Jaarboek Groningen 1974/75:

Jaarboek der Rijksuniversiteit te Groningen Rijksuniversiteit te Groningen, 1883 *Jaarboek der Rijksuniversiteit te Groningen* Rijksuniversiteit Groningen, 1885 **Frisians of the Early Middle Ages** John Hines, Nelleke IJssennagger, 2021

Multi disciplinary approaches shed fresh light on the Frisian people and their changing cultures Frisian is a name that came to be identified with one of the territorially expansive Germanic speaking peoples of the Early Middle Ages occupying coastal lands south and south east of the North Sea Highly varied manifestations of Frisian ness can be traced in and around the north western corner of the European continent in cultural linguistic ethnic and political forms across two thousand years to the present day The thematic studies in this volume foreground how diverse Frisians in different places and contexts could be They draw on a range of multi disciplinary sources and methodologies to explore a comprehensive range of social economic and ideological aspects of early Frisian culture from the Dutch province of Zeeland in the south west to the North Frisian region in the north east Chronologically there is an emphasis on the crucial developments of the seventh and eighth centuries AD alongside demonstrations of how later evidence can retrospectively clarify long term processes of group formation The essays here thus add substantial new evidence to our understanding of a crucial stage in the evolution of an identity which had to develop and adapt to changing influences and pressures **Jaarboek der Rijksuniversiteit te Groningen** ,1882

Challenging Authority Michael P. Hanagan, Leslie Page Moch, Wayne Ph Te Brake, 1998 As long as there have been formal governments there has been political contention an interaction between ruler and subjects involving claims and counterclaims compliance or resistance cooperation resignation condescension and resentment Where political studies tend to focus on either those who rule or those who are ruled the essays in this volume call our attention to the interaction between these forces at the very heart of contentious politics Written by prominent scholars of political and social history these essays introduce us to a variety of political actors peasants and workers tax resisters and religious visionaries bandits and revolutionaries From Brazil to Beijing from the late Middle Ages to the present all were or are challenging authority The authors take a distinctly historical approach to their subject writing both of specific circumstances and of larger processes While tracing their origins to the social history and structural sociology approaches of the sixties and seventies the contributors have also profited from subsequent critiques of these approaches Taken together their essays demonstrate that the relationship between mobilization for collective action and identity formation is a perennial problem for protest groups a problem that the historical study of contentious politics with its focus on political interaction can do much to explain

Jaarboek-Universiteit ,1881 Universiteit van het Noorden: vier eeuwen academisch leven in Groningen 3 Klaas van Berkel, 2021-11-09 De Rijksuniversiteit Groningen is sinds het einde van de Tweede Wereldoorlog onherkenbaar veranderd Van een kleine academische gemeenschap groeide de universiteit uit tot een modern bedrijf ondernemend marktgericht en internationaal geori nteerd De verzakelijking die begon met de oprichting van een Faculteit voor Economische

Wetenschappen in 1948 stakte toen studenten en docenten in de jaren zestig en zeventig een ingrijpende democratisering wisten door de voeren Maar na dit democratisch intermezzo kreeg de verzakelijking de wind weer volop in de zeilen Digitalisering de komst van duizenden buitenlandse studenten de ruimtelijke expansie van de universiteit de schaalvergroting van het onderzoek en de verkorting en verstrakking van de studie maakten dat de universiteit tegenwoordig in bijna niets meer lijkt op de universiteit die na de oorlog weer probeerde op te krabbelen De vraag is wel heeft de Groningse universiteit bij al deze veranderingen haar academisch karakter weten te behouden **Lezen en schrijven ien**
