More than any other New Testament writer John wrote about love. He was one of Jesus' closest disciples and his first letter is both challenging and comforting but ultimately it's about living out and living into God's unconditional, extravagant, lavish love. In this Bible study, Wendy Blight walks you through 1 John, taking you deeper into an understanding of God's love and what that love means for you daily. I always knew in my head God loved me. But it wasn't until I opened the pages of 1 John that I truly experienced His love down to the depths of my soul. Exposing my heart to God's love through John's eyes transformed my heart and life in ways I could never have imagined. Wendy, this study will help you develop a more intimate understanding of God's love. Transform your attitude and actions into reflections of God. Identify and discern God's truth from false teaching. Confront barriers keeping you from experiencing God's complete love. Boldly and confidently walk as a woman loved. Study guide includes biblical and historical background, insights, practical application, group discussion questions, and a memory verse for each chapter. Perfect for both individuals or small groups. *Inscribed* is a collection of studies that lead women to not just survive but thrive by encouraging them to immerse themselves in the Word of God. *The Ten*

Commandments: Life Application of the Ten Commandments With Additional Chapters on Sin, Salvation, Prayer, and More
Thomas Watson, 2020-02-01. Whoever then annuls one of the least of these commandments and teaches others to do the same shall be called least in the kingdom of heaven, but whoever keeps and teaches them, he shall be called great in the kingdom of heaven. Matthew 5:19. Every one of the Ten Commandments is relevant today. Some think of these commandments as the Law of Moses, now replaced by God's grace and mercy, but a closer look reveals that we can't willfully break a single one of the commandments and live. Every one of the commandments wholeheartedly obeyed will produce fruit of righteousness, peace, and spiritual prosperity. Society says, "do whatever you want," but a careful study and application of this set of life principles will provide boundless fruit for the righteous. Originally written in the 1600s, Thomas Watson's commentary on the Ten Commandments is as relevant today as it was then, if not more so. The text was carefully updated for modern readers with much care taken to convey the truth in Watson's writings in such a way that readers today can more easily understand his writing and as such more easily apply the truth to their own lives. May the Lord, God of heaven and earth, bless you richly as you read and obey. Discover the Secret of True Love
