The Speaking Trinity and His Worded World Pierce Taylor Hibbs, 2018-11-13 The Trinity is a speaking God three divine persons who share the same essence and commune with each other in love and glory How does this truth shape the way we view the world and our place in it The Speaking Trinity and His Worded World explores these questions by presenting all of life through the lens of language Understood as communion behavior language has its roots in God himself What s more God has used language not only to create our world but to sustain and direct it Because of this biblical fact we live in a place that always and everywhere reveals the trinitarian God whose speech upholds it All things speak of God by revealing aspects of his character Romans 1 We live in a worded world a world that was spoken and speaks of God Thus language is far more than a means of human communication it is at the center of who God is who we are and what our world is like Join the author as he walks through redemptive history and points out not only how all things can be perceived through the lens of language but what this means for us practically in our use of language

The Order of

God Aaron Yom, 2018-10-17 In this most up to date study Aaron Yom provides a comprehensive analysis of the doctrine of God particularly from a pneumatological perspective He focuses on retrieving the order of God that has been consistently misunderstood and mistreated by modern scholars The author carefully examines scholarly works of modern thinkers such as Karl Barth Thomas Torrance Karl Rahner David Coffey Jurgen Moltmann Clark Pinnock and Stanley Grenz as well as ancient masters such as Augustine and Aquinas With a critical analysis he highlights the strengths and weaknesses of their work to lay a foundational platform for understanding God s order in the twenty first century theological context Yom proposes a holistic approach that does not marginalize the logic of the Trinity that begins with God s order of ontology rather than God s order of economy though the former is read from the latter He maintains the intricate balance of the immanent Trinity and the economic Trinity with his newfound principle of identity and duality Yom offers several new theological paradigms for those who are interested in the topic of systematic theology

The Trinity and the Bible J. Alexander

Rutherford, 2022-10-14 To write on the Trinity is to enter a minefield of presuppositions presuppositions of theology exegesis grammar logic philosophy etc However at the heart of God s self revelation in the Bible is God s tri unity that God is three Father Son and Holy Spirit Confessional Christians would identify this claim that God is Triune as a necessary condition of true Christian faith To be Christian is to follow Christ who is the 2nd person of the Trinity Yet does following this Christ mean following the 2nd hypostasis who is eternally begotten of the Father sharing with him his ousia That is a more difficult question isn t it Indeed many faithful men and women in my life could not make heads or tails of the latter claim while worshipping and following the Christ of the former So what does it mean to be Trinitarian This book is about that question what does it mean to be a Christian who worships a triune God to be Trinitarian Is the Trinity a doctrine arrived at through second order reflection on the Biblical data several hundred years after the canon closed or is it something else Is it perhaps a presupposition about the reality of God that has shaped the Christian imagination that has shaped the framework Christians bring to the world throughout created history

The Gift of Knowing J. Alexander Rutherford, 2019-02-27

To any attentive observer the Western world is in serious trouble It shows the signs of languishing under a devastating disease This is clearer nowhere else than in the realm of epistemology the study of truth and how we attain it Here the belief in human autonomy the freedom of individual men and women to interpret the world and live within it as they see fit has slowly eroded any foundation for knowledge or morality The result is a society adrift floating wherever the tide might take it If the disease ravaging our society is the belief in human autonomy the cure is submission once again to the God who created this world at least that is the argument of the Gift of Knowing The author argues that apart from submission to God as He has revealed Himself in the Christian Bible there is no firm foundation for truth or a trustworthy way of attaining it However through His revelation in Scripture God has given His people a foundation for knowing the world He has created and living within it

Covenantal Apologetics K. Scott Oliphint, 2022-01-14 Practical Effective Guidance for Sharing the Christian Faith with

Unbelievers Based on Biblical Principles Defending the faith can be daunting and a well reasoned and biblically grounded apologetic is essential for the challenge Following in the footsteps of groundbreaking apologist Cornelius Van Til Scott Oliphint presents us with an introduction to Reformed apologetics as he sets forth the principles behind a distinctly covenantal approach This book clearly explains the theological foundations of covenantal apologetics and illustrates its application in real world conversations with unbelievers helping Christians to boldly knowledgeable and winsomely proclaim the gospel Equips Christians to Share Their Faith Includes practical examples of apologetic conversations with unbelievers Written by a Respected Apologist K Scott Oliphint coedited Christian Apologetics Past and Present a two volume overview of apologetics throughout church history Theologically Rich Defends presuppositionalism and covenantal apologetics while offering the most practical application

The Gift of Seeing J. Alexander Rutherford, 2021-09-24 Throughout the history of the Church Christian theology has been waged on the battlefield of ontology Ontology touches on nearly every aspect of intellectual engagement and so our conclusions in this area are far reaching Ontology is usually considered the study of being or reality Yet even this definition presupposes a non Christian view of reality Rather ontology investigates the connection between our thoughts and reality between what we believe and truth and between language and the things to which it refers The Bible has much to say on these topics retrieving a Biblical perspective on these matters is essential if we are going to rightly understand theology the Bible and the world we live in We will see that only the Bible can offer a coherent vision of reality and a way of appropriately understanding God history and the world around us

Redeeming Reason Vern S. Poythress, 2023-04-25 Vern S Poythress Explains the Laws of Human Reasoning and How to Apply Them in Light of the Gospel Humans use reasoning to understand and order the world around us We apply this logic in a variety of contexts from classifying simple objects to considering complex philosophies But how should our identity as Christians made in the image of God Gen 1 26 27 with minds renewed by the Holy Spirit Rom 12 1 2 inform our reasoning Vern S Poythress explains how all human reasoning reflects God s nature Providing a foundational understanding of God as the source of rationality Poythress details the 3 fundamental laws of logic identity contradiction and excluded middle with a strong focus on analogical reasoning This robust guide explains types of analogy ethics applied to logic the use of analogies in the doctrines of God and more to give readers a renewed perspective on how to use reason as a follower of God Thorough Study of Reasoning Explores the 3 fundamental laws of logic along with various kinds of analogy including syllogistic reasoning formal deductive reasoning inductive reasoning and scientific models From the Author of Logic A God Centered Approach to the Foundation of Western Thought This book continues Poythress s look at reasoning placing it under the lordship of Christ Great for Students Pastors and Christian Philosophers Includes helpful visuals and appendices for learning and applying various systems of logic

God's Gifts for the Christian Life — Part 1 J. Alexander Rutherford, 2021-11-05 How are Christians to think about the intellectual tasks that make up everyday life in the modern world It is clear we are not to do so

as the world does but what does it look like to engage Christianly in our thinking In the first part of the series God's Gifts for the Christian Life J Alexander Rutherford shows how the Bible equips us to confidently engage in the interpretation of and engagement with the Word of God and the world he has created In God's rich mercy he has enabled us to know him his word and his world In a world where it is preposterous and arrogant to claim to know anything certainly we are in desperate need of renewed foundations In God's Gifts for the Christian Life see some of the ways that God through his limitless power has made available to us everything necessary for life and godliness 2 Peter 1:3

The Workers are Few J. Alexander Rutherford, 2025-01-31 By all indications the Western Church is facing a crisis of pastoral ministry Pastoral ministry is on a trajectory of decline despite the fact that God has opened a massive mission field on our doorstep a mission field that requires workers Moreover we continue to export the same model of ministry to the global Church inviting them to join us in the state of crisis In Matthew 9:37-38 Jesus invites his disciples to consider the vast harvest of souls God has prepared a harvest awaiting workers If we want to see our churches healthy and our neighbours come to know Jesus we must be interested in God's work to prepare workers for the harvest This book is an attempt to repair what is broken to contribute to the repair of pastoral ministry I am convinced that no problem is more urgent to the church globally than this one yet I am also convinced the solution to this problem is quite simple This book argues that our crisis is the result of swapping the biblical vision of pastoral ministry for a poor substitute and our failure to raise disciples in our local church Part 1 identifies significant reasons why we are in a crisis Part 2 lays a biblical foundation for rebuilding a biblical model of pastoral ministry and Part 3 shows how this foundation can be built upon in the life of a local church

The Gift of Purpose J. Alexander Rutherford, 2020-12-18 Many writers and commentators are convinced that Western culture and society are unravelling Who can blame them As I write this violent protests rage across the USA in response to senseless murders The political sphere has never seemed so virulent and a deadly epidemic has affected all our lives Many are agreed that there are serious problems working themselves out in Western society yet among Christians there is little agreement over the approach we should take to the West and its problems This issue how Christians should approach engagement with culture is not a new one nor is it a uniquely Western issue Christians in every age and in every culture are confronted with this question In response to many today who see it as the Christian responsibility to save the West to preserve its unique cultural heritage and achievements this author argues that our lives in this world need to be governed by three theological themes ecclesiology soteriology and eschatology That is we must prioritize the local church engage with society with the understanding that earthly kingdoms are manifestations of Satan's kingdom and live in light of Christ's imminent return

Integration Paul J. Morrison, 2022-06-23 While the Southern Baptist Convention has so often been a step behind on the issue of race since its formation there was still light shining in the darkness a group of biblically faithful men and women who both recognized and fought for their racially marginalized brothers and sisters Chief among these men and women was

Thomas Buford Maston T B Maston faithfully engaged the topic as the SBC's preeminent ethicist from 1922-1963 as a professor at Southwestern Baptist Theological Seminary. This stand ultimately cost him his job. Even still, some sixty years later, his theology and ethics model the full unity in Christ. This book examines the writings of T B Maston in his efforts to reform the racially misguided interpretations of Scripture in the church and their subsequent prejudices. Maston is not merely a visionary who foreshadowed the eventual position of the SBC and more widely the evangelical church but is one who directly caused legitimate change. Maston's profound yet humble work gives a blueprint for future racial reconciliation through integration in the church.

Rethinking Holiness Bernie A. Van De Walle, 2017-03-14 Holiness is experiencing a renaissance both within and beyond the church today. Based on years of conversations with students, this approachable theological introduction to the Christian doctrine of holiness challenges the commonly held idea that holiness is primarily a moral category. The author explains that holiness is grounded not in ethics but in the basic nature of God; it is essentially and exclusively a divine property. The book highlights the Bible's necessary and corrective role in defining holiness and shows how individual holiness is grounded in the community that is the church catholic.

Beyond Chapter and Verse Ken Casillas, 2018-02-28 Do you struggle to connect the dots between the Bible and your life? While Christians instinctively want to apply Scripture, we encounter difficulties that can discourage us and diminish our engagement with God's Word. Indeed, biblical application has suffered in various ways in the church, everything from neglect to abuse to contempt. Responding to such challenges, Beyond Chapter and Verse provides a biblically based rationale for the practice of application and then proposes a biblically consistent method for application. The book is substantive but accessible, relevant for believers generally as well as preachers. It begins by sketching the broad theological context of Bible application, relating it to the gospel generally and to sanctification specifically. The heart of the study then synthesizes key Old and New Testament passages relative to the process of application. Building on this foundation, the book sets forth a sensible approach for arriving at legitimate applications of Scripture. A rich assortment of positive and negative case studies illustrates the method, motivating believers to apply the Scriptures for themselves.
