Making Callaloo in Detroit Lolita Hernandez, 2014-05-01 All readers of fiction will enjoy this lush collection **I Have the Answer** Kelly Fordon, 2020-04-07 Short stories that manage to feel both fantastical and disturbingly familiar If you thought the suburbs were boring think again Kelly Fordon's *I Have the Answer* artfully mixes the fabulist with the workaday and illuminates relationships and characters with crisp elegant prose and dark wit The stories in Fordon's latest collection are disquieting humorous and thought provoking They might catch you off guard but are always infused with deep humanity and tenderness In these thirteen short stories Fordon presents people dealing with the grayness of reality and longing for transcendence Characters within these stories are often as surprised by their own behavior as that of their neighbors In *Jungle Life* the narrator attempts to clarify and document the stories of his father a war veteran before he descends into dementia In *Where's the Baby* a woman reflects on her difficult childhood as she grudgingly cares for her more successful yet exasperating sister In *In the Dog House* a woman visits an estate sale and sifts through the layers of lifetimes past while grappling with her long standing jealousy of a mysterious neighbor In *The Shorebirds* and *The Shaman* a woman who has just lost her husband winds up at a kooky weekend retreat role playing her way out of debilitating grief Award winning author Desiree Cooper has called the stories in *I Have the Answer* pitch perfect Fordon takes us to the precipice where trauma and triumph are equal possibilities The people in these stories are so hauntingly real that long after I put the book down I found myself wondering what had become of them Readers of contemporary fiction and short stories will enjoy mulling over the complicated feelings this collection evokes *States of Motion* Laura Hulthen Thomas, 2017-05-15 Idealistic characters fight to hold onto a life that is slipping out of their grasp Newton's Laws of Motion describe how bodies work to balance forces outside their control For the men and women in *States of Motion* imbalance is a way of life Set in Michigan small towns both real and fictional the stories in Laura Hulthen Thomas's collection take place against a backdrop of economic turmoil and the domestic cost of the war on terror As familiar places privilege and faith disappear what remains leaves these broken characters wondering what hope is left for them These stories follow blue collars and white cops and immigrants and mothers and sons as they defend a world that is quickly vanishing The eight stories in *States of Motion* follow tough quixotic characters struggling to reinvent themselves even as they cling to what they've lost A grieving father embraces his town's suspicions of him as the sole suspect in his daughter's disappearance A driving instructor struggles to care for his abusive mother between training lessons with two flirtatious teens A behavioral researcher studying the fear response must face her own fears when her childhood attacker returns to ask for her forgiveness Conditioned by their traumatic pasts to be both sympathetic and numb to suffering the characters in these stories clutch at a chance to find peace on the other side of terror From the isolated roadways of Michigan's countryside to the research labs of a major university the way forward is both one last hope and a deep seated fear The profoundly emotional stories in *States of Motion* will interest any reader of

contemporary literary fiction **Allegiance** francine j. harris, 2012-02-15 A sharp haunting and lyrical collection that attempts to understand what we owe the spaces we inhabit The full length debut from francine j harris allegiance is about Detroit sort of Although many of the poems are inspired by and dwell in the spaces of the city this collection does not revel in any of the cliché cultural tropes normally associated with Detroit Instead these poems artfully explore life in a city where order coexists with chaos and much is lost in social and physical breakdown Narrative poems on the hazards betrayals and annoyances of city life mix with impressionistic poems that evoke the natural world as harris grapples with issues of beauty and horror loyalty and individuality and memory and loss on Detroit's complicated canvas In twelve sections harris introduces readers to loungers and bystanders prisoners wives poets pictured on book jackets Caravaggio's Jesus and city priests She leads readers past the lone house on the block that cannot be walked down through layers of discarded objects in the high school yard and into various classrooms bars and living rooms Shorter poems highlight the persistence of nature in water weeds orchids begonias insects pigeons and pheasants Some poems convey a sense of the underbelly desire and disgust while others treat issues of religion both in institutional settings and personal prayers In her honest but unsentimental voice harris layers personal history and rich details to explore how our surroundings shape our selves and what allegiance we owe them when they have turned almost everything to ashes Throughout allegiance harris presents herself as an extraordinarily perceptive poet with a compelling and original voice Poetry lovers will appreciate this exciting debut collection **Chimeras of Form** Aarthi Vadde, 2016-12-13 In the years following World War I the international emerged as a distinct scale of political and cultural focus Internationalisms proliferated in kind as writers and thinkers sought to imagine modes of cooperation that would balance transnational solidarities with national sovereignty While so called political realists across the twentieth century have regarded such attempts as wishful thinking Aarthi Vadde argues that the negotiation of wishing and thinking is at the very heart of internationalism In Chimeras of Form she shows why modernist literary form is essential to understanding the aspirational and analytical force of internationalism in and beyond Europe Major writers such as Rabindranath Tagore James Joyce Claude McKay George Lamming Michael Ondaatje and Zadie Smith use modernist strategies to reshape how readers think about the cohesion and interrelation of political communities in the wake of empire Vadde lucidly explains how their formal experiments with the novel short story poetry and political essay contribute to and sometimes even anticipate debates in postcolonial theory and cosmopolitanism She reads Joyce's use of asymmetrical narratives as a way to ask questions about international camaraderie and demonstrates how the plotless works of McKay and Lamming upturn ideas of citizenship and diasporic alienation Her analysis of twenty first century writers Smith and Shailja Patel shows how ongoing conflicts around migration displacement and global economic inequality link modernist postcolonial and contemporary traditions of literature Vadde brings these traditions together to reveal the dual nature of internationalism as an ambition possibly a chimeric one and an actual political discourse vital to understanding our present
