The Dread of Difference Barry Keith Grant, 2015-04-01 The Dread of Difference is a classic Few film studies texts have been so widely read and so influential It's rarely on the shelf at my university library so continuously does it circulate Now this new edition expands the already comprehensive coverage of gender in the horror film with new essays on recent developments such as the Hostel series and torture porn Informative and enlightening this updated classic is an essential reference for fans and students of horror movies Stephen Prince editor of The Horror Film and author of Digital Visual Effects in Cinema The Seduction of Reality An impressive array of distinguished scholars gazes deeply into the darkness and then forms a Dionysian chorus reaffirming that sexuality and the monstrous are indeed mated in many horror films Choice An extremely useful introduction to recent thinking about gender issues within this genre Film Theory **Militarist Peace in**

making of both *The Holy Grail* and the *Life of Brian* movies are page turners and the sometimes extraordinary goings on of the many powerful personalities who coalesced to form the Python team makes for funny and riveting reading A perceptive and funny chronicle the diaries are a rich portrait of a fascinating period It is terrifically good funny astute and wonderfully written The Boston Globe
