Looking For Palestine Growing Up Confused In An Arab American Family:

Looking for Palestine Najla Said, 2014-09-02 A frank and entertaining memoir from the daughter of Edward Said now in paperback The daughter of the famous intellectual and outspoken Palestinian advocate Edward Said and a sophisticated Lebanese mother Najla Said grew up in New York City confused and conflicted about her cultural background and identity Said knew that her parents identified deeply with their homelands but growing up in a Manhattan world that was defined largely by class and conformity she felt unsure about who she was supposed to be and was often in denial of the differences she sensed between her family and those around her She may have been born a Palestinian Lebanese American but Said denied her true roots even to herself until ultimately the psychological toll of her self hatred began to threaten her health As she grew older she eventually came to see herself her passions and her identity more clearly Today she is a voice for second generation Arab Americans nationwide

Arab Intellectuals and American Power M.D. Walhout, 2020-10-01 Edward Said the famous Palestinian American scholar and activist was one of the twentieth century's most iconic public intellectuals whose pioneering and to some controversial work on Orientalism shaped Middle Eastern and postcolonial studies and beyond But how exactly did he arrive at his famous maxim to speak truth to power This dual biographical study examines the lives of Edward Said and the eminent Lebanese philosopher and diplomat Charles Malik a distant relative 30 years his senior whom Said knew from childhood as Uncle Charles To Said Malik was no ordinary relative in his memoir he called Malik the great negative intellectual lesson of my life and was to describe him as an ideal as I was growing up only to later claim Malik went through an ugly transformation that I could never come to terms with M D Walhout charts the development of these two remarkable figures reconstructing in the process the way in which American power in the Middle East came to have a defining effect on Arab intellectuals in the twentieth century Exploring issues of religion and nationalism Walhout shows how Said came to reject much of what Malik stood for Christian faith hardline anti Communism and the benign nature of American power He argues that the example of Malik was instrumental in the development of Said's later belief that the true vocation of the intellectual was not to compromise with power but to resist it

Exile and Expatriation in Modern American and Palestinian Writing Ahmad Rasmi Qabaha, 2018-05-23 This book examines the distinction between literary expatriation and exile through a contrapuntal reading of modern Palestinian and American writing It argues that exile in the Palestinian case especially is a political catastrophe it is banishment by a colonial power It suggests that unlike expatriation a choice of a foreign land over one's own exile is a political rather than an artistic concept and is forced rather than voluntary while exile can be emancipatory it is always an unwelcome loss In addition to its historical dimension exile also entails a different perception of return to expatriation This book frames expatriates as quintessentially American particularly intellectuals and artists seeking a space of creativity and social dissidence in the experience of living away from home At the heart of both literary discourses however is a preoccupation with home belonging identity language mobility and

Western standards for female beauty but it also reflects her guilt and shame about her Arab background This essay examines how Najla Said negotiates her ambivalence about Arab identity largely through her struggles with female body image

Being Palestinian Yasir Suleiman, 2016-01-21

What does it mean to be Palestinian in the diaspora? This collection of 100 personal reflections on being Palestinian is the first book of its kind. Reflecting on Palestinian identity as it is experienced at the individual level, issues of identity, exile, refugee status, nostalgia, belonging, and alienation are at the heart of the book. The contributors speak in many voices, exploring the richness and diversity of identity construction among Palestinians in the diaspora. Included are contributions from Palestinians living in the Anglo-Saxon diaspora, mainly the UK and North America. They come from a variety of professional backgrounds: business people, lawyers, judges, fiction writers, poets, journalists, press, TV, and radio, film makers, diplomats, and academics. Men and women, young and old, Christians and Muslims, offer essays as do Palestinians from different generations: first, second, and third generations. This mix of professional, gender, faith, and generational categories ensures that a variety of voices are heard. The editor sets the scene with an Introduction and his Epilogue deals with issues of identity, exile, and diaspora as concepts that give sense to the personal reflections.

Key Features:

- The first book to gather personal reflections on what it means to be Palestinian.
- Contributes to the debate on what it means to be Palestinian.
- Asks what the diaspora is for Palestinians.
- Looks at how being Palestinian varies across gender, generation, religious affiliation, and professional interest.

FROM APF: Is being Palestinian a pain in the neck or a sentence to suffer gladly? Does Palestinian identity reside in cross-stitch embroidery, sweet knafeh, and the poetry of Mahmoud Darwish, or defending the rights of oppressed communities around the world? Does being Palestinian in diaspora mean anything at all? In this ground-breaking volume, the first of its kind, 102 contributors from North America and the United Kingdom reflect in their own words on what it means to be Palestinian in diaspora. Exploring how Palestine is both lost and found, bereaved and celebrated in diaspora, and the tangled ties between home and homeland, *Being Palestinian* takes the reader on an intimate journey into the diaspora to reveal a human story: how does it feel when you cannot find Palestine under P in the encyclopaedia your father brings home? Why grow fig and orange trees in the Arizona desert? What does it mean to know every inch of a village that no longer exists? Touching, troubling, but full of character and wit, the reflections in *Being Palestinian* offer a radically fresh look at the modern Palestinian experience in the West.
