Samadhi Mouni Sadhu,2016-11-07 A complete course in mental and spiritual development In this classic text Mouni Sadhu lays bare the many myths and fallacies surrounding the practice of meditation He then details a comprehensive course from the beginnings of practice and the importance of regularity to advanced techniques of meditation and contemplation in both Western and Eastern traditions Highlights include Obstacles to meditation Techniques of meditation An introduction to contemplation Meditation in a Christian context The possibility of miracles *Samadhi and Beyond* Surath Chandra Chakravarti,1974-01-01 **Samadhi** Ivan Antic,2018-02-28 Samadhi is the goal and the peak of meditation According to classical and contemporary interpreters of yoga and meditation samadhi denotes the unity of the subject and the object the inner and the outer world our Self and Absolute In other words enlightenment Here this unity is described simply as the unity of consciousness and existence In this book you will find much more details about this unity it will be revealed in a completely new way you will comprehend that unity of the conscious and the existence in a man is gradually achieved at all levels of consciousness and being on which a man exists and works in all dimensions and which are expressed in chakras psycho energetic centers in a man Each chakra represents a blend of consciousness and existence This blend is also manifested through the human culture of life and civilization Understanding the chakra is connected to the historical development of the man and the events in the world not only to the personal states of consciousness It is an old and universal story of understanding the meaning of existence In fact the entire cosmos and life represent a spectrum of merging and expressing of consciousness and existence Consciousness is expressed as existence and existence is fundamentally conscious Moreover consciousness is here explained in the light of an understanding of the consciousness of a man s soul as well which through intelligent design thanks to the quantum field creates the whole reality and existence This can be because the soul of the man comes from the same divine consciousness that allows the whole existence A complete connection and the realization of both consciousness and existence occurs only in a man who reaches Samadhi through meditation The whole other nature all of the cosmos and all of our lives are just a scenography in which the drama of this merging is occurring Though paradoxically Samadhi always already happens as a mere existence The only question is whether a person participates in it all the time whether he she is aware of it This book will help you to see the existence in such a way
