Digital Age Andrew Goatly, Preet Hiradhar, 2016-03-17 Critical Reading and Writing in the Digital Age is a fully introductory interactive textbook that explores the power relations at work in and behind the texts we encounter in our everyday lives. Using examples from numerous genres such as fiction, poetry, advertisements, and newspapers, this textbook examines the language choices a writer must make in structuring texts, representing the world, and positioning the reader. Assuming no prior knowledge of linguistics, Critical Reading and Writing in the Digital Age offers guidance on how to read texts critically and how to develop effective writing skills. Extensively updated, key features of the second edition include a radically revised and repackaged section that highlights the theme of discourses of power and authority and the new possibilities for resisting them; a revamped analysis of the art of communication which has changed due to the advent of new media including Facebook and Wikipedia; fresh examples, exercises, and case studies including fan fiction, articles from the BBC, Daily Mail, and South China Morning Post; and a selection of international ads for a variety of products. A brand new companion website at www.routledge.com/cw/goatly featuring projects, quizzes, and activities for each chapter, a glossary, and further reading. Written by two experienced teachers, Critical Reading and Writing in the Digital Age is an ideal coursebook for students of English language.

Great Books Michael Gose, 2023-12-06 Just over 100 years ago, Columbia's John Erskine started a General Honors program that was the precursor of the Great Books programs popularized by his student Mortimer Adler. As a set term, Great Books has elicited more than some controversy, especially because most relatively short lists of such works mostly feature dead white men. However, most any group in America has made the Great Ideas their own. This book explores the benefits of reading Great Books and is virtually unique in detailing what a series of Great Books classes has looked like over the past decades.

By the Book Pamela Paul, 2014-10-28 Sixty-five of the world's leading writers open up about the books and authors that have meant the most to them. These wide-ranging interviews are conducted by Pamela Paul, the editor of the *The New York Times Book Review*, featuring personalities as varied as David Sedaris, Hilary Mantel, Michael Chabon, Khaled Hosseini, Anne Lamott, and James Patterson. These questions and answers admit us into the private worlds of these authors as they reflect on their work habits, reading preferences, inspirations, pet peeves, and recommendations. *By the Book* contains the full, uncut interviews, reflecting a range of experiences and observations that deepens readers' understanding of the literary sensibility and the writing process.

Reading the Comments Joseph M. Reagle, Jr., 2015-05-01 What we can learn about human nature from the informative, manipulative, confusing, and amusing messages at the bottom of the web. Online comment can be informative or misleading, entertaining or maddening. Haters and manipulators often seem to monopolize the conversation. Some comments are off topic or even topic less. In this book, Joseph Reagle urges us to read the comments. Conversations on the

bottom half of the Internet he argues can tell us much about human nature and social behavior Reagle visits communities of Amazon reviewers fan fiction authors online learners scammers freethinkers and mean kids He shows how comment can inform us through reviews improve us through feedback manipulate us through fakery alienate us through hate shape us through social comparison and perplex us He finds pre Internet historical antecedents of online comment in Michelin stars professional criticism and the wisdom of crowds He discusses the techniques of online fakery distinguishing makers fakers and takers describes the emotional work of receiving and giving feedback and examines the culture of trolls and haters bullying and misogyny He considers the way comment a nonstop stream of social quantification and ranking affects our self esteem and well being And he examines how comment is puzzling short and asynchronous these messages can be slap dash confusing amusing revealing and weird shedding context in their passage through the Internet prompting readers to comment in turn WTF
