London A Life In Maps:

London Peter Whitfield, 2006 London A Life in Maps offers a magnificent panorama of London's history by focusing on its maps The Great Fire the opening of the Royal Parks the building of the docks the railway age all these processes and many more are evident in these historic maps from the mid sixteenth century to the present day [London](#), 2006 [London](#) WHITFIELD, 2017-02-23 **The Social Life of Maps in America, 1750-1860** Martin Brückner, 2017-10-26 In the age of MapQuest and GPS we take cartographic literacy for granted We should not the ability to find meaning in maps is the fruit of a long process of exposure and instruction A carto coded America a nation in which maps are pervasive and meaningful had to be created The Social Life of Maps tracks American cartography's spectacular rise to its unprecedented cultural influence Between 1750 and 1860 maps did more than communicate geographic information and political pretensions They became affordable and intelligible to ordinary American men and women looking for their place in the world School maps quickly entered classrooms where they shaped reading and other cognitive exercises giant maps drew attention in public spaces miniature maps helped Americans chart personal experiences In short maps were uniquely social objects whose visual and material expressions affected commercial practices and graphic arts theatrical performances and the communication of emotions This lavishly illustrated study follows popular maps from their points of creation to shops and galleries schoolrooms and coat pockets parlors and bookbindings Between the decades leading up to the Revolutionary War and the Civil War early Americans bonded with maps Martin Brückner's comprehensive history of quotidian cartographic encounters is the first to show us how [The Cognitive Life of Maps](#) Roberto Casati, 2024-05-14 The mapness of maps how maps live in interaction with their users and what this tells us about what they are and how they work In a sense maps are temporarily alive for those who design draw and use them They have for the moment a cognitive life To grapple with what this means to ask how maps can be alive and what kind of life they have is to explore the core question of what maps are And this is what Roberto Casati does in The Cognitive Life of Maps in the process assembling the conceptual tools for understanding why maps have the power they have why they are so widely used and how we use and misuse them Drawing on insights from cognitive science and philosophy of mind Casati considers the main claims around what maps are and how they work their specific syntax peculiar semantics and pragmatics He proposes a series of steps that can lead to a precise theory of maps one that reveals what maps have in common with diagrams pictures and texts and what makes them different This minimal theory of maps helps us to see maps nested in many cognitive artifacts clock faces musical notation writing calendars and numerical series for instance It also allows us to tackle the issue of the territorialization of maps to show how maps can be used to draw specific spatial inferences about territories From the mechanics of maps used for navigation to the differences and similarities between maps and pictures and models Casati's ambitious work is a cognitive map in its own right charting the way to a new understanding of what maps mean **Insight Guides Explore London (Travel Guide eBook)** Insight

Life and Labour of the People in London Charles Booth,1902 **Mapping Society** Laura Vaughan,2018-09-24 From a rare map of yellow fever in eighteenth century New York to Charles Booth's famous maps of poverty in nineteenth century London an Italian racial zoning map of early twentieth century Asmara to a map of wealth disparities in the banlieues of twenty first century Paris Mapping Society traces the evolution of social cartography over the past two centuries In this richly illustrated book Laura Vaughan examines maps of ethnic or religious difference poverty and health inequalities demonstrating how they not only serve as historical records of social enquiry but also constitute inscriptions of social patterns that have been etched deeply on the surface of cities The book covers themes such as the use

of visual rhetoric to change public opinion the evolution of sociology as an academic practice changing attitudes to physical disorder and the complexity of segregation as an urban phenomenon While the focus is on historical maps the narrative carries the discussion of the spatial dimensions of social cartography forward to the present day showing how disciplines such as public health crime science and urban planning chart spatial data in their current practice Containing examples of space syntax analysis alongside full colour maps and photographs this volume will appeal to all those interested in the long term forces that shape how people live in cities

The Objects and Textures of Everyday Life in Imperial Britain Janet C. Myers, Deirdre H. McMahon, 2017-05-15 Focusing on everyday life in nineteenth century Britain and its imperial possessions from preparing tea to cleaning the kitchen from packing for imperial adventures to arranging home decor the essays in this collection share a common focus on materiality the nitty gritty elements that helped give shape and meaning to British self definition during the period Each essay demonstrates how preoccupations with common household goods and habits fueled contemporary debates about cultural institutions ranging from personal matters of marriage and family to more overtly political issues of empire building While existing scholarship on material culture in the nineteenth century has centered on artifacts in museums and galleries this collection brings together disparate fields history of design landscape history childhood studies and feminist and postcolonial literary studies to focus on ordinary objects and practices with specific attention to how Britons of all classes established the tenets of domesticity as central to individual happiness national security and imperial hegemony
