The Italian Renaissance Garden Claudia Lazzaro,1990-01-01 Looks at the use of fountains and sculpture in sixteenth century Italian gardens *Garden and Grove* John Dixon Hunt,2016-02-15 *Garden and Grove* is a pioneering study of the English fascination with Italian Renaissance gardens John Dixon Hunt studies reactions of English visitors in their journals and travel books to the exciting world of Italian gardens its links with classical villas with Virgil and farming with Ovid and

metamorphosis its association with theater its variety its staged debates between art and nature Then he looks at what English visitors made of these Italian garden experiences upon their return home and at how they created Italianate gardens on their estates on their stages and in their poems With a wealth of literary and visual materials previously untapped Hunt provides a new history of an intriguing and vital phase of English garden history Not only does he suggest the centrality of the garden as a focus for many social aesthetic political and philosophical ideas but he argues that the so called English landscape garden before Capability Brown in the late eighteenth century owed much to a long and continuing emulation of Italian Renaissance models *The Renaissance of Italian Gardens* Lorenza De'Medici, Lorenza De' Medici Stucchi, Giuppi Pietromarchi, 1990 Italian Gardens of the Renaissance, and Other Studies , 1914
