Andrew Ross,2015-05-21 How did a small Canadian regional league come to dominate a North American continental sport Joining the Clubs The Business of the National Hockey League to 1945 tells the fascinating story of the game off the ice offering a play by play of cooperation and competition among owners players arenas and spectators that produced a major league business enterprise Ross explores the ways in which the NHL organized itself to maintain long term stability deal with its labor force and adapt its product and structure to the demands of local regional and international markets He argues that sports leagues like the NHL pursued a strategy that responded both to standard commercial incentives and also to consumer demands that the product provide cultural meaning Leagues successfully used the cartel form an ostensibly illegal association of businesses that cooperated to monopolize the market for professional hockey along with a focus on locally branded clubs to manage competition and attract spectators to the sport In addition the NHL had another special challenge unlike other major leagues it was a binational league that had to sell and manage its sport in two different countries Joining the Clubs pays close attention to these national differences as well as to the context of a historical period characterized by war and peace by rapid economic growth and dire recession and by the momentous technological and social changes of the modern age London Eh to Zed Christopher Walters,2015-05-23 Discover London and Canada in one guidebook Thousands of Canadians visit London England every year But what their popular guidebooks always fail to mention are the over one hundred objects monuments and locations in the city associated with their own home and native land Take for example the statue of half mad General Charles Gordon standing beside the River Thames His capture by rebels set in motion a dramatic rescue attempt that became Canada s first overseas military mission Then there s the world s most famous suffragette Emmeline Pankhurst Do Canadians know she marched on syphilis in Canada after winning the vote for women in Britain Or that a cross eyed doctor from McGill University in Montreal became London s most notorious serial killer after Jack the Ripper London Eh to Zed is a light hearted and entertaining walking guide especially for Canadians
