Making Literature Matter 6th Edition:

Making Literature Matter John Schilb, John Clifford, 2014-09-26 Students have always responded powerfully to the memorable stories poems plays and essays gathered in distinctive clusters in Making Literature Matter's thematic anthology. At the same time the book's chapters on reading writing and research help students harness those responses into persuasive well supported arguments about the issues raised by the literature. As ever the new edition of Making Literature Matter reflects John Schilb and John Clifford's careful attention to emerging pedagogical needs and trends. In response to instructor requests they have expanded their treatment of argumentation and research and refined their approach to literary genres. Further they read widely to identify some of the most engaging fiction poetry drama and nonfiction published recently and based their new choices for the sixth edition on how well that literature raises and explores issues that matter to students right now.

Making Literature Matter John Schilb, John Clifford, 2008-08-06 Prepared by editors whose scholarship fuses literary and composition studies Making Literature Matter combines a comprehensive writing text with a uniquely organized anthology for introductory literature courses that emphasize critical and academic writing. What makes literature matter? Writing about it argumentatively. The writing text helps students learn to analyze literature and develop responsible and persuasive claims about it making it matter to them as it hasn't before. Reading it when it explores issues that matter. The stories poems plays and essays in the anthology are uniquely organized into thematic clusters focusing on life issues that speak to students and evoke their engaged response.

Good Books Matter Larry Swartz, Debbie Nyman, 2008 Based on extensive research on the features that make children's books appealing and appropriate this valuable teacher resource offers guidance on selecting books strategies for specific grade levels suggestions for extension and tips for assessment. This teacher friendly book is organized around the major genres traditional literature picture books nonfiction poetry and multicultural texts that will inspire young readers. Throughout the book teachers will find suggestions for using literature to implement shared reading reading aloud and response strategies with emergent developing and independent readers. This comprehensive book is rooted in the belief that educators must consider and offer a wide range of choice to ensure that students read good books. It argues that the choices children make about what they read should be governed by their interests and desire to learn not by a grade or reading level.

The Matter of Virtue Holly A. Crocker, 2019-08-30 If material bodies have inherent animating powers or virtues in the premodern sense then those bodies typically and most insistently associated in the premodern period with matter namely women cannot be inert and therefore incapable of ethical action. Holly Crocker contends. In *The Matter of Virtue* Crocker argues that one idea of what it means to be human a conception of humanity that

includes vulnerability endurance and openness to others emerges when we consider virtue in relation to modes of ethical action available to premodern women While a misogynistic tradition of virtue ethics from antiquity to the early modern period largely cast a skeptical or dismissive eye on women Crocker seeks to explore what happened when poets thought about the material body not as a tool of an empowered agent whose cultural supremacy was guaranteed by prevailing social structures but rather as something fragile and open subject but also connected to others After an introduction that analyzes Hamlet to establish a premodern tradition of material virtue Part I investigates how retellings of the demise of the title female character in Chaucer's *Troilus and Criseyde* Henryson's *Testament of Cresseid* and Shakespeare's *Troilus and Cressida* among other texts structure a poetic debate over the potential for women's ethical action in a world dominated by masculine violence Part II turns to narratives of female sanctity and feminine perfection including ones by Chaucer Bokenham and Capgrave to investigate grace beauty and intelligence as sources of women's ethical action In Part III Crocker examines a tension between women's virtues and household structures paying particular attention to English *Griselda* and shrew literatures including Shakespeare's *Taming of the Shrew* She concludes by looking at Chaucer's *Legend of Good Women* to consider alternative forms of virtuous behavior for women as well as men
