Exploring Magic Realism in Salman Rushdie's Fiction Ursula Kluwick, 2013-02-28 Kluwick breaks new ground in this book moving away from Rushdie studies that focus on his status as postcolonial or postmodern and instead considering the significance of magic realism in his fiction Rushdie s magic realism in fact lies at the heart of his engagement with the post colonial In a departure from conventional descriptions of magic realism based primarily on the Latin American tradition Kluwick here proposes an alternative definition allowing for a more accurate description of the form She argues that it is disharmony rather than harmony that is decisive that the incompatibility of the realist and the supernatural needs to be recognized as a driving force in Rushdie s fiction In its rigorous analysis of this Rushdian magic realism this book considers the entire corpus *Midnight s Children* *Shame* *The Satanic Verses* *The Moor s Last Sigh* *The Ground Beneath Her Feet*

Shalimar the Clown and The Enchantress of Florence This study is the first of its kind to do so **Magical Realism and Literature** Christopher Warnes, Kim Anderson Sasser, 2020-11-12 Magical realism can lay claim to being one of most recognizable genres of prose writing It mingles the probable and improbable the real and the fantastic and it provided the late twentieth century novel with an infusion of creative energy in Latin America Africa Asia and beyond Writers such as Alejo Carpentier Gabriel Garcia Marquez Isabel Allende Salman Rushdie Ben Okri and many others harnessed the resources of narrative realism to the representation of folklore belief and fantasy This book sheds new light on magical realism exploring in detail its global origins and development It offers new perspectives of the history of the ideas behind this literary tradition including magic realism otherness primitivism ethnography indigeneity and space and time *Magical Realism* Maggie Ann Bowers, 2018-06-08 Magical Realism is the essential introduction to this often complex area and guides students through the use and origins of terms in art literature and film It differentiates the concept from other terms and genres and gives an overview of the geographical and cultural range of the fiction This new edition has been fully revised and expanded throughout to include engagement with new critical work published since the first edition a more global coverage visual arts and theatre readings of authors such as Angela Carter Toni Morrison Salman Rushdie Gabriel Garcia Marquez and films such as Pan's Labyrinth a new chapter on Postcolonialism This comprehensive and accessible guide is the ideal starting point for students of literature film and television studies **Diasporic Marvellous Realism** María Alonso Alonso, 2015-07-14 Diasporic Marvellous Realism highlights the interesting switch in perspective found in contemporary literary production where the supernatural is regarded from a diasporic perspective as marvellous rather than magical The titular term is applied to the influence of transterritorialization on the works of first and second generation immigrant writers when approaching and exploring the myths and legends of their culture of origin The texts included in this analysis show that the employment of this literary philosophy and narrative technique in contemporary literature involves a fruitful refocusing of the rhetorical gaze regarding the importance of cultural heritage as vindictory resistance to the lacunae of history and as celebratory re enfranchisement of diasporic communities in host countries such as Canada and the UK *Transgressing Frontiers* Ngong Toh, 2021-04-02 The focus of this book is to assess through language and literary studies in interpretation the epistemic representation of frontiers in its shifting and fixing categories The contributing researchers stress on the fact that crisscrossing has taken its toll on communities and disciplines and that hegemonic positions are becoming increasingly redundant and provocative Frontier discourse is therefore a socio political and culturally oriented discourse Importing it to language and literary studies also shows that literary circles like language are equally shifting and erasing borderlines The chapters discuss crisscrossing of frontiers both as geography and epistemology This is in line with the new cultural ontology that opens up new interpretations and shifts from previous ones in the disciplines of Language Linguistics Arts and Literature The book pulls together a wide range of issues based on a plurality of theoretical assumptions The issues

presented are grouped into three broad sections Section one looks at the creation of the self as a way to dismantle the other In section two the focus is on linguistic shifts and the fact that all languages need space in multilingual societies And section three shows how people travel out of their homelands to seek comfort Resourceful insightful and incisive the book offers depth and breadth in refined scholarship The contributors are masterly in their handling of borderlines between ideology and iconoclasm globalisation and nationalism memory and nation gender and identity official and indigenous languages self other dialectics migration and identity The book is an invaluable asset to researchers and students with a penchant for interdisciplinarity intertextuality multiculturalism and globalisation *The Afrikan Revolution in Ayiti* Kimoni Yaw

Ajani,2023-12-18 Throughout the history of Western academia there have been scholars who have interpreted and examined various aspects of human history and made it a point to universalize their own interpretations of different people s histories and cultures This type of scholarship tends to ignore the contributions and historical realities of other people This case is especially true of the scholars who have interpreted the historiography around the Afrikan revolution in Ayiti otherwise known as The Haitian Revolution Kimoni Yaw Ajani s *The Afrikan Revolution in Ayiti Lib te ou Lanm Freedom or Death* is an Afrocentric re examination and interpretation around the historiography of the Revolution in Ayiti and provides an in depth study that highlights several significant Afrikan epistemological and cosmological aspects that led to freedom These aspects include but are not limited to the persistence of Afrikan complementary forces in Ayiti Vodou Vodun and Afrikan cosmology Afrikan combat traditions such as Tire Mach t and the numerous Afrikan languages personalities and roles that emerged from the growing numbers of Afrikans brought to Ayiti as a result of the European slave trade Ajani calls for building communities on the best of Afrikan epistemological foundations and reclaiming Afrikan history **Dutch Neorealism,**

Cinema, and the Politics of Painting, 1927-1945 Stephanie Lebas Huber,2024-08-12 This study offers a radically new perspective on Dutch Neorealism one that emphasizes the role of film as an apparatus the effects of which when emulated in painting can reproduce the affective experience of film watching More of a tendency than a tightly defined style or ism Neorealism is the Dutch variant of Magic Realism an uncanny mode of figurative painting identified with Neue Sachlichkeit in Germany and Novecento in Italy Best represented by the Dutch artists Pyke Koch Carel Willink Charley Toorop Raoul Hynckes Dick Ket and Wim Schuhmacher Neorealism as demonstrated in this book depicted societal disintegration and allegories of looming disaster in reaction to the rise of totalitarian regimes and eventually the Nazi Occupation of The Netherlands The degree to which these artists exhibited either revolutionary or reactionary sentiments usually corresponding with their political affiliation is one of the central problematics explored in this text The book will be of interest to scholars working in art history World War II history and film studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Engaging with Multicultural YA Literature in the Secondary Classroom** Ricki Ginsberg,Wendy J.

Nelson,2013-12-05 The book presents cinematic case studies in political realism versus political idealism demonstrating methods of viewing popular cinema as political theory The book appreciates political myth making in popular genres as especially practical and accessible theorizing about politics **Liminality and the Short Story** Jochen Achilles,Ina Bergmann,2014-12-05 This book is a study of the short story one of the widest taught genres in English literature from an innovative methodological perspective Both liminality and the short
