Local Food and Community Development Gary Paul Green, Rhonda Phillips, 2014-10-20 Food has become an essential component in community development practice Whether in reference to building a local or regional food system or addressing food insecurity food has become a focus in community development approaches in many localities Farmers markets community gardens farm to school programs and other food centered initiatives have been used to foster community development processes across a spectrum of desired outcomes The surging interest in food for fostering community development draws attention to numerous applications ranging from grassroots efforts to formal programs sponsored by the public or nonprofit sectors These efforts are often in conjunction with local private businesses helping create micro businesses and supporting the small farm movement Some regions are even considering economic development strategies of food clusters to promote speciality food businesses and supporting programs This volume explores the relationships between food and community and the various approaches for development through a selection of chapters illustrating a wide range of applications This book is a compilation of articles published in the journal Community Development Local Food Systems and Community Economic Development R. David Lamie, Steven C. Deller, 2020-05-21 Local Food Systems and Community Economic Development provides scholarly and practical knowledge on a range of issues often associated with local food system development Many people agree that there are unintended consequences associated with the manner in which our food supply chain has evolved These concerns range in focus from health to environment to economic structure to social justice But for each argument critical of our current food system there are to be found strong counter arguments the popular press is replete with stories that lean toward taking specific sides in these arguments often demonizing those on the other side In this volume local food scholars strive to be fair balanced and as factual as possible in their arguments This even handed approach is appropriate as it should foster more sustainable community change and should lead us toward a stronger foundation for scholarly inquiry and ultimately more respect and credibility for efforts to better understand the phenomenon of local and regional food system development Amidst a deepening interest in local food systems as a community economic development strategy Local Food Systems and Community Economic Development will be of great interest to scholars of community development rural studies agriculture food systems and rural economy The chapters originally published as a special issue of Community Development

Local Food and Community Development Gary Paul Green, Rhonda G. Phillips, 2014-10-20 Food has become an essential component in community development practice Whether in reference to building a local or regional food system or addressing food insecurity food has become a focus in community development approaches in many localities Farmers markets community gardens farm to school programs and other food centered initiatives have been used to foster community development processes across a spectrum of desired outcomes The surging interest in food for fostering community development draws attention to numerous applications ranging from grassroots

efforts to formal programs sponsored by the public or nonprofit sectors These efforts are often in conjunction with local private businesses helping create micro businesses and supporting the small farm movement Some regions are even considering economic development strategies of food clusters to promote speciality food businesses and supporting programs This volume explores the relationships between food and community and the various approaches for development through a selection of chapters illustrating a wide range of applications This book is a compilation of articles published in the journal Community Development

Community Development Approaches to Improving Public Health Robert

Ogilvie,2013-09-13 As the rates of chronic diseases like diabetes asthma and obesity skyrocket research is showing that the built environment the way our cities and towns are developed contributes to the epidemic rates of these diseases It is unlikely that those who planned and developed these places envisioned these situations Public health community development planning and other fields influencing the built environment have operated in isolation for much of recent history with the result being places that public health advocates have labelled designed for disease The sad irony of this is that planning and public health arose together in response to the need to create health standards zoning and building codes to combat the infectious diseases that were prevalent in the industrializing cities of late nineteenth and early twentieth century America In recent years the dramatic rise in chronic disease rates in cities and towns has begun to bring public health and planning back together to promote development pattern and policies facilitating physical activity and neighbourly interactions as antidotes In this book a number of such community development efforts are highlighted bringing attention to the need to coordinate planning community development and health policy This book was originally published as a special issue of Community Development

Cooperatives and Community Development Vanna Gonzales,Rhonda

Phillips,2014-01-21 In celebration of cooperatives contributions to community development processes and outcomes worldwide the United Nations designated 2012 as the Year of the Cooperative Today as in the past cooperatives have proved effective in bringing people and organizations together to accomplish a broad array of goals related to fostering social and economic innovation protecting communities against poor living and working conditions and promoting a better quality of life Analytically as both a movement and as a business model cooperatives hold much potential for generating the types of synergies collaboration and productive and social processes that enable community development to thrive in a variety of local regional and global contexts This collection of articles chronicles new developments in the ways in which cooperatives are used in a diverse array of community contexts They offer insight as to what these changes mean both empirically and theoretically for community development in the decades to come This book is a compilation of articles published in the journal Community Development

Food & Fitness Community Partnerships Laurie Lachance,Laurie Carpenter,Mary Emery,Mia Luluquisen,2018-02-02 This book describes many of the unique contributions of the Food Fitness program including a number of early successes drawing lessons from efforts to form and maintain partnerships and from the

strategies employed to create structural change in communities This important study introduces the Food and Fitness community partnerships and their work to increase access to healthy locally grown food and opportunities for physical activity in vulnerable communities across the United States Established in 2007 and funded by the WK Kellogg Foundation the partnerships are increasing the capacity of communities to participate in policy and systems change to positively affect their health and well being The material covered in the chapters provide an illustration of how funders grantees and partners can work together to create sustainable change at the neighborhood level to ensure that all children and families are able to thrive A range of studies are looked at from the various initiatives funded nationwide to evaluation methods and results and an explanation of the role of philanthropy in community development from the viewpoint of the funders This book was originally published as a special issue of Community Development *Community Economic Development* Rhonda Phillips, Terry Besser, 2016-05-06 The role of economic development in communities is multi faceted having an array of antecedents impacts and implications This volume explores the relationships between economic development and community development focusing on the aspects that impact communities such as social capital participation and business development It discusses the need for aligning the goals of community betterment more closely with economic improvement and finding ways to enhance leadership and other resources Including both current contributions and classics the evolution of the relationship between and roles of the two kinds of development is explored The articles in the volume present several theoretical perspectives of development Most common among them are sustainable economic development and social capital theories Utilizing these theories and data from various sources the authors are able to suggest specific development strategies for improving community economic and quality of life outcomes The volume offers an exploration of directions for future research including the need for more theoretical and empirical work on the role of amenity development on rural community economic and quality of life outcomes Practitioners of community and economic development along with researchers and students will find this volume useful and relevant for both theory and application This book is a compilation of articles published in the Journal of the Community Development Society *Community Leadership Development* Mark A. Brennan, 2014-10-29 The development of leadership capacities addresses a vital and continuing need in communities and organizations as they attempt to adapt to a wide range of social economic environmental and political changes Leadership development activities that focus on building new skills and fostering new ideas directly shape local and organizational capacity At the organizational level leadership is a valued resource as organizations are faced with challenges of limited resources funding and other capacities Community leadership operates within a different domain an environment with different dynamics structures and goals Community leadership is distinctive in that leaders often do not have formal training or authority to dictate and facilitate change Instead community leaders must rely on informal networks of diverse citizens each with a unique local capacity as the basis for change This book brings together classic and contemporary articles drawn

from Community Development Divided into two sections the book begins with a range of seminal leadership theory and conceptualization pieces These have been instrumental in shaping leadership development in a wide range of settings Following the theory section a variety of research and application chapters are presented These chapters operationalize theory through applied research and programming and provide replicable frameworks for future research and programs This book is a compilation of articles published in the journal Community Development

Tourism, Planning, and Community Development Rhonda Phillips, Sherma Roberts, 2013-09-13 The intersection of community development tourism and planning is a fascinating one Tourism has long been used as a development strategy in both developed and developing countries from the national to local levels These approaches have typically focused on economic dimensions with decisions about tourism investments policies and venues driven by these economic considerations More recently the conversation has shifted to include other aspects social and environmental to better reflect sustainable development concepts Perhaps most importantly is the richer focus on the inclusion of stakeholders An inclusionary participatory approach is an essential ingredient of community development and this brings both fields even closer together It reflects an approach aimed at building on strengths in communities and fostering social capacity and capital In this book the dimensions of the role tourism plays in community development are explored A panoply of perspectives are presented tackling such questions as can tourism heal How can tourism development serve as a catalyst to overcome social injustices and cultural divides This book was originally published as a special issue of Community Development

Community Visioning Programs Norman Walzer, Gisele Hamm, 2017-10-02 Communities have practiced strategic planning for decades using a variety of tools and programs based on the initial Take Charge programs of the early 1990s These efforts generated a large amount of research regarding their effectiveness as well as ways to measure long term outcomes and other related issues in efforts to better understand the process of community change This book provides contributions written by researchers and practitioners describing both visioning and other strategic planning efforts The Great Recession challenged the future of many small and medium sized cities especially in non metropolitan areas renewing the interests of community leaders and elected officials in finding innovative ways to revitalize their local employment base and economic opportunities Having access to a collection of best practices and successful approaches can greatly assist these practitioners in selecting strategies and techniques for use in their community efforts The material in this book is especially useful because it includes both methodologies as well as case studies of how and why various approaches used in alternative cultural settings have succeeded This book was originally published as a special issue of Community Development

Regional Equity Victor Rubin, 2017-10-02 Regional equity as a field of scholarship as an arena of policy change and as a social movement has grown diversified and matured in important ways over the past decade The fruits of that growth and development can be seen in recent federal and state policies in the practices of many regional planning organizations and in the agendas and approaches of countless community based

organizations and issue advocacy groups As the field has expanded a growing number of researchers have been tracking these phenomena explaining how and why concepts of metropolitan development are being reframed documenting the efforts to shape policies and diversify leadership assessing where and how equity and social justice concerns have been brought into regional planning for transportation land use housing public finances environmental quality smart growth sustainable development public health and other issue areas This volume brings together analyses and commentary by some of the leading scholarly observers these timely developments This book was published as a special issue of Community Development

Innovative Measurement and Evaluation of Community Development Practices Norman Walzer, Jane Leonard, Mary Emery, 2017-10-02 Finding innovative and useful measurement practices for community development projects is gaining in importance as policymakers increase the demands for accountability This book examines some of the latest efforts to document the effectiveness of local development efforts The types of documentation differ by types of project jurisdiction and country but they have a common focus of recognizing the importance of the Community Capitals framework Public agencies in the past have often measured development successes by the number of jobs created and or amount of private investment forthcoming However the impacts of community development reach much deeper than those indicators Strengthening local decision making capacity is a common component of development efforts as is engaging populations that in the past have not been active in decision making These and other considerations are explored in more detail by authors in this volume Local policymakers and practitioners will be continually pressured to provide more documentation of outcomes and readers will gain considerable insights into alternative approaches that can be included in projects but can also see the common elements needed to create a solid measurement system International insights are a special strength of the discussions in this book This book was published as a special issue of Community Development

Innovative Community Change Practices Norman Walzer, Sam Cordes, 2017-10-02 The national recession forced many communities to examine new and innovative ways to promote local economic development resulting in long term community changes New techniques and approaches were used to identify available opportunities and programs which could take advantage of development opportunities A common theme among the contributions to this book is a focus on building leadership capacity and several chapters discuss the successful practices which are aimed at bringing new leaders into local development efforts Especially important are ways to identify youth and young adults and designing programs that bring them into active leadership roles within community development efforts On a broader scale several authors present material regarding building local entrepreneurship capacity and recognizing that entrepreneurs at different stages in their development have different training and support needs The discussions in this book will help local policymakers and development practitioners better understand the various development techniques and find ways to build capacity within their community stimulating development This information will be especially useful for groups interested in engaging youth and populations who in the

past have not been especially active in discussions about community and economic development This book was originally published as a special issue of Community Development *Sustainable Rural Development* Mary Emery, Isabel Gutierrez-Montes, Edith Fernandez-Baca, 2016-03-16 This book brings together several systems level approaches to the consideration of the interaction of livelihood choices natural resource management and participatory action research on sustainable development By focusing on these approaches to community change the volume hopes to encourage readers to consider how they might adopt methods such as Sustainable Livelihoods Approach SLA Community Capitals Framework CCF and Participatory Action Research PAR in their own research practice and teaching Thus this volume will engage readers in reflection about the importance of systems level approaches that address poverty from the perspective of the poor natural resource management that maintains the resource for future generations and the engagement of local people in designing and implementing and thus owning strategies that address equity as well as economic security and the environment This book was originally published as a special issue of Community Development Innovative Community Responses to Disaster Brent Hales, Norman Walzer, James Calvin, 2017-10-02 Increasingly community leaders around the world face major natural and economic disasters that require them to find ways to rebuild both physical infrastructure and the local economy Doing this effectively requires an understanding of how various parts of the community are interconnected as well as information as to which revitalization approaches have succeeded in the past Community investment in recovery is essential and in some cases may require local leaders to rethink how it can be financed and arranged This book presents a conceptual framework based on the community capitals and describes approaches that have succeeded in situations where local leaders have coordinated efforts to rebuild and revitalize local conditions Contributions provide examples of successful approaches around the world thus analysing potential strategies for addressing disasters of many different types in various cultural settings In this way the book provides insights into a variety of approaches based on applications of accepted community development theory and concepts This book was originally published as a special issue of Community Development **Rural Wealth Creation as a Sustainable Economic Development Strategy** Shanna Ratner, Deborah Markley, 2017-10-02 Many rural areas in the United States find themselves struggling to build local assets and create wealth and when this wealth is created they often struggle to hold on to it Previous approaches to community and economic development have been inadequate in attempting to reverse these trends Shifting to a new way of enabling economic development requires supporting innovative community leaders as they explore new ways of approaching the task at hand It also requires thinking anew about the role of rural areas based on valuing multiple forms of wealth natural social and human There is a real need for an approach that can help stem the potential loss of existing wealth and attract new investment that will allow rural areas to become valued partners in regional economies This book provides an important insight into rural wealth creation as a sustainable economic development strategy At the same time a number of compelling issues are raised that merit future research effort and

discussion This book was originally published as a special issue of Community Development **More than Bouncing Back** Anne Cafer, John J. Green, Gary Goreham, 2023-07-31 As the concept of community resilience moves from the margins of practice and theoretical research to more mainstream scholarship critical issues of conceptualization and use emerge This is particularly true at the intersection of community development practice and community resilience theory This book teases out limitations with current conceptualizations of community resilience offers enhanced and alternative conceptualizations and presents compelling case studies of new conceptualizations in action This book is a starting place for scholarly conversations about the role of community resilience in community development practice The frameworks presented here will continue to gain more support in academic and non academic arenas as resilience rhetoric increases in popularity However it is crucial for community practitioners to use these frameworks to actively cultivate resilience in their communities by building adaptive capacity in systematic ways To move the field of community resilience forward it is critical to understand the nuances of context and conditions in communities and how broader conceptualizations of resilience account for and utilize context to build adaptive capacity This book was originally published as a special issue in the journal Community Development **Community Gardening as Social Action** Claire Nettle, 2016-05-23 There has been a resurgence of community gardening over the past decade with a wide range of actors seeking to get involved from health agencies aiming to increase fruit and vegetable consumption to radical social movements searching for symbols of non capitalist ways of relating and occupying space Community gardens have become a focal point for local activism in which people are working to contribute to food security question the erosion of public space conserve and improve urban environments develop technologies of sustainable food production foster community engagement and create neighbourhood solidarity Drawing on in depth case studies and social movement theory Claire Nettle provides a new empirical and theoretical understanding of community gardening as a site of collective social action This provides not only a more nuanced and complete understanding of community gardening but also highlights its potential challenges to notions of activism community democracy and culture Knowledge Partnering for Community Development Robyn Eversole, 2014-10-17 Effective community development means that many different stakeholders have to work together governments development organizations and NGOs and most importantly the people they serve Knowledge Partnering for Community Development teaches community development professionals how to mediate community needs and development agendas to make community based solutions for development challenges Based on the newest research in community and global development Eversole shows readers a strong research and theoretically based framework for understanding local development processes and gives them the skills to turn this into cutting edge practice Each chapter features global case studies of innovative community state partnerships and practical application exercises and strategies for professionals looking to bring new approaches to their research Knowledge Partnering for Community Development is essential for community workers and

students of community development looking to bridge the gap between research insight and best practice between community actors
