Communist Party PCF became France's largest political party and one of the most important communist parties in the West. Born in a mining village, Thorez left school at the age of 12 and would go on to helm the PCF in a rapid rise that paralleled Stalin's consolidation of power in the Soviet Union. After World War II, he became a minister and briefly deputy prime minister before the Cold War excluded communists from political power. The PCF became known as the party of Maurice Thorez as a leader cult around Thorez was created that mirrored the cult of personality around Stalin. This book is based on a wealth of original source material including Thorez's diaries and notebooks. John Bulaitis outlines how Thorez's political life intersected with and was shaped by key historical events. At its heart, the book explores the paradox of the mass communist movement in France: its ability to fuse attachment to the French nation with fervent loyalty to the Soviet Union and Stalinist practices.

**Socialism and the Experience of Time** Julian Wright, 2017-06-30. How do we make social democracy? Should we seize the unknown possibilities offered by the future or does real change develop when we focus our attention on the immediate present? The modern tradition of social revolution suggested that the present is precisely the time that needs to be surpassed but can society change without an intimate focus on today's experience of social injustice? In *Socialism and the Experience of Time*, Julian Wright asks how socialists in France from the mid-nineteenth to the mid-twentieth century tried to follow a democratic commitment to the present. The debate about time that emerged in French socialism lay beneath the surface of political arguments within the left. But how did this focus on the present relate to the tradition of revolution in France? What did socialism have to say about social experience in the present and how did this discussion shape socialism as a movement? Wright examines French socialism's fascination with modern history through a new reading of Jean Jaurès's multi-authored project to write a socialist history of France since 1789. Then, in four interlocking biographical essays, he analyses the reformist and idealist socialism of the Third Republic long sidelined in the historical literature. With a sometimes emotional focus on the present times of Benoît Malon, Georges Renard, Marcel Sembat, and Léon Blum, a personal history unfolds that allows us to revisit the traditional narrative of French socialism. This is not so much a story of the future hope for revolution as an intimate account of socialism, intellectual engagement, and the human present.

**Antisemitism and the left** Robert Fine, Philip Spencer, 2017-02-27. This electronic version has been made available under a Creative Commons BY-NC open access license. Universalism shows two faces to the world: an emancipatory face that looks to the inclusion of the other and a repressive face that sees in the other a failure to pass some fundamental test of humanity. Universalism can be used to demand that we treat all persons as human beings regardless of their differences but it can also be used to represent whole categories of people as inhuman, not yet human, or even enemies of humanity. The Jewish experience offers an equivocal test case. Universalism has stimulated the struggle for Jewish emancipation but it has also helped to develop the idea that there is something peculiarly harmful to humanity about Jews, that there is a Jewish question that needs to be solved. This original and stimulating book traces struggles within the Enlightenment, Marxism, critical theory, and the contemporary left seeking to

rescue universalism from its repressive antisemitic undertones

**The Sultan's Communists** Alma Rachel

Heckman, 2020-11-24 *The Sultan's Communists* uncovers the history of Jewish radical involvement in Morocco's national liberation project and examines how Moroccan Jews envisioned themselves participating as citizens in a newly independent Morocco. Closely following the lives of five prominent Moroccan Jewish Communists: Leon Ren Sultan, Edmond Amran El Maleh, Abraham Serfaty, Simon Levy, and Sion Assidon, Alma Rachel Heckman describes how Moroccan Communist Jews fit within the story of mass Jewish exodus from Morocco in the 1950s and 60s and how they survived oppressive post-independence authoritarian rule under the Moroccan monarchy to ultimately become heroic emblems of state-sponsored Muslim-Jewish tolerance. The figures at the center of Heckman's narrative stood at the intersection of colonialism, Arab nationalism, and Zionism. Their stories unfolded in a country that, upon independence from France and Spain in 1956, allied itself with the United States and more quietly Israel during the Cold War while attempting to claim a place for itself within the fraught politics of the post-independence Arab world. *The Sultan's Communists* contributes to the growing literature on Jews in the modern Middle East and provides a new history of twentieth-century Jewish Morocco.

**Yiddish Paris** Nick

Underwood, 2022-03 *Yiddish Paris* explores how Yiddish-speaking emigrants from Eastern Europe in Paris in the 1920s and 1930s created a Yiddish diaspora nation in Western Europe and how they presented that nation to themselves and to others in France. In this meticulously researched and first full-length study of interwar Yiddish culture in France, author Nicholas Underwood argues that the emergence of a Yiddish Paris was dependent on culture makers, mostly left-wing Jews from Socialist and Communist backgrounds, who created cultural and scholarly organizations and institutions, including the French branch of YIVO, a research institution focused on East European Jews, theater troupes, choruses, and a pavilion at the Paris World's Fair of 1937. *Yiddish Paris* examines how these left-wing Yiddish-speaking Jews insisted that even in France, a country known for demanding the assimilation of immigrant and minority groups, they could remain a distinct group, part of a transnational Yiddish-speaking Jewish nation. Yet in the process, they in fact created a French-inflected version of Jewish diaspora nationalism, finding allies among French intellectuals, largely on the left.

*Mussolini and the Eclipse of Italian Fascism* R. J. B. Bosworth, 2021-03-02 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise and thereby reinforced his role as a model for later authoritarian leaders. On the tenth anniversary of his rise to power in 1932, Benito Mussolini (1883-1945) seemed to many the good dictator. He was the first totalitarian and the first fascist in modern Europe. But a year later, Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology. In this definitive account, eminent historian R. J. B. Bosworth charts Mussolini's leadership in reaction to Hitler. Bosworth shows how Italy's decline in ideological pre-eminence, as well as in military and diplomatic power, led Mussolini to pursue a more populist approach: angry and bellicose words at home, violent aggression abroad, and a more extreme emphasis on charisma. In his embittered efforts to bolster an increasingly hollow and ruthless regime, it was Mussolini rather than Hitler who offered

the model for all subsequent authoritarians      **Transatlantic Antifascisms** Michael Seidman, 2017-11-16 Antifascism has received little attention compared to its enemy No historian or social scientist has previously attempted to define its nature and history yet antifascism became perhaps the most powerful ideology of the twentieth century Michael Seidman fills this gap by providing the first comprehensive study of antifascisms in Spain France the UK and USA with new interpretations of the Spanish Civil War French Popular Front and Second World War He shows how two types of antifascism revolutionary and counterrevolutionary developed from 1936 to 1945 Revolutionary antifascism dominated the Spanish Republic during its civil war and re emerged in Eastern Europe at the end of World War II By contrast counterrevolutionary antifascists were hegemonic in France Britain and the USA In Western Europe they restored conservative republics or constitutional monarchies based on Enlightenment principles This innovative examination of antifascism will interest a wide range of scholars and students of twentieth century history      *Heroines of Vichy France* Paul R. Bartrop, Samantha J. Lakin, 2019-05-10 This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies Few studies of Vichy France and the Holocaust have looked at the rescue of Jews by those prepared to risk everything to escort them to safety in the border regions and even fewer have considered Jewish rescue of Jews specifically of Jewish children by women This work will be arguably the first book in which the experiences and efforts of a number of female rescuers all of whom knew or knew of each other have been brought together in a single volume with the object of honoring their memory and showing how the value of human life was sustained through the Holocaust Focusing on a number of young Jewish women who defied the Nazis this narrative highlights their courage and sacrifice in their efforts to rescue Jews in France during World War II Additionally it shows how these French women responded to Nazi and Vichy France policies of deportation through resistance activities This is a story that will captivate anyone with an interest in the innate goodness of human beings that can shine even when confronted with the darkest expressions of depravity that occurred during the Holocaust      **Ida Rubinstein** Judith Chazin-Bennahum, 2022-03-01 Ida Rubinstein 1883 1960 captivated Paris s dancers composers artists and audiences from her time in the Ballets Russes in 1909 to her final performances in 1939 Trained in Russia as an actress and a dancer her life spanned the artistic freedom of the Belle poque through the ravages of World War I the Depression and finally World War II This critical biography carefully examines aspects of Rubinstein s life and career that have previously received little attention These include her early life in Russia her writing about performance aesthetics her curated approach to acting and dancing roles and her encumbered position as a woman and a Jew Rubinstein used her considerable fortune to produce dozens of plays lyric creations and ballets making her one of the foremost producers of the first half of the twentieth century Employing the greatest scenic artists Leon Bakst and Alexander Benois the distinguished composers Igor Stravinsky Arthur Honegger and Claude Debussy celebrated writers including Paul Val ry and

*Monetary War and Peace* Max Harris, 2021-03-11 The international monetary system imploded during the Great Depression As the conventional narrative goes the collapse of the gold standard and the rise of competitive devaluation sparked a monetary war that sundered the system darkened the decade and still serves as a warning to policymakers today But this familiar tale is only half the story With the Tripartite Agreement of 1936 Britain America and France united to end their monetary war and make peace This agreement articulated a new vision one in which the democracies promised to consult on exchange rate policy and uphold a liberal international system at the very time fascist forces sought to destroy it Max Harris explores this little known but path breaking and successful effort to revolutionize monetary relations tracing the evolution of the monetary system in the twilight years before the Second World War and demonstrating that this history is not one solely of despair
