Maison Goossens Haute Couture Jewelry:

Goossens Patrick Mauriès, 2014-12-09 Haute couture jewelry from Goossens is one of the most revered names in the field. Goossens is one of the most prestigious names in haute couture jewelry of the last half century. Robert Goossens worked with Coco Chanel in the 1950s, cultivating an original style inspired by baroque and Byzantine art. He went on to design jewelry for the world's foremost fashion houses, pursuing notable collaborations with Balenciaga, Grès, and Yves Saint Laurent. As well as the emblematic rock crystal jewelry, baroque pearl brooches, and Byzantine cuffs famously associated with Chanel, Goossens' designs combine real and faux gemstones, making fashion jewelry both precious and bold at once. Robert's son, Patrick, has reimaged many original Goossens styles for Dior, Alexander McQueen, and Louis Vuitton, among others. Martine, his daughter, collaborates regularly with architect Peter Marino to decorate the interiors of the most famous couture houses in the world. The Goossens family upholds the meticulous standards of the house, now part of the stable of exceptional craft practitioners owned by Chanel's Paraffection subsidiary.

Costume Jewelry for Haute Couture Florence Muller, 2007-09 This sumptuously illustrated book surveys the exquisite range of costume jewelry produced by haute couture fashion houses, a subject until now overlooked by historians and fashion cognoscenti alike. The term costume jewelry was coined in the twentieth century for the use of non-precious metals and jewels for human adornment. This book showcases the extraordinary diversity and exceptional craftsmanship of this jewelry in hundreds of beautifully reproduced pieces from such fashion houses as Chanel, Balenciaga, Dior, Yves Saint Laurent, Lanvin, Schiaparelli, and Givenchy. A time capsule of creativity, *Dallas Morning News*.

Costume Jewellery Deanna Farneti Cera, 1997 Frequently bold in design and swift to reflect changing vogues of fashion, Costume Jewellery has a status and appeal of its own. Its immense variety and versatility have been key elements in attracting collectors and enthusiasts. In the course of six heavily illustrated chapters, *Costume Jewellery* illustrates a wide range of pieces, many from major names such as Lalique, Chanel, Lanvin, and Schiaparelli. The introduction provides an overview of the history, the manufacture, and the components. Deanna Farneti Cera, the author, is a leading expert on the subject. Based in Milan, she travels extensively through Europe and the States for her research. She is the author of *The Jewels of Miriam Haskell*. Above, Costume Jewellery is the mirror of our sociological history. In it, we see the liberation of women by Chanel, their subsequent feminisation by Dior, the power of the cinema, and the communication and pictorial revolution that produced the motor-driven, mechanised world we live in today.

European Designer Jewelry Ginger Moro, 1995 The dramatic evolution of 20th century European jewelry design, documenting the innovative trends, sources, and makers. Artists' limited edition creations, as well as fashion and costume jewelry, are explored through the well-researched text, over 700 wonderful photos, and vintage prints. Biographical sketches are provided for the artists and couturiers who worked closely with the fashion designers.

Amazing Gems Deanna Farneti Cera, 1997 For this informative, profusely illustrated book, noted jewelry expert Deanna Farneti Cera has selected more than 250 of the world's best costume jewelry creations.

organized by time period and maker beginning with Art Nouveau Amazing Gems introduces readers to the significant periods and important creators of costume jewelry Whether the author is describing necklaces by Chanel brooches by Christian Dior bracelets by Schiaparelli or earrings by Kenneth Jay Lane readers learn about the actual components of a piece identifying marks and other distinguishing characteristics Also discussed are the various materials that make up costume jewelry such as inexpensive metals colored glass paste rhinestones marcasite amethyst wood and Bakelite Biographical notes on the major designers and manufacturers are included as well as a helpful glossary BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
