many topics within this discipline have yet to be explored and developed This collection of essays is one of the forerunners dedicated to a comprehensive study of the literature language and culture of the Caribbean By exploring the works of such prominent literary scholars as Samuel Selvon and Lorna Goodison as well as the myriad of issues pertaining to the Caribbean experience this volume provides an engaging overview of literary language and cultural analysis Because of this wide range of essays this text meets a need to examine the Caribbean in its complexity which is rarely addressed
