Yendes, 1894 *Maid Training* Francois Hagan, 2018-08-15 This book is written from both the mistress and her maid's views Linda Like any other tool a maid should be used to its fullest potential Down time not only makes for wasted seconds and minutes but can create a lazy maid who may feel entitled to a break extra snacks or even counted worthy of being listened to For maximum efficiency one should plan their day in the order in which they will spend it supervising them This not only allows the master or mistress more leisure time but can allow personal down time to be put to use in areas such as corset tightening or discipline By taking one's day step by step and outlining the tasks and time limits of the maid she can be kept in motion at all times from morning till night Of course breaks in her performance are expected when she eats or uses the bathroom but proper punishment for these breaks being paid for by the amount of time spent will have her eating fast and not dawdling in the bathroom Remember proper home economics is keeping your maid performing at maximum efficiency at all times Trish When I agreed to be Linda's maid I had no idea she and her friend Betty would convert me into the most efficient maid of all work They managed to micro manage my time so that I am used for utmost speed efficiency and quality This means little free time It also means an abundance of rules and discipline My average down time is about two minutes for an entire day This is by combining a second here and two seconds there Linda has informed me that there is no reason I should have more than two minutes of down time per day Anything over will be strictly punished Author This work does not include sexual situations Anyone seeking such is urged to avoid this work Anyone offended with feminization and spanking of adult males and females is urged to avoid this work This fantasy fiction work is for entertainment purposes only Any resemblance to persons or places known is accidental The author does not condone anything illegal or immoral The Outlook Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1898 *The Child Welfare Manual*, 1919 **Cookery and Housekeeping** Mrs. Henry Reeve, 1882 **Good Housekeeping Magazine**, 1903 *Everyday Housekeeping*, 1899 *Outlook and Independent*, 1898 **Marion Harland's Complete Cook Book** Marion Harland, 2021-11-05 In Marion Harland's Complete Cook Book the esteemed author compiles an extensive array of recipes that highlight the culinary traditions of the late 19th century America With an engaging prose style that marries practical instruction with anecdotal interludes Harland not only instructs on the preparation of meals but also captures the socio cultural context of her time Her emphasis on seasonal cooking and the celebration of home and family is palpable throughout the volume making it not just a cookbook but a reflection of domestic life and nutritional practices of her era Illustrated with period engravings the book is both an aesthetic and gastronomic treasure serving as a window into an America that values traditional cooking methods and the importance of the kitchen as the heart of the home Marion Harland an influential figure

Me, Your Grace Allyson Jeleyne, 2019-02-07 Sparks and fur fly when two Victorian dog owners meet in Regent's Park. Margaret Haselden knows how it feels to be alone in the world, which is why she takes in the scrappy stray terrier she finds rummaging through her rubbish bins. Despite her best efforts, the little dog proves more than she can handle, especially when it bites the prized bulldog of the sternly handsome Edward Cherrill, Duke of St. Lawrence. Edward is initially outraged by the incident but is soon captivated by Margaret's determination to champion the cause of animal welfare. As their paths continue to cross, Edward feels drawn to her warmth and compassion, qualities that starkly contrast with the rigid expectations of his noble title. As their bond deepens, Edward faces a profound dilemma: Can he defy the responsibilities of his rank and choose love over duty? Or must he come to heel like so many dukes before him? *The cook book of left-overs* Helen, A collection of 400 reliable recipes for the practical housekeeper Learned Asia: Educationists who's who, 1992
