Locked Down Locked Out:

Locked Down, Locked Out Maya Schenwar, 2014-11-10 35 000 Americans are arrested every day and the number of prisoners has increased 500% over the last three decades Truthout Executive Director Maya Schenwar shows that incarceration actually doesn't deter crime looks at its devastating effect on families and communities and offers more humane and more effective alternatives **Locked Up but Not Locked Down** Ahmariah Jackson, IAtomic Seven, 2011-07-30 **Locked Out** Evan Elkins, 2019-08-31 A rare insight into how industry practices like regional restrictions have shaped global media culture in the digital era This content is not available in your country At some point most media consumers around the world have run into a message like this Whether trying to watch a DVD purchased during a vacation abroad play an imported Japanese video game or listen to a Spotify library while traveling we are constantly reminded of geography's imprint on digital culture We are locked out Despite utopian hopes of a borderless digital society DVDs video games and streaming platforms include digital rights management mechanisms that block media access within certain territories These technologies of regional lockout are meant first and foremost to keep the entertainment industries global markets distinct But they also frustrate consumers and place territories on a hierarchy of global media access Drawing on extensive research of media industry strategies consumer and retailer practices and media regulation *Locked Out* explores regional lockout's consequences for media around the globe Power and capital are at play when it comes to who can consume what content and who can be a cultural influence Looking across digital technologies industries and national contexts *Locked Out* argues that the practice of regional lockout has shaped and reinforced global hierarchies of geography and culture *Locked Down, Locked Out* Maya Schenwar, 2014-11-10 An analysis of the U S prison system through real life stories and a look at the complex work of community based social justice projects Through the stories of prisoners and their families including her own family's experiences Maya Schenwar shows how the institution that locks up 2.3 million Americans and decimates poor communities of color is shredding the ties that if nurtured could foster real collective safety As she vividly depicts here incarceration takes away the very things that might enable people to build better lives But looking toward a future beyond imprisonment Schenwar profiles community based initiatives that successfully deal with problems both individual harm and larger social wrongs through connection rather than isolation moving toward a safer freer future for all of us Maya Schenwar's stories about prisoners their families including her own and the thoroughly broken punishment system are rescued from any pessimism such narratives might inspire by the author's brilliant juxtaposition of abolitionist imaginaries and radical political practices Angela Y Davis author of *Are Prisons Obsolete* *Locked Down Locked Out* paints a searing portrait of the real life human toll of mass incarceration both on prisoners and on their families and equally compellingly provides hope that collectively we can create a more humane world freed of prisons Read this deeply personal and political call to end the shameful inhumanity of our prison nation Dorothy Roberts author of *Shattered Bonds* and *Killing*

the Black Body This book has the power to transform hearts and minds opening us to new ways of imagining what justice can mean for individuals families communities and our nation as a whole Maya Schenwar s personal openhearted sharing of her own family s story together with many other stories and real world experiments with transformative justice makes this book compelling highly persuasive and difficult to put down I turned the last page feeling nothing less than inspired Michelle Alexander author of The New Jim Crow
