Look At Me New Baby:

Look at Me Mareike Krügel, 2018-02-26 Katharina's husband isn't coming home for the weekend again so she's on her own. When their chaotic daughter Helli has a nosebleed, Kat has to dash off to school to pick her up. Then their son Alex announces he's bringing his new girlfriend home for the first time. Kat's best friend from college is coming around tonight too and she's wondering if she should try to seduce him but first she needs to do the shopping, the vacuuming and the laundry. deal with an exploding clothes dryer, find their neighbour's severed thumb in the front yard and catch a couple of escaped rodents. When she's got all that sorted perhaps she'll have time to think about the thing she's been trying not to think about: the lump she's just found in her breast. Because you can't just die and leave a huge mess for someone else to clean up can you? And wasn't there supposed to be more to life than this? Mareike Krügel lives in Schleswig-Holstein with her husband and their two children. She has received numerous literary awards including the Friedrich Hebbel Prize. *Look at Me* is her fourth novel and the first to be translated into English. Funny, moving and thought provoking. *BookMooch* Kat and her family are deeply flawed but likeable characters you want to cheer them on. A good read suitable for long dark evenings. *Otago Daily Times* A quirky ride that masterfully blends a sardonic sense of humour with a deeply embedded fear of mortality. *Readings* For all the chaos of Katharina's life and for all the humour of her narrative voice, this well-written and surprisingly complex novel has an unexpected gravitas. *Age* Definitely one of those read-in-one-sitting-hard-to-put-down books. *Nudge Books* An enjoyable and thought provoking read. *MindFood* With a heroine so well realised she feels like a friend and piercingly true ruminations on the strange courses that life can take. *Look At Me* is a wildly impressive English language debut. *Culturefly* Full of whimsical inner monologues and snappy one-liners. *Booklist* Krügel knows her way around both the salty and sweet of marriage and motherhood. *Kirkus Reviews*

Screen Door Sharon D. Smith, 2014-05-15 Sharon Smith reaches deep down and recaptures the torturous times of her childhood growing up in Harlem, New York. From kindergarten through high school, her experiences accelerated her awareness of life's unyielding challenges. She met the hard and bitter reality of becoming an outcast. Concurrently, her family was shattered by alcoholism, poverty and physical abuse. As her mother traveled the country, Sharon became the substitute mother for her sister and three brothers. She endured adversity and hostility in 1960s Harlem public housing projects. Entering her teenage years, Sharon met with even more abysmal poverty and despair. Her health compromised, compounded with family issues, Sharon longed and prayed for acceptance and a better life. Despite all of the challenges, she decides to return to the religion of her youth. She began to seek God's guidance and the meaning of love in her life. With prayer and reading of the Scriptures, Sharon found salvation and contentment. As she tells her tumultuous early childhood story filled with years of ridicule and contempt from her peers which tore at her self-esteem and self-worth, we begin to see her life unfold: the little girl guarded behind the protection of God's screen door. *January 2014*

Stolen Halo Trish Dinsmoor, 2012-03-02 *STOLEN HALO* is a moving and engrossing memoir about childhood, physical, sexual and

emotional abuse about rejection and abandonment that provides a perspective that only a person who was that child can know *STOLEN HALO* is a true testament to the importance and the process of facing one's past head on, resurrecting that past, owning and respecting it, putting it into written words and then sharing one's own story with the universe in the hope that those words will somehow help others make sense of their own lives just as writing them made sense to the author. For Trish Dinsmoor in *STOLEN HALO* it isn't just a matter of honesty; it is a matter of responsibility to get her message of hope out to all the victims of abuse. *STOLEN HALO* and its poignant message of hope and survival is Trish Dinsmoor's attempt to set herself and other victims free.

Stopless Wanda Robinson, 2006-11 *STOPLESS* A full length memoir by Wanda Lee Robinson is the true story of a girl who escapes her abusive mother by running away to New York City in the 70s. Although hopeful and a true romantic, she is sucked down into a world of stripping and hard drugs. Tortured by a sadistic cocaine dealer who trades her coke for sex, she falls to rock bottom and a decision to die or change her life and live. My story is not merely anecdotal. I write about my feelings and how my painful childhood shaped my inner and outer landscapes. In the end, my story is one of redemption; my sense of humor shines throughout, helping to balance my sordid and magical tale. Wanda Lee Robinson, Author *STOPLESS A Candle Beneath My Bed: Betrayal*, Jo Bryan Costales, 2014-10-27 Jo Bailey was a mystic and religious figure who shortly before his death founded the Church of Jo. Jo is a late 20th Century historical novel by award winning author Bryan Costales. The life and times of Jo Bailey is presented in the form of a sequence of letters, articles, news accounts, diaries, and so on, each told by someone who cared about or hated Jo. It is the combined nature of these narratives that provide a rich overview of the last part of the 20th Century and of Jo Bailey's ability to foresee death but never prevent it.

Ask Me Why I Hurt Randy Christensen, M.D., 2011-04-12 An unforgettable and inspiring memoir of an extraordinary doctor who is saving lives in a most unconventional way. *Ask Me Why I Hurt* is the touching and revealing first person account of the remarkable work of Dr. Randy Christensen. Trained as a pediatrician, he works not in a typical hospital setting but rather in a 38 foot Winnebago that has been refitted as a doctor's office on wheels. His patients are the city's homeless adolescents and children. In the shadow of an affluent American city, Dr. Christensen has dedicated his life to caring for society's throwaway kids, the often abused, unloved children who live on the streets without access to proper health care all the while fending off constant threats from thugs, gangs, pimps, and other predators. With the Winnebago as his moveable medical center, Christensen and his team travel around the outskirts of Phoenix attending to the children and teens who need him most. With tenderness and humor, Dr. Christensen chronicles everything from the struggles of the van's early beginnings to the support system it became for the kids and the ultimate recognition it has achieved over the years. Along with his immense professional challenges, he also describes the trials and joys he faces while raising a growing family with his wife Amy. By turns poignant, heartbreaking, and charming, Dr. Christensen's story is a gripping and rich memoir of his work and family, one of those rare books that stays with you long after you've turned the last page. *The Mason's Wife* Julie

Nameless Dietmut Niedecken,2004-06-02 Is learning disability determined from birth Psychoanalysis has always striven to reconstruct damaged human subjectivity However with a few exceptions people with learning disabilities have long been excluded from this enterprise as a matter of course It has been taken for granted that learning disability is a deficient state in which psychodynamics play but a minor role and where development is irrevocably determined by organic conditions First published in German in 1980s and published here in English for the first time this brave and provocative book was one of the first to attempt to understand learning disabilities in terms of psychoanalysis and socio psychology Controversially the author does not distinguish between a primary organic handicap and a secondary psychological one rather she argues that it is developed from the very outset of the process of socialisation during the interaction of caregiver and infant and therefore gives the analyst room to work on this maladapted socialisation She illustrates the effectiveness of this theory when put into practice in a number of illuminating case studies Still as influential and powerful as when it was first published Nameless will be of interest to psychoanalysts and clinicians from across the mental health services who work with people with learning disabilities

Hap and Hazard and the End of the World Diane DeSanders, 2018-01-09 Diane DeSanders's genius lies in her ability to capture the intimate interiority of a very particular childhood while at the same time interrogating larger questions of class, race, and religion. *Hap and Hazard and the End of the World* is a gorgeous, profoundly original novel. Dawn Raffel, author of *Carrying the Body* and *The Secret Life of Objects*, rollicking, tilted, and transporting. As the young narrator tries to manage her fraying family, war-wounded father, suffering mother, misbehaving relatives galore, DeSanders takes us deeper, always with such tenderness and beautiful observation into the ways we shape a narrative that keeps us whole. Victoria Redel, author of *Loverboy* and *Before Everything*. For Dick and Jane Dallas after World War II is a place of promise and prosperity: the first home air conditioners are making summertime bearable, and Dick's position at his father's business, the Cadillac dealership, is assured. Jane has helped with the house and the children and garden parties and holiday celebrations are spirited social affairs. For the oldest of their three daughters, however, life is full of frustrating mysteries. The stories the adults tell her don't make sense. Too curious for comfort, she finds her questions only seem to annoy them. Why won't they tell the truth about Santa? What is that Holy Spirit business, and what is the difference between an angel and a ghost? Why is her mother often so tense and sad? And why does her father keep flying into violent rages?

Hap and Hazard and the End of the World is an intimate, finely crafted novel about the innocence and vulnerability of childhood and the dangers posed by adults who cannot cope with life's complexities. It is also about the ingenuity born of loneliness and neglect and the surprising, strange beauty of the world. A fifth-generation Texan, Diane DeSanders is a history buff, theater lover, poet, mother, and grandmother. Between careers as a history teacher and antiques dealer, she has worked in regional theater in almost every capacity. She now writes, gardens, and sings in Brooklyn, New York. This is her first novel.
