential guide to understanding television in the world today how it works and what it means perfect for students scholars and anyone else interested in television global media studies and beyond **Digital and Social Media Marketing** Nripendra P.

Rana, Emma L. Slade, Ganesh P. Sahu, Hatice Kizgin, Nitish Singh, Bidit Dey, Anabel Gutierrez, Yogesh K. Dwivedi, 2019-11-11 This book examines issues and implications of digital and social media marketing for emerging markets These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world The book investigates problems specific to emerging markets while identifying new theoretical constructs and practical applications of digital marketing It addresses topics such as electronic word of mouth eWOM demographic differences in digital marketing mobile marketing search engine advertising among others A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands products and services Information and Communication Technologies ICTs and digital media are having a significant impact on the way people communicate and fulfil their socio economic emotional and material needs These technologies are also being harnessed by businesses for various purposes including

distribution and selling of goods retailing of consumer services customer relationship management and influencing consumer behaviour by employing digital marketing practices This book considers this as it examines the practice and research related to digital and social media marketing A History of Modern Translation Knowledge Lieven D'hulst, Yves

Gambier, 2018-06-28 A History of Modern Translation Knowledge is the first attempt to map the coming into being of modern thinking about translation It breaks with the well established tradition of viewing history through the reductive lens of schools theories turns or interdisciplinary exchanges It also challenges the artificial distinction between past and present and it sustains that the latter s historical roots go back far beyond the 1970s Translation Studies is but part of a broader set of discourses on translation we propose to label translation knowledge This book concentrates on seven processes that make up the history of modern translation knowledge generating mapping internationalising historicising analysing disseminating and applying knowledge All processes are covered by 58 domain experts and allocated over 55 chapters with cross references This book is indispensable reading for advanced Master and PhD students in Translation Studies who need background information on the history of their field with relevance for Europe the Americas and large parts of Asia It will also interest students and scholars working in cultural and social history *The Routledge Handbook of Translation and Pragmatics*

Rebecca Tipton, Louisa Desilla, 2019-05-22 The Routledge Handbook of Translation and Pragmatics provides an overview of key concepts and theory in pragmatics charts developments in the disciplinary relationship between translation studies and pragmatics and showcases applications of pragmatics inspired research in a wide range of translation spoken and signed language interpreting activities Bringing together 22 authoritative chapters by leading scholars this reference work is divided into three sections Influences and Intersections Methodological Issues and Applications Contributions focus on features of linguistic pragmatics and their analysis in authentic and experimental data relating to a wide range of translation and interpreting activities including news scientific literary and audiovisual translation translation in online social media healthcare interpreting and audio description for the theatre It also encompasses contributions on issues beyond the level of the text that include the study of interpersonal relationships in practitioner networks and the development of pragmatic competence in interpreter training Each chapter includes many practical illustrative examples and a list of recommended reading Fundamental reading for students and academics in translation and interpreting studies this is also an essential resource for those working in the related fields of linguistics communication and intercultural studies **Research Into**

Translation and Training in Arab Academic Institutions Said M. Shiyab, 2021-07-29 Research Into Translation and Training in Arab Academic Institutions provides insights into the current issues and challenges facing in service and trainee Arabic translators and interpreters both professionally and academically This book addresses translators status roles and structures It also provides Arab perspectives on translation and translation training written by scholars representing academic institutions across the Arab world Themes in this collection include training terminologists on managing promoting

and marketing terms corpora and translation teaching in the Arab world use of translation technologies translators training and translators methodologies and assessment of translators competence research on translator training and the status quo of undergraduate translation programs in a sample of five Arab universities A valuable resource for students professionals and scholars of Arabic translation and interpreting

The Routledge Handbook of Spanish Translation Studies

Roberto Valdeón, África Vidal, 2019-05-28 Written by leading experts in the area The Routledge Handbook of Spanish Translation Studies brings together original contributions representing a culmination of the extensive research to date within the field of Spanish Translation Studies The Handbook covers a variety of translation related issues both theoretical and practical providing an overview of the field and establishing directions for future research It starts by looking at the history of translation in Spain the Americas during the colonial period and Latin America and then moves on to discuss well established areas of research such as literary translation and audiovisual translation at which Spanish researchers have excelled It also provides state of the art information on new topics such as the interface between translation and humour on the one hand and the translation of comics on the other This Handbook is an indispensable resource for postgraduate students and researchers of translation studies
