Mahatma Of New York City:

Gandhi's Thought and Liberal Democracy Sanjay Lal, 2019-03-13 With an intense focus on both the depth and practicality of Mahatma Gandhi's political and religious thought this book reveals the valuable insights Gandhi offers to anyone concerned about the prospects of liberalism in the contemporary world Gandhi's Religious Thought and Liberal Democracy makes the case that for Gandhi in stark contrast to commonly accepted liberal orthodoxy religion is indispensable to the public life and indeed the official activity of any genuinely liberal society Gandhi scholars political theorists and activist members of a lay audience alike will all find much to digest comment upon and be motivated by in this work *Gandhian Alternative (vol. 2 : Nonviolence-In-Action)* Savita Singh And Bharati Misra, 2005 *Revolutionary Personality* E. Victor Wolfenstein, 2015-03-08 The author takes as his starting point the idea that men who rebel despite many differences in character resemble each other in some fundamental ways He poses three questions Why does a man become a revolutionist What attributes of personality enable him to become an effective revolutionary leader What psychological attributes enable a man to effect the transition to power By focusing on the personalities of three important revolutionists he hypothesizes a model of a distinctive revolutionary personality Lenin Trotsky and Gandhi are discussed in terms of trust pride courage industry confidence and drive the values that result from the successful management of the problems of the various stages of psycho sexual growth Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Acts of Conscience* Joseph Kip Kosek, 2011 In response to the massive bloodshed that defined the twentieth century American religious radicals developed a modern form of nonviolent protest one that combined Christian principles with new uses of mass media Greatly influenced by the ideas of Mohandas Gandhi these acts of conscience included sit ins boycotts labor strikes and conscientious objection to war Beginning with World War I and ending with the ascendance of Martin Luther King Jr Joseph Kip Kosek traces the impact of A J Muste Richard Gregg and other radical Christian pacifists on American democratic theory and practice These dissenters found little hope in the secular ideologies of Wilsonian Progressivism revolutionary Marxism and Cold War liberalism all of which embraced organized killing at one time or another The example of Jesus they believed demonstrated the immorality and futility of such violence under any circumstance and for any cause Yet the theories of Christian nonviolence are anything but fixed For decades followers have actively reinterpreted the nonviolent tradition keeping pace with developments in politics technology and culture Tracing the rise of militant nonviolence across a century of industrial conflict imperialism racial terror and international warfare Kosek recovers radical Christians remarkable stance against the

use of deadly force even during World War II and other seemingly just causes His research sheds new light on an interracial and transnational movement that posed a fundamental and still relevant challenge to the American political and religious mainstream

The Wiley Blackwell Companion to Religion and Peace Jolyon Mitchell, Suzanna R. Millar, Francesca Po, Martyn Percy, 2022-08-15 Incisive contributions from leading and emerging scholars in the field of Peace Studies In the Wiley Blackwell Companion to Religion and Peace a team of renowned scholars delivers an authoritative and interdisciplinary sourcebook that addresses the key concepts history theories models resources and practices in the complex and ambivalent relationship between religion and peace The editors have included contributions from a wide range of perspectives and locations that reflect diverse methods and approaches The Companion provides a collection grounded in experience and context that draws on established developing and new research characterized by academic rigor The differences between the approaches taken by several religious traditions are fully explored and numerous case studies highlight relevant theories models and resources Accessible as either a standalone collection or as a partner to the Companion to Religion and Violence this edited volume also offers A thorough introduction to religion and its search for peace including the relationships between religion and peace and theories and practices for studying the interplay between religion and peace Comprehensive explorations of religion and peace in local contexts including discussions of women s empowerment and peacebuilding in an Islamic context Practical discussions of practices and embodiments of religion and peace including treatments of museums for peace and self religion in global peace movements In depth examinations of lived Christian theologies and building peace including discussions of Martin Luther King Jr and spiritual activism in Scotland Perfect for students and scholars of peacemaking peacekeeping and peace building the Wiley Blackwell Companion to Religion and Peace will also earn a place in the libraries of anyone professionally or personally interested in the field of Peace or Religious Studies International Relations History Politics or Theology

The Princess and the Prophet Jacob Dorman, 2020-03-03 The just discovered story of how two enigmatic circus performers and the cultural ferment of the Gilded Age sparked the Black Muslim movement in America Delving into new archives and uncovering fascinating biographical narratives secret rituals and hidden identities historian Jacob Dorman explains why thousands of Americans were enthralled by the Islamic Orient and why some came to see Islam as a global antiracist movement uniquely suited to people of African descent in an era of European imperialism Jim Crow segregation and officially sanctioned racism The Princess and the Prophet tells the story of the Black Broadway performer who among the world of Arabian acrobats and equestrians Muslim fakirs and Wild West shows discovered in Islam a greater measure of freedom and dignity and a rebuttal to the racism and parochialism of white America Overturning the received wisdom that the prophet was born on the East Coast Dorman has discovered that Noble Drew Ali was born Walter Brister in Kentucky With the help of his wife a former lion tamer and Hindoo magician herself Brister renamed himself Prophet Noble Drew Ali and founded the predecessor of the Nation of Islam the Moorish Science Temple of

America in the 1920s With an array of profitable businesses the Moors built a nationwide following of thousands of dues paying members swung Chicago elections and embedded themselves in Chicago s dominant Republican political machine at the height of Prohibition racketeering only to see their sect descend into infighting in 1929 that likely claimed the prophet s life This fascinating untold story reveals that cultures grow as much from imagination as inheritance and that breaking down the artificial silos around various racial and religious cultures helps to understand not only America s hidden past but also its polycultural present Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986

,1987 **Gandhi's Ascetic Activism** Veena R. Howard,2013-03-18 Discusses Gandhi s creative use of ascetic practice particularly his practice of celibacy for nonviolent activism **Against the World** Tara Zahra,2023-01-24 A brilliant eye opening work of history that speaks volumes about today s battles over international trade immigration public health and global inequality Before the First World War enthusiasm for a borderless world reached its height International travel migration trade and progressive projects on matters ranging from women s rights to world peace reached a crescendo Yet in the same breath an undercurrent of reaction was growing one that would surge ahead with the outbreak of war and its aftermath In *Against the World* a sweeping and ambitious work of history acclaimed scholar Tara Zahra examines how nationalism rather than internationalism came to ensnare world politics in the early twentieth century The air went out of the globalist balloon with the First World War as quotas were put on immigration and tariffs on trade not only in the United States but across Europe where war and disease led to mass societal upheaval The Spanish flu heightened anxieties about porous national boundaries The global impact of the 1929 economic crash and the Great Depression amplified a quest for food security in Europe and economic autonomy worldwide Demands for relief from the instability and inequality linked to globalization forged democracies and dictatorships alike from Gandhi s India to America s New Deal and Hitler s Third Reich Immigration restrictions racially constituted notions of citizenship anti-Semitism and violent outbursts of hatred of the other became the norm coming to genocidal fruition in the Second World War Millions across the political spectrum sought refuge from the imagined and real threats of the global economy in ways strikingly reminiscent of our contemporary political moment new movements emerged focused on homegrown and local foods domestically produced clothing and other goods and back to the land communities Rich with astonishing detail gleaned from Zahra s unparalleled archival research in five languages *Against the World* is a poignant and thorough exhumation of the popular sources of resistance to globalization With anti globalism a major tenet of today s extremist agendas Zahra s arrestingly clear sighted and wide angled account is essential reading to grapple with our divided present Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 ,2003 **Gandhi** David Arnold,2014-06-17 Gandhi s is an extraordinary and compelling story Few individuals in history have made so great a mark upon their times And yet Gandhi never held high political office commanded no armies and was not even a compelling orator His power therefore makes a particularly

fascinating subject for investigation David Arnold explains how and why the shy student and affluent lawyer became one of the most powerful anti colonial figures Western empires in Asia ever faced and why he aroused such intense affection loyalty and at times much bitter hatred among Indians and Westerners alike Attaching as much influence to the idea and image of Gandhi as to the man himself Arnold sees Gandhi not just as a Hindu saint but as a colonial subject whose attitudes and experiences expressed much that was common to countless others in India and elsewhere who sought to grapple with the overwhelming power and cultural authority of the West A vivid and highly readable introduction to Gandhi s life and times Arnold s book opens up fascinating insights into one of the twentieth century s most remarkable men **Hindustanee**

Student ,1926 Gandhi Kathryn Tidrick,2013-07-02 Throughout his long and turbulent career as a political leader first in South Africa and then in India Gandhi sought to fulfil his religious aspirations through politics and to reconcile politics with personal religious conviction But Gandhi s religion was wildly divergent from anything to have taken root in his native India Foremost among his private tenets was the belief that he was a world saviour long prophesied and potentially divine Penetrating and provocative Kathryn Tidrick s book draws on neglected material to explore the paradoxes within Gandhi s life and personality She reveals a man whose spiritual ideas originated not in India but in the drawing rooms of late Victorian England and which included some very eccentric and damaging notions about sex The resulting portrait is complex convincing and to anyone interested in the legacy of colonialism more enlightening than any previously published The Gandhi revealed here is not the secular saint of popular renown but a difficult and self obsessed man driven by a messianic sense of personal destiny **The End of the Cognitive Empire** Boaventura de Sousa Santos,2018-07-16 In The End of the

Cognitive Empire Boaventura de Sousa Santos further develops his concept of the epistemologies of the South in which he outlines a theoretical methodological and pedagogical framework for challenging the dominance of Eurocentric thought As a collection of knowledges born of and anchored in the experiences of marginalized peoples who actively resist capitalism colonialism and patriarchy epistemologies of the South represent those forms of knowledge that are generally discredited erased and ignored by dominant cultures of the global North Noting the declining efficacy of established social and political solutions to combat inequality and discrimination Santos suggests that global justice can only come about through an epistemological shift that guarantees cognitive justice Such a shift would create new alternative strategies for political mobilization and activism and give oppressed social groups the means through which to represent the world as their own and in their own terms **Publication** ,1991 **Saints and Virtues** John Stratton Hawley,1987-09-14 This book explores a

larger family of saints those celebrated not just by Christianity but by other religious traditions of the world Muslim Hindu Jewish Buddhist Confucian African and Caribbean The essays show how saints serve as moral exemplars in the communities that venerate them *The Routledge Companion to Media and Activism* Graham Meikle,2018-03-09 The Routledge Companion to Media and Activism is a wide ranging collection of 42 original and authoritative essays by leading contributors

from a variety of academic disciplines Introducing and exploring central debates about the diverse relationships between both media and protest and communication and social change the book offers readers a reliable and informed guide to understanding how media and activism influence one another The expert contributors examine the tactics and strategies of protest movements and how activists organize themselves and each other they investigate the dilemmas of media coverage and the creation of alternative media spaces and platforms and they emphasize the importance of creativity and art in social change Bringing together case studies and contributors from six continents the collection is organized around themes that address past present and future developments from around the world The Routledge Companion to Media and Activism is an essential reference and guide for those who want to understand this vital area **Congressional Record** United States. Congress,1969 **The Wit and Wisdom of Gandhi** Mohandas Gandhi,2012-03-07 This selection of brief and incisive quotations range from religion and theology personal and social ethics service and international and political affairs to Gandhi s most original concept satyagraha group nonviolent direct action [The Ashgate Research Companion to Religion and Conflict Resolution](#) Lee Marsden,2016-03-23 A comprehensive overview of the latest research in religion and conflict resolution this collection of twenty three essays brings together leading scholars in the field examining the contribution religious actors have made and are making towards peace and resolving The Ashgate Research Companion to Religion and Conflict Resolution is primarily aimed at readerships with special interest in conflict resolution international security and religion and international relations and will also serve as a valuable resource for policy makers and conflict resolution practitioners The collection comprises five thematic sections each with chapters on vital and mainly contemporary topics in the field of religion and conflict resolution The principal themes include
