Local Actions Cultural Activism Power And Public Life In America:

Local Actions Melissa Checker, Maggie Fishman, 2004 Ten absorbing studies present activist groups across the country from transgender activists in New York City to South Asian teenagers in Silicon Valley to evangelical Christians and Palestinian Americans and examines a social change effort as it unfolds on the ground Through their anthropological approach these portraits of American society suggest the inherent possibilities in identity based organizing and offer crucial in depth perspectives on such hotly debated topics as multiculturalism and the culture wars the environment racism public education Native American rights and the Christian right *Cultural Activism around Gender and Sexualities in Colombia and Mexico* César Sánchez-Avella, 2024-03-31 This book focuses on an underestimated alternative to the mainstream liberal rights based approach cultural activism This political strategy deploys art and other creative techniques to support the quest for social justice This work explores this approach s dynamics strategies and potential presenting a qualitative case study of three cultural activists in Colombia and Mexico Lia Garc a Felipe Osornio and Manuel Parra including in depth interviews and ethnographic observation of their artistic activist work Through their intervention in the realm of ordinary affects these cultural producers create new affective climates for the experience of sexual and gender difference and develop new repertoires of affective response concerning identities usually seen as abject or worthy of social punishment Strategies of cultural activism aim to subvert dominant representations and performances of marginalized subjectivities to critique and subvert gender norms to give visibility to non hegemonic identities to resist different forms of oppression and marginalization and to prompt collective healing of wounds left by violence and discrimination **Activist Scholarship** Julia Sudbury, Margo Okazawa-Rey, 2015-12-03 Can scholars generate knowledge and pedagogies that bolster local and global forms of resistance to U S imperialism racial gender oppression and the economic violence of capitalist globalization This book explores what happens when scholars create active engagements between the academy and communities of resistance In so doing it suggests a new direction for antiracist and feminist scholarship rejecting models of academic radicalism that remain unaccountable to grassroots social movements The authors explore the community and the academy as interlinked sites of struggle This book provides models and the opportunity for critical reflection for students and faculty as they struggle to align their commitments to social justice with their roles in the academy At the same time they explore the tensions and challenges of engaging in such contested work *Polluted Promises* Melissa Checker, 2005-08 U S intervention in the Philippines began with the little known 1899 Philippine American War Using the war as its departure point in analyzing U S Philippine relations Vestiges of War retrieves this willfully forgotten event and places it where it properly belongs as the catalyst that led to increasing U S interventionism and expansionism in the Asia Pacific region This seminal multidisciplinary anthology examines the official American nationalist story of benevolent assimilation and fraternal tutelage in its half century of colonial occupation of the Philippines Integrating critical and visual art essays archival and contemporary photographs

dramatic plays and poetry to address the complex Philippine and U S perspectives and experiences the essayists compellingly recount the consequences of American colonialism in the Philippines Vestiges of War will force readers to reshape their views on what has been a deliberately obscure but significant phase in the histories of both countries one which continues to haunt the present Contributors Genara Banzon Santiago Bose Ben Cabrera Renato Constantino Doreen Fernandez Eric Gamalinda Guillermo Gomez Pena Jessica Hagedorn Reynaldo Iletto Yong Soon Min Manuel Ocampo Paul Pfeiffer Christina Quisumbing Vicente Rafael Daniel Boone Schirmer Kidlat Tahimik Mark Twain and Jim Zwick **Race and Religion**

Among the Chosen People of Crown Heights Henry Goldschmidt,2006-09-01 In August of 1991 the Brooklyn neighborhood of Crown Heights was engulfed in violence following the deaths of Gavin Cato and Yankel Rosenbaum a West Indian boy struck by a car in the motorcade of a Hasidic spiritual leader and an orthodox Jew stabbed by a Black teenager The ensuing unrest thrust the tensions between the Lubavitch Hasidic community and their Afro Caribbean and African American neighbors into the media spotlight spurring local and national debates on diversity and multiculturalism Crown Heights became a symbol of racial and religious division Yet few have paused to examine the nature of Black Jewish difference in Crown Heights or to question the flawed assumptions about race and religion that shape the politics and perceptions of conflict in the community In *Race and Religion among the Chosen Peoples of Crown Heights* Henry Goldschmidt explores the everyday realities of difference in Crown Heights Drawing on two years of fieldwork and interviews he argues that identity formation is particularly complex in Crown Heights because the neighborhood's communities envision the conflict in remarkably diverse ways Lubavitch Hasidic Jews tend to describe it as a religious difference between Jews and Gentiles while their Afro Caribbean and African American neighbors usually define it as a racial difference between Blacks and Whites These tangled definitions are further complicated by government agencies who address the issue as a matter of culture and by the Lubavitch Hasidic belief a belief shared with a surprising number of their neighbors that they are a chosen people whose identity transcends the constraints of the social world The efforts of the Lub avitch Hasidic community to live as a divinely chosen people in a diverse Brooklyn neighborhood where collective identities are generally defined in terms of race illuminate the limits of American multiculturalism a concept that claims to celebrate diversity yet only accommodates variations of certain kinds Taking the history of conflict in Crown Heights as an invitation to reimagine our shared social world Goldschmidt interrogates the boundaries of race and religion and works to create space in American society for radical forms of cultural difference Adopted Territory Eleana J. Kim,2010-11-30 An ethnography examining the history of Korean adoption to West the emergence of a distinctive adoptee collective identity and adoptee returns to Korea in relation to South Korean modernity and globalization **The CQ Press Guide to Urban Politics and Policy in the United States** Christine Kelleher Palus,Richardson Dilworth,2016-02-11 The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States If the old

adage that all politics is local is even partially true then cities are important centers for political activity and for the delivery of public goods and services U S cities are diverse in terms of their political and economic development demographic makeup governance structures and public policies Yet there are some durable patterns across American cities too Despite differences in governance and or geographic size most cities face similar challenges in the management of public finances the administration of public safety and education And all U S cities have a similar legal status within the federal system This reference guide will help students understand how American cities from old to new have developed over time Part I how the various city governance structures allocate power across city officials and agencies Part II how civic and social forces interact with the organs of city government and organize to win control over these organs and or their policy outputs Part III and what patterns of public goods and services cities produce for their residents Part IV The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text FEATURES Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments population grown size of city budgets etc or historical figures e g mayors a bibliographic essay and a detailed index Sidebars are provided throughout and chapters conclude with References Further Readings and Cross References to related chapters as links in the e version This Guide is a valuable reference on the topics in urban politics and policy in the United States The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

Sin, Sex, and Democracy Cynthia Burack, 2008-04-17 While the Christian Right has spearheaded a variety of antigay projects over the past fifteen years including interventions in public schools antigay rights initiatives and support for a constitutional amendment banning same sex marriage observers of the institutionalized Christian Right have also noted a softening of antigay public rhetoric Sin Sex and Democracy analyzes these two ostensibly conflicting phenomena Examining Christian witnessing tracts the ex gay movement and recent linkages between gays and terrorists Cynthia Burack argues that as the Christian Right has become a more sophisticated interest group leaders have become adept at tailoring different messages for mainstream audiences and for the internal pedagogical processes of Christian conservatives Understanding the rhetoric and the theological convictions that lie behind them Burack claims is essential to better understand how American politics work and how to effectively respond to exclusionary forms of political thought and practice

Tennessee Women Sarah Wilkerson Freeman, Beverly G. Bond, Laura Helper-Ferris, 2009-02-01 Including suffragists civil rights activists and movers and shakers in politics and in the music industries of Nashville and Memphis as well as many other notables this collective portrait of Tennessee women offers

new perspectives and insights into their dreams their struggles and their times As rich diverse and wide ranging as the topography of the state this book will interest scholars general readers and students of southern history women s history and Tennessee history Tennessee Women Their Lives and Times shifts the historical lens from the more traditional view of men s roles to place women and their experiences at center stage in the historical drama The eighteen biographical essays written by leading historians of women illuminate the lives of familiar figures like reformer Frances Wright blueswoman Alberta Hunter and the Grand Ole Opry s Minnie Pearl Sarah Colley Cannon and less well known characters like the Cherokee Beloved Woman Nan ye hi Nancy Ward antebellum free black woman Milly Swan Price and environmentalist Doris Bradshaw Told against the backdrop of their times these are the life stories of women who shaped Tennessee s history from the eighteenth century challenges of western expansion through the nineteenth and twentieth century struggles against racial and gender oppression to the twenty first century battles with community degradation Taken as a whole this collection of women s stories illuminates previously unrevealed historical dimensions that give readers a greater understanding of Tennessee s place within environmental and human rights movements and its role as a generator of phenomenal cultural life

Rethinking Arab American Activism Pamela E. Pennock, 2025-02-26 *Rethinking Arab American Activism* analyzes the long overlooked political activities of Arab Americans in the United States uncovering a rich history that dispels common misconceptions that Arab American activism emerged only in the aftermath of the September 11 attacks of 2001 Pennock chronicles how the Arab Israeli Wars of 1967 and 1973 galvanized a wave of secular leftist activism Grassroots organizing in cities like Detroit and the formation of organizations such as the Organization of Arab Students and the Association of Arab American University Graduates illustrated this era of political awakening in the 1960s and 1970s These groups formed coalitions with African Americans and other minority groups and Arab American activism transitioned into more mainstream political realms during the 1980s and 1990s to address civil rights anti imperialism and anti discrimination efforts Following September 11 Arab Americans faced increased scrutiny and discrimination but also found new avenues for activism and coalition building By shedding light on the enduring and diverse contributions of Arab Americans to US socio political landscapes this book also explores the legacy of that period of organizing for contemporary justice activism on Palestinian rights This volume provides a comprehensive yet concise history for readers interested in Arab American history the history of social movements and activism and contemporary American history

Not by Faith Alone Julie Adkins, Laurie A. Occhipinti, Tara Hefferan, 2010-01-01 This volume builds on the existing ethnographic literature on faith based development internationally to offer a fresh and sophisticated analysis of faith based organizations in the United States The case studies included offer starting points for expanded discussions on the meaning of faith based development the differences between faith based and secular development approaches the influence of faith orientation on program formulation and delivery and whether faith based organizations can offer more efficient and effective solutions to structural inequality and poverty alleviation

Anthropology and Activism Anna J Willow, Kelly A Yotebieng, 2020-07-28 This book offers a comprehensive and current look at the complex relationship between anthropology and activism Activism has become a vibrant research topic within anthropology Many scholars now embrace their own roles as engaged social actors which has compelled reflexive attention to the anthropology activism intersection and its implications With contributions by emerging scholars as well as leading activist anthropologists this volume illuminates the diverse ways in which the anthropology activism relationship is being navigated Chapters touch on key areas including environment and extraction food sustainability and security migration and human rights health disparities and healthcare access class and gender identities and empowerment and the defense of democracy Case studies drawn mainly from North America encourage readers to think through their own experiences and expectations and will serve as durable documentation of how movements develop and change This timely survey of the activist anthropological landscape is valuable reading in an era of widely perceived ecological and political crisis where disinterested data collection increasingly appears to be a luxury that neither the discipline nor the world can afford

Politics and Partnerships Elisabeth S. Clemens, Doug Guthrie, 2010 Routinely members of both major parties call for partnerships between government and nonprofit organizations

A Short History of Global Evangelicalism Mark Hutchinson, John Wolffe, 2012-04-30 This book offers an authoritative overview of the history of evangelicalism as a global movement from its origins in Europe and North America in the first half of the eighteenth century to its present day dynamic growth in Africa Asia Latin America and Oceania Starting with a definition of the movement within the context of the history of Protestantism it follows the history of evangelicalism from its early North Atlantic revivals to the great expansion in the Victorian era through to its fracturing and reorientation in response to the stresses of modernity and total war in the late nineteenth and early twentieth centuries It describes the movement's indigenization and expansion toward becoming a multicentered and diverse movement at home in the non Western world that nevertheless retains continuity with its historic roots The book concludes with an analysis of contemporary worldwide evangelicalism's current trajectory and the movement's adaptability to changing historical and geographical circumstances

That's Revolting! Pasha Malla, 2010-11 Ten years ago one might not have imagined the largest national gay rights lobbying group Human Rights Campaign endorsing a right wing Republican Senatorial candidate Al D Amato in New York or the San Francisco Pride parade adopting the Budweiser advertising slogan as its official theme 2002 As an assimilationist gay mainstream wields increasing power the focus of gay struggle has become limited to marriage military service and adoption The gay mainstream presents a sanitized straight friendly version of gay identity which makes it safe for Richard Chamberlain or Rosie O'Donnell to come out and still rake in the bucks By the twisted priorities of this gay mainstream it's okay to oppose a queer youth shelter because it might interfere with property values or to fight against the inclusion of transgendered people under hate crimes legislation because this might not appeal to straight voters As the gay mainstream ironically prioritizes the attainment of straight privilege over all else it drains queer identity of any meaning relevance or cultural value and calls this progress That's Revolting shows us what the new queer resistance looks like The collection is a fistful of rocks to throw at the glass house of Gaylandia That's Revolting uses queer identity and struggle as a starting point from which to reframe reclaim and re shape the world

Sustainability in the Global City Gary McDonogh, Melissa Checker, 2015-03-05 This volume is a vital contribution to conversations about urban sustainability looking beyond the propaganda to explore its consequences for everyday life

Transforming Archaeology Sonya Atalay, Lee Rains Clauss, Randall H McGuire, John R Welch, 2016-07 Archaeology for whom The dozen well known contributors to this innovative volume suggest nothing less than a transformation of the discipline into a service oriented community based endeavor They wish to replace the primacy of meeting academic demands with meeting the needs and values of those outside the field who may benefit most from our work They insist that we employ both rigorous scientific methods and an equally rigorous critique of those practices to ensure that our work addresses real world social environmental and political problems A transformed archaeology requires both personal engagement and a new

toolkit Thus in addition to the theoretical grounding and case materials from around the world each contributor offers a personal statement of their goals and an outline of collaborative methods that can be adopted by other archaeologists
