Longhorn Tales Stories Of Ranching In Colorado New Mexico And Texas:

Longhorn Tales Larry Wright,2012-04-01 It Doesn't Get Any Better Than This The It referred to is a way of life the everyday experiences the personal friendships the camaraderie the lands and the animals that are all part of ranch life The stories are an attempt to reflect this in a somewhat humorous way even though there was very little funny about them at the time All of the stories are based on the truth but as I tell everyone who asks they are somewhat enhanced In one conversation about them a reader asked So you didn't actually hit that cow with a rock referring to The Greatest Pitch I ever Threw I said Yes I hit the cow but I exaggerated when I wrote that there were 200 cows staring at me wondering what I was doing I have enjoyed writing about these incidents What occurred to me as I was going through them was how family and friends played such an important role By taking the time to recall the details of the stories I was able to savor and to a certain extent preserve these cherished memories For this I am truly grateful Lucifer's Ghost A A Allison,2013-10-21 At seventy three Fynn Moss regarded the temporary assignment to kill a wolf marauding West Texas ranches as one last chance to give his life meaning especially after Gulf Oil's New York executives had just fired him for thwarting a wildcat strike at their Port Arthur refinery On the three hundred mile trip to West Texas in order to understand his outlier actions at the refinery Fynn menantly writes a biographical journal and that in turn presents to him a clear mandate for what he must do to counter the injustices that have bedevilled him and his family **A Vaquero of the Brush Country** J. Carey,Donald R. Schmitt,2009-05-15 When I finished *Witness to Roswell* I said to myself Case closed for the very wealth and sheer weight of eyewitness testimony George Noory host Coast to Coast AM One of the best selling UFO books is now revised and updated with even more hard hitting eyewitness testimony of one of the most important events of all time the actual recovery of a UFO outside of Roswell New Mexico in 1947 For more than 70 years government authorities have led us to believe the wreckage was merely a very conventional weather balloon but the witnesses who were there continue to tell a different story *Witness to Roswell* once again takes you on a can't put down written account of what really transpired in Roswell decades ago It pries loose the truth the government doesn't want us to know This revised and expanded edition includes A growing litany of deathbed confessions describing the little people recovered at the crash site The most comprehensive time line of events ever published on this seminal event The identity of the Boeing engineer called in to examine the exotic wreckage from the crash What really took place at the Roswell base hospital and what nurse actually

ordered the children's caskets The story of the soldier who wore gloves at the dinner table after guarding the bodies Clearly the implications are foreboding and one need just realize that officials now have four explanations to this historic event but to which one do all the witnesses testify on their deathbeds Witness to Roswell once again demonstrates to the world that no statute of limitation applies to the truth We are not alone *The Roswell Incident* Debbie Schmitt, Thomas J.
