Write to Death Elizabeth A. Gailey,2003-09-30 Has the mainstream media been careless in reporting on the issue of euthanasia As the Right to Die and Physician Assisted Suicide movements gather steam the national media have been too quick to perpetuate and focus on the medical and legal overtones of death The ethical religious and philosophical dimensions of our increased acceptance of euthanizing the aged infirm and disabled are often neglected Gailey argues that the press's failure to enrich public discourse may well erode its trustworthiness in the public's eye Using abundant examples from analysis of elite mainstream news

publications Gailey details how the national press systematically advanced pro euthanasia views and interpretations while marginalizing or omitting pro life perspectives and frames The battle over legalizing passive and active euthanasia has enormous social economic and ethical implications An understanding of how the news media frame or package such issues for public consumption is critical Gailey s integrative approach combines an exploration of the major historical ideational and economic factors leading to the rise of the Right to Die movement and includes in depth analysis of the media s framing of the controversy in the two decades Karen Ann Quinlan s coma in 1975 to Dr Jack Kevorkian s 1999 conviction

Theatricality of the Closet Michelle Liu Carriger,2023-09-15 A richly illustrated exploration of fashion and its capacity for generating controversy and constructing social and individual identities Clothing matters This basic axiom is both common sense and in another way radical It is from this starting point that Michelle Liu Carriger elucidates the interconnected ways in which gender sexuality class and race are created by the everyday act of getting dressed **Theatricality of the Closet** Fashion Performance and Subjectivity between Victorian Britain and Meiji Japan examines fashion and clothing controversies of the nineteenth century drawing on performance theory to reveal how the apparently superficial or frivolous deeply affects the creation of identity By interrogating a set of seemingly disparate examples from the same period but widely distant settings Victorian Britain and Meiji era Japan Carriger disentangles how small local ordinary practices became enmeshed in a global fabric of cultural and material surfaces following the opening of trade between these nations in 1850 This richly illustrated book presents an array of media from conservative newspapers and tabloids to ukiyo e and early photography that locate dress as a site where the individual and the social are interwoven whether in the 1860s and 1870s or the twenty first century **The Seduction of Youth** Javier Samper Vendrell,2020-04-02 A simple man from the provinces Friedrich Radszuweit merged popular culture consumerism and politics as the leader of the League for Human Rights Germany s first mass homosexual organization The Seduction of Youth is the first study to focus on the League and its leader using his position at the centre of the Weimar era gay rights movement to tease out the diverging political strategies and contradictory tactics that distinguished the movement By examining news articles and opinion pieces as well as literary texts and photographs in the League s numerous pulp magazines for homosexuals Javier Samper Vendrell reconstructs forgotten aspects of the history of same sex desire and subjectivity While recognizing the possibilities of liberal rights for sexual freedom during the Weimar Republic the League s respectability politics failed in part because Radszuweit s own publications contributed to the idea that homosexual men were considered a threat to youth doing little to change the views of the many people who believed in homosexual seduction a homophobic trope that endured well into the twentieth century

American Journalism W. David Sloan,Lisa Mullikin Parcell,2014-01-10 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing

children by adding that barbarous Indians were lurking about before the disappearance. Surprising too might be the media's steady adherence to it, continual tugging at its philosophical and ethical moorings. These 39 essays, written and edited by the nation's leading professors of journalism, cover the theory and practice of print, radio, and TV news reporting; politics and partisanship; press and the government; gender and the press corps; presidential coverage; war reportage; technology and news gathering; sensationalism. Each subject is treated individually. Appropriate for interested lay persons, students, professors, and reporters. Michael Jackson
 Christopher R. Smit, 2017-07-05 Throughout his 40-year career, Michael Jackson intrigued and captivated public imagination through musical ingenuity, sexual and racial spectacle, savvy publicity stunts, odd behaviours, and a seemingly apolitical yet always political offering of popular art. A consistent player on the public stage from the age of eight, his consciousness was no doubt shaped by his countless public appearances, both designed and serendipitous. The artefacts he left behind—music, interviews, books written by and about him, and commercial products including dolls, buttons, posters, and photographs, videos, movies—will all become data in our cultural conversation about who Michael Jackson was, who he wanted to be, who we made him to be, and why. Michael Jackson: Grasping the Spectacle includes essays that aim to understand Jackson from multiple perspectives: critical cultural theory, musicology, art history, media studies, cultural anthropology, sociology, philosophy, religious studies, literary theory, gender studies, performance studies, disability studies, film studies, and African American studies. Intended for classroom use as well as research and general interest, this book expands our understanding both of this fascinating figure himself and of gender, sexuality, celebrity, and popular culture.

London and the Culture of Homosexuality, 1885-1914
 Matt Cook, 2003 *London and the Culture of Homosexuality* explores the relationship between London and male homosexuality from the criminalisation of all acts of gross indecency between men in 1885 to the outbreak of the First World War in 1914, years marked by an intensification in concern about male-male relationships and also by the emergence of an embryonic homosexual rights movement. Taking his cue from literary and lesbian and gay scholars, urban historians, and cultural geographers, Matt Cook combines discussion of London's homosexual subculture and various major and minor scandals with a detailed examination of representations in the press, in science, and in literature. The conjunction of approaches used in this study provides fresh insights into the development of ideas about the modern homosexual and into the many different ways of comprehending and taking part in London's culture of homosexuality.

An American Tragedy
 Paul A. Orlov, 1998 This book's premise is that a novel's ideas about the human drama are not necessarily the same as those its author consciously holds. Meaning that a close reading of Theodore Dreiser's artistic portrayal of modern America in *An American Tragedy* reveals the idea that he transcends the empirical premises of his presumed naturalistic thought to affirm the reality of the self and the importance of selfhood. Based on this crucial premise and intensive analysis of the novel's text, Professor Orlov's study develops an argument offering many original views of the Tragedy's meanings and artistry. There is

new light here on the fact that Dreiser sees the subversion of the idea of self in a highly materialistic society as the heart of his characters tragic experiences Ultimately then this study suggests that *An American Tragedy* is an antinaturalistic statement about the self's intrinsic importance **The Territories and States of India 2016** Europa
