## Looking Behind The Label:

**Looking behind the Label** Tim Bartley, Sebastian Koos, Hiram Samel, Gustavo Setrini, Nik Summers, 2015-05-25 What does it mean when consumers shop with a conscience and choose products labeled as fair or sustainable Does this translate into meaningful changes in global production processes To what extent are voluntary standards implemented and enforced and can they really govern global industries Looking behind the Label presents an informative introduction to global production and ethical consumption tracing the links between consumers choices and the practices of multinational producers and retailers Case studies of several types of products wood and paper food apparel and footwear and electronics are used to reveal what lies behind voluntary rules and to critique predominant assumptions about ethical consumption as a form of political expression **Wines**, 2019 **WSET Level 2 Intermediate Certificate in Wines and Spirits** Jancis Robinson, 2014 **Wines**, 2023 *Behind the Label* Edna Bonacich, Richard Appelbaum, 2000-06-28 In a study crucial to our understanding of American social inequality Edna Bonacich and Richard Appelbaum investigate the return of sweatshops to the apparel industry especially in Los Angeles The new sweatshops they say need to be understood in terms of the decline in the American welfare state and its strong unions and the rise in global and flexible production Apparel manufacturers now have the incentive to move production to wherever low wage labor can be found while maintaining arm s length contractual relations that protect them from responsibility The flight of the industry has led to a huge rise in apparel imports to the United States and to a decline in employment Los Angeles however remains a puzzling exception in that its industry employment has continued to grow to the point where L A is the largest center of apparel production in the nation Not only the availability of low wage immigrant often undocumented workers but also the focus on moderately priced fashion sensitive women s wear makes this possible Behind the Label examines the players in the L A apparel industry including manufacturers retailers contractors and workers evaluating the maldistribution of wealth and power The authors explore government and union efforts to eradicate sweatshops while limiting the flight to Mexico and elsewhere and they conclude with a description of the growing antisweatshop movement Los Angeles Times Best Nonfiction Book of 2000 **Spirits: Looking Behind the Label** Wine & spirit education trust (London), 2022 *Spirits*, 2022 **The Walls Behind the Curtain** Harold B. **Congressional Record** United States. Congress,1999 *The Green Marketing Manifesto* John Grant,2009-08-11 We

are currently eating sleeping and breathing a new found religion of everything green At the very heart of responsibility is industry and commerce with everyone now racing to create their environmental business strategy In line with this awareness there is much discussion about the green marketing opportunity as a means of jumping on this bandwagon We need to find a sustainable marketing that actually delivers on green objectives not green theming Marketers need to give up the many strategies and approaches that made sense in pure commercial terms but which are unsustainable True green marketing must go beyond the ad models where everything is another excuse to make a brand look good we need a green marketing that does good The Green Marketing Manifesto provides a roadmap on how to organize green marketing effectively and sustainably It offers a fresh start for green marketing one that provides a practical and ingenious approach The book offers many examples from companies and brands who are making headway in this difficult arena such as Marks Spencer Sky Virgin Toyota Tesco O2 to give an indication of the potential of this route John Grant creates a Green Matrix as a tool for examining current practice and the practice that the future needs to embrace This book is intended to assist marketers by means of clear and practical guidance through a complex transition towards meaningful green marketing Includes a foreword by Jonathon Porritt      **Telephony** ,1924      **California.
