comprehensible communicating a new and exciting agenda for human geography Post structuralist Geography is the students essential guide to the theoretical literature

**A Translation Theory of Knowledge Transfer** Kjell Arne Røvik, 2023 This book develops a new theory about the challenges of transferring and sharing knowledge across organizational borders Knowledge transfer refers to processes through which actors and organizational units exchange receive and are influenced by the experience and knowledge of others and can manifest itself through changes in the knowledge bases and performance of recipients The capacity of an organization to transfer and exploit knowledge from other organizations is a key to its competitiveness progress and survival Thus imitation is an important prerequisite for innovation However effective knowledge transfer is incredibly challenging it sometimes succeeds but it frequently fails Over the last 30 years considerable research efforts have been made to identify the factors that account for the variations in outcomes of knowledge transfer processes Chapter 2 of this book contains a comprehensive review of transfer theories and research findings However despite great research efforts and many new insights much of the variation in knowledge transfer processes and outcomes remains unexplained which calls for a re theorizing of the subject This book offers a new and fresh reframing of knowledge transfer across organizational borders Based on extensive research it outlines a new theory that conceptualizes knowledge transfer between organizations as acts of translation resembling the translation of language and texts The author shows how involved actors translation competence is a key to better understanding variations in knowledge transfer processes and outcomes Thus this new reframing both extends and challenges established theories of knowledge transfer

*The McDonaldization of Society* George Ritzer, 2020-12-10 Recipient of a 2021 McGuffey Longevity Award from the Textbook Academic Authors Association TAA The book that made McDonaldization part of the lexicon of contemporary sociological theory read by hundreds of thousands of students is now in its Tenth Edition George Ritzer s seminal work of critical sociology The McDonaldization of Society continues to stand as one of the pillars of modern sociological thought Building on the argument that the fast food restaurant has become the model for the rationalization process today this book links theory to contemporary life in a globalized world Ritzer opens our eyes to many current issues and shows how McDonaldization s principles efficiency calculability predictability and control have been applied to other sectors of American society and throughout the world This new edition continues to shift its focus to how we experience McDonaldization online the new locus of production and consumption in the digital age

**Rebuilding Brand America** Dick MARTIN, 2007-01-18 Anti American feeling is at an all time high Other nations and cultures have singled out our businesses government and way of life for harsh scorn widespread resentment even violence Rebuilding Brand America is an exploration of anti Americanism from its causes and earliest manifestations to current efforts to mitigate it Martin explains why many of these efforts failed and reviews the many prescriptions formulated by more than a dozen task forces He then bases his recommendations on the best practices of leading companies and on his own 32 year career in public relations and brand management Rebuilding

Brand America features exclusive interviews with journalists media and PR professionals and executives from global icons like McDonald s Wal Mart and FedEx and analyzes the groundbreaking work of thought leaders such as Pollster John Zogby whose insights into the Muslim world continue to inform policy in the Middle East Newsweek editor Fareed Zakaria whose essay on the 9 11 attacks shed new light on the Islamic mind Keith Reinhard president of Business for Diplomatic Action a non partisan business group organized to fight anti Americanism by addressing its causes in U S business practice Based on a deep understanding of anti Americanism s roots Rebuilding Brand America is a call to action that will help U S based companies prosper in global markets

**Sustaining a Culture of Process Control and Continuous Improvement** Philip J. Gisi,2018-05-16 This comprehensive book presents a methodology for continuous process improvement in a structured logical and easily understandable framework based on industry accepted tools techniques and practices It begins by explaining the conditions necessary for establishing a stable and capable process and the actions required to maintain process control while setting the stage for sustainable efficiency improvements driven by

waste elimination and process flow enhancement This structured approach makes a clear connection between the need for a quality process to serve as the foundation for incremental efficiency improvements This book moves beyond talking about the value contribution of tools and techniques for process control and continuous improvement by focusing on the daily work routines necessary to maintain and sustain these activities as part of a lean process and management mindset Part 1 discusses process quality improvement with an understanding of variation and its impact on process performance It continues by stressing the importance of standardizing a process to achieve process stability Once process stability is reflected in a consistent and predictable output attention is turned to ensuring the process is capable of consistently meeting customer requirements This series of activities sets the foundation for process control and the sustainable pursuit of efficiency improvements Part 2 focuses on efficiency improvement by eliminating waste while improving process flow using proven tools and methods Although there is a clear relationship between waste elimination and process flow these activities are discussed separately to allow those more interested in waste elimination to work independently from those looking to optimize value stream flow Part 3 explores the principles practices systems and behaviors required to maintain process control while creating a mindset of continuous incremental improvement It considers the role organizational structure discipline and accountability play as essential components for long term operational success This book will Provide readers with a clear roadmap for establishing achieving and maintaining process control as the foundation upon which to pursue efficiency improvements Establish direction and methods for continuous and sustainable process improvement Define the practices systems and behaviors required to realize desired results and develop a culture of process control and continuous improvement along the road to operational excellence
