Reading the Qur'an in the Twenty-First Century Abdullah Saeed, 2013-12-04 Reading the Qur'an in the Twenty First Century considers the development of Qur'anic interpretation and highlights modern debates around new approaches to interpretation It explores how Muslims from various theological legal socio political and philosophical backgrounds think about the meaning and relevance of the Qur'an and how their ideas apply in the contemporary world The book reflects on one of the most dominant approaches to interpretation in the pre modern period textualism and the reaction to that in Muslim feminist readings of the Qur'an today covers issues such as identifying the hierarchical nature of Qur'anic values the criteria for the use of hadith in interpretation fluidity of meaning and ways of ensuring a degree of stability in interpretation examines key Qur'anic passages and compares pre modern and modern interpretations to show the evolving nature of interpretation Examples discussed include the authority of men over women the death of Jesus shura and democracy and riba and interest Abdullah Saeed provides a practical guide for interpretation and presents the principal ideas of a contextualist approach which situates the original message of the Qur'an in its wider social political cultural economic and intellectual context He advocates a more flexible method of interpretation that gives due recognition to earlier interpretations of the Qur'an while also being aware of changing conditions and the need to approach the Qur'an afresh today

Do We Still Need Inspiration? Matthieu Richelle, Camilla Recalcati, Martijn Beukenhorst, 2023-11-20 The concept of inspiration is part and parcel of the theological tradition in several religious confessions but it has largely receded to the background if not vanished altogether in the discussions of biblical scholars The question Do we still need inspiration might well reflect the perplexity of many exegetes

today Systematic theologians for their part often further their own reflections on the subject independently of developments in the field of exegesis with the risk of remaining purely theoretical Biblical research in the last decades has been marked by new insights about the nature of the biblical texts stemming from the study of their inner plurality insofar as they combine and sometimes intertwine conflicting theologies of their textual fluidity and of their reception Can these new insights be integrated into a theological reflection on the notion of inspiration These questions are often explicitly raised about the Jewish and Christian Scriptures but they also prove increasingly relevant for Qur'anic studies This volume addresses them through contributions from exegetes of the Bible and of the Qur'an and systematic theologians *Sufism and the Scriptures* Fitzroy Morrissey, 2020-12-10 The Sufi thinker Abd al Karim al Jili d 1408 is best known for his treatment of the idea of the Perfect Human yet his masterpiece al Insan al kamil The Perfect Human is in fact a wide ranging compendium of Sufi metaphysical thought in the Ibn Arabian tradition One of the major topics treated in that work is sacred history the story of God's revelation of the truth to humanity through His prophets and scriptures Fitzroy Morrissey provides here the first in depth study of this important section of al Jili's major work and the key ideas contained within it Through a translation and analysis of the key passages on the Qur'an Torah Psalms and Gospel it shows how al Jili's view of sacred history is conditioned by his Ibn Arabian Sufi metaphysics whereby the phenomenal world is viewed as a manifestation of God and the prophets and scriptures as special places where the divine attributes appear more completely It also looks at how this idea influences al Jili's understanding of the hierarchy of prophets scriptures and religions The book argues that contrary to common assumptions al Jili's Sufi metaphysical view of sacred history is in keeping with the common medieval Muslim view of sacred history whereby the Qur'an is viewed as the best of scriptures Muhammad as the best of prophets and Islam as the best religion The book therefore not only gives an insight into a key text within medieval Sufi thought but also has ramifications for our understanding of medieval Sufi views on the relationship between Islam and other religions

Reasoning with God Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari'ah in Islam and its role in the world today In Reasoning with God renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah As the world's second largest religion Islam remains an important force on the global stage Reasoning with God takes readers both Muslim and non Muslim beyond superficial understandings of Shari'ah to a deeper understanding of

its meaning and potential Islam John Obert Voll,1994-12-01 This is a single volume history of Islam The opening chapters briefly discuss the historical background of the Prophet Muhammad in the 7th century through the rise of the Islam in 18th through 20th centuries The final two chapters cover the significant events of the 1980s and 1990s *Debating the War of Ideas* J. Gallagher,E. Patterson,2009-12-21 The War of Ideas is about the fundamental principles of human society It is a global war the foes have resorted to arms to protect and promote their worldview This book brings together some of the most important voices from different partisan theoretical and religious perspectives to argue and forecast the next phase in the War of Ideas **An Introduction to Christian Worldview** Tawa J. Anderson,W. Michael Clark,David K. A Concise Guide to the Quran Ayman S. Ibrahim,2020-11-03 What is so unique about Islam s scripture the Quran Who wrote it and when Can we trust its statements to be from Muhammad Why was it written in Arabic Does it command Muslims to fight Christians These are a few of the thirty questions answered in this clear and concise guide to the history and contents of the Quran Ayman Ibrahim grew up in the Muslim world and has spent many years teaching various courses on Islam Using a question and answer format Ibrahim covers critical questions about the most sacred book for Muslims He examines Muslim and non Muslim views concerning the Quran shows how the Quran is used in contemporary expressions of Islam answers many of the key questions non Muslims have about the Quran and Islam and reveals the importance of understanding the Quran for Christian Muslim and Jewish Muslim interfaith relations This introductory guide is written for anyone with little to no knowledge of Islam who wants to learn about Muslims their beliefs and their scripture **Islam and Warfare** Onder Bakircioglu,2014-10-30 The question of how Islamic law regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition one which prioritises the demands of

contemporary international relations and considers the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law war and security studies and the law of armed conflict Islam and Democracy in the 21st Century Tauseef Ahmad

Parray,2023-09-15 This book starts with the prevailing idea of a conflicting relationship between Islam and the Western concept of democracy both in theory and in practice With this backdrop the author addresses the crucial question Is Islam compatible with democracy The book offers very useful discussions in framing the contemporary debates surrounding Islam and democracy treads through diverse theoretical Islamic texts like the Quran and Sunnah discusses the historical evolution of the concept of Shura the primary source of democratic ethics in Islam provides an assessment of the views and visions of some selected Muslim scholars from 19th to 21st centuries on Islam democracy compatibility and examines the elements of compatibility between Islam and democracy without ignoring the basic differences that exist between the Western approach to democracy and Islamic political thought Everyday Life in the Muslim Middle East Donna Lee Bowen,Evelyn A.

Early,2002 A revised and updated edition of a popular and widely used text Modern Muslim Intellectuals and the Qur'an Suha Taji-Farouki,Institute of Ismaili Studies,2006-01-26 This volume examines the writings of ten Muslim intellectuals working in the Muslim world and the West who employ contemporary critical methods to understand the Qur'an Their work points to a new trend in Muslim interpretation characterised by a direct engagement with the Word of God while embracing intellectual modernity in a global context The volume situates and evaluates their work and responses to it among Muslim and non Muslim audiences Allah Gabriel Said Reynolds,2020-03-03 A concise and illuminating portrait of Allah from one of the world's leading Qur'anic scholars The central figure of the Qur'an is not Muhammad but Allah The Qur'an Islam's sacred scripture is marked above all by its call to worship Allah and Allah alone Yet who is the God of the Qur'an What distinguishes the Qur'anic presentation of God from that of the Bible In this illuminating study Gabriel Said Reynolds depicts a god of both mercy and vengeance one who transcends simple classification He is personal and mysterious no limits can be placed on his mercy Remarkably the Qur'an is open to God's salvation of both sinners and unbelievers At the same time Allah can lead humans astray so all are called to a disposition of piety and fear Allah in other words is a dynamic and personal God This eye opening book provides a unique portrait of the God of the Qur'an The Meaning and Explanation of the Glorious Qur'an (Vol 3) 2nd Edition Muhammad Saed Abdul-Rahman,2009-10-29 This is the 2nd edition of volume 3 of the ten volumes of The Meaning And Explanation Of The Glorious Qur'an The first edition of this book contained many formatting and typing errors In this new edition we have corrected all the errors found in the first edition We have also re arranged the structure of the book and added the full Arabic Text of the thirty Parts of the Qur'an The reader is now able to read not only the meaning the transliteration and the tafsir explanation of the Glorious Qur'an but also the full Arabic text as well Our mission is to gather in one place for the English speaking public all relevant information needed to make the Qur'an more understandable

The Quranic Noah and the Making of the Islamic Prophet Carlos A. Segovia, 2015-09-25 Still in its infancy because of the overly conservative views and methods assumed by the majority of scholars working in it since the mid 19th century the field of early Islamic and quranic studies is one in which the very basic questions must nowadays be addressed with decision Accordingly this book tries to resituate the Qur'an at the crossroads of the conversations of old to which its parabiblical narratives witness and explores how Muhammad's image which was apparently modelled after that of the anonymous prophet repeatedly alluded to in the Qur'an originally matched that of other prophets and or charismatic figures distinctive in the late antique sectarian milieu out of which Islam gradually emerged Moreover it contends that the Quranic Noah narratives provide a first hand window into the making of Muhammad as an eschatological prophet and further examines their form content purpose and sources as a means of deciphering the scribal and intertextual nature of the Qur'an as well as the Jewish Christian background of the messianic controversy that gave birth to the new Arab religion The previously neglected view that Muhammad was once tentatively thought of as a new Messiah challenges our common understanding of Islam's origins

Treating the Body in Medicine and Religion John J. Fitzgerald, Ashley John Moyse, 2019-05-09 Modern medicine has produced many wonderful technological breakthroughs that have extended the limits of the frail human body However much of the focus of this medical research has been on the physical often reducing the human being to a biological machine to be examined understood and controlled This book begins by asking whether the modern medical milieu has overly objectified the body unwittingly or not and whether current studies in bioethics are up to the task of restoring a fuller understanding of the human person In response various authors here suggest that a more theological religious approach would be helpful or perhaps even necessary Presenting specific perspectives from Judaism Christianity and Islam the book is divided into three parts Understanding the Body Respecting the Body and The Body at the End of Life A panel of expert contributors including philosophers physicians and theologians and scholars of religion answer key questions such as What is the relationship between body and soul What are our obligations toward human bodies How should medicine respond to suffering and death The resulting text is an interdisciplinary treatise on how medicine can best function in our societies Offering a new way to approach the medical humanities this book will be of keen interest to any

scholars with an interest in contemporary religious perspectives on medicine and the body
