Harnessing Globalization A Review Of East Asian Case Histories:

Harnessing Globalization Henry Y. Wan, 2006 Collecting all the results on the particular types of inequalities the coverage of this book is unique among textbooks in the literature The book focuses on the historical development of the Carlson inequalities and their many generalizations and variations As well as almost all known results concerning these inequalities and all known proof techniques a number of open questions suitable for further research are considered Two chapters are devoted to clarifying the close connection between interpolation theory and this type of inequality Other applications are also included in addition to a historical note on Fritz Carlson himself *Preface to Harnessing Globalization* Henry Wan, 2009 At

a time of robust worldwide debates on globalization this compact volume shows how successful each of the East Asian economies have been in harnessing globalization by appropriate and alternative means to catch up with the advanced economies and what implications can be drawn to assess Chinese economic growth in context The essays in this book include supporting notes to review effectively the highlights of the development of East Asia over the six decades after World War II why the region has performed so well economically relative to the rest of the developing world which are the most challenging limitations to be addressed and several sensational controversies in the development economics literature to be sensibly resolved

Globalization, Development And Security In Asia (In 4 Volumes) , 2014-04-28 Asian countries are undergoing rapid political economic and social transformations meanwhile there is a growing demand for knowing more about Asia This Major Reference Set is designed to help general readers as well as specialists to have a good grasp of the latest developments in Asia in the key areas of economic growth trade energy environment foreign policy and security With 4 volumes this set covers all major dimensions of Asia s political economy Contributors include both scholars and practitioners who provide first hand description and analysis of fundamental issues in Asia Peace and political stability are of ultimate importance with Asia at the forefront of wealth creation in the global economy Volume 1 unpacks and examines the foreign policy strategies of key states and the role of regional institutions in responding to the security demands of an Asian century Volume 2 studies the strong economic integration through trade and cross border investment that has been essential to Asia The region s future prosperity depends on it being able to remain open and outward looking As Asia grows larger and richer more concerted efforts are required to surmount regional rivalry and to further strengthen the regional architecture of economic cooperation Volume 3 looks at the emerging economies thirst for energy that creates huge competition around which domestic regional and international political economy unfolds Climate change and aspiration for sustainable development further complicate the challenge Volume 4 offers a comprehensive coverage of subjects on environment and sustainable development in Asia with case studies of selected and representative countries that are at different stages of economic development and facing different environment related problems and challenges in the twenty first century This interdisciplinary set is a fine example of international cooperation with contributors hailing from different parts of Asia as

well as North America and Europe It is a must have for anyone keen on understanding Asia s dynamic and changing scene

International Trade, Economic Development, and the Vietnamese Economy Cuong Le Van, Van Pham

Hoang, Makoto Tawada, 2022-05-03 This volume spotlights some of the most important economic issues confronting today s emerging developing countries The topics studied in the book include the importance of productivity to economic growth international trade and its relationship to productivity immigration and brain drain pollution havens climate change and the carbon tax the effectiveness of foreign aid the efficiency of education and governance Written by some of the most respected scholars in their respective fields the individual chapters apply both economic theory and the most current empirical tools in rigorous but accessible exposition Researchers can find value in the modeling and empirical techniques that can be applied to other countries and datasets Policy makers can benefit from the intellectual foundation on which decisions on important issues can be based and students of international trade economic development and environmental economics can gain knowledge of different country settings that give context to their fields of study □□□□□□□□□□□□□□□□ Henry Y.

Wan, 2007 **American Book Publishing Record** , 2006 Journal of Economic Literature , 2007 Globalization and

Urban Culture in Dhaka Kazi Abusaleh, M. Rezaul Islam, Md. Nurul Islam, 2022-05-05 This book examines globalization and urban cultures in Dhaka the capital of Bangladesh from a socio cultural view It focuses on the evolving nature of urbanity in the city due to globalization and the global flow of information while framing the changing patterns of everyday cultures and practices The volume explores key linkages and factors in urban transformation the history and heritage of Old Dhaka globalization diverse urban cultures and ethnic spaces changes in food habits clothing health practices and recreation changing forms of festivals marriages and religious practices the situation of indigenous people in Old Dhaka and the roles that need to be played by NGOs civil society and the local government With its rich ethnographic case studies and field based evidence it discusses the relations between technology driven economic activities and increasing cultural homogenization It traces developments induced by cultural globalization and includes contemporary debates along with comparisons of Asian and global perspectives This book will be a useful resource for scholars and researchers of urban studies city studies urban sociology social anthropology cultural anthropology political sociology development studies South Asian studies and cultural studies and to those interested in Bangladesh **How China is Reshaping the Global Economy** Rhys Jenkins, 2022-06-16

China s growing economic involvement in Sub Saharan Africa and Latin America has been a source of major controversy The official Chinese position maintains that the growth of bilateral relations is of mutual benefit and provides a good example of South South cooperation Critics on the other hand see the economic relations between China and other developing countries as highly unequal with most of the benefits accruing to China and a few local elites They also point to negative socio economic political and environmental consequences How China is Reshaping the Global Economy Development Impacts in Africa and Latin America throws more light on these controversies through a comparative study of China s impact on the two

regions It looks not just at bilateral relations between China and the two regions but also analyses the changes in the global economy brought about as a result of the shift in economic activity from North America and Western Europe to Asia This book looks at the factors which led to rapid economic growth in China and the way in which this has affected global manufacturing commodity markets the international presence of Chinese companies and financial flows It examines the different forms of Chinese economic involvement in Sub Saharan Africa and Latin America the main drivers and economic social political and environmental consequences It ends with a comparison of the two regions that highlights the importance of different histories and political and institutional contexts in determining the impacts of China Since the first edition of *How China is Reshaping the Global Economy Development Impacts in Africa and Latin America* China's role in the global economy has continued to expand and the Chinese government's foreign policy has become more assertive The global presence of China has been marked by the expansion of the Belt and Road Initiative to almost 150 countries and the trade war between the US and China as well as increased Western concerns over the activities of major Chinese companies such as Huawei This new edition documents these changes and their implications for SSA and LAC *The Art of Neighbouring* Martin Saxer, J. Zhang, 2025-10-01

For the nations on its borders the rapid rise of China represents an opportunity but it also brings worry especially in areas that have long been disputed territories of contact and exchange This book gathers contributors from a range of disciplines to look at how people in those areas are actively engaging in making relationships across the border and how those interactions are shaping life in the region and in the process helping to reconfigure the cultural and political landscape of post Cold War Asia *Globalization for Development* Ian Goldin, Kenneth Reinert, 2012-02-16 Globalization and its relation to poverty reduction and development are not well understood This book explores the ways in which globalization can overcome poverty or make it worse The book defines the big historical trends identifies the main globalization processes trade finance aid migration and ideas and examines how each can contribute to economic development By considering what helps and what does not the book presents policy recommendations to make globalization more effective as a vehicle for shared growth and poverty reduction It will be of interest to students researchers and anyone concerned with the effects of globalization on international development **Strategy** Brad MacKay, Mikko Arevuo, David Mackay, Maureen Meadows, 2020

A new breed of strategy textbook for a new generation of strategists *Strategy Theory Practice Implementation* puts the implementation of strategy centre stage to help tomorrow's business professionals think talk and act like a strategist

Handbook of Politics Kevin T. Leicht, J. Craig Jenkins, 2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines The contributors focus on the current controversies and disagreements surrounding the

use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds *The Oxford Handbook of Grand Strategy* Thierry Balzacq, Ronald R. Krebs, 2021-09-13 A clearly articulated well defined and relatively stable grand strategy is supposed to allow the ship of state to steer a steady course through the roiling seas of global politics However the obstacles to formulating and implementing grand strategy are by all accounts imposing The Oxford Handbook of Grand Strategy addresses the conceptual and historical foundations production evolution and future of grand strategy from a wide range of standpoints The seven constituent sections present and critically examine the history of grand strategy including beyond the West six distinct theoretical approaches to the subject the sources of grand strategy ranging from geography and technology to domestic politics to individual psychology and culture the instruments of grand strategy s implementation from military to economic to covert action political actors including non state actors grand strategic choices the debatable merits of grand strategy relative to alternatives and the future of grand strategy in light of challenges ranging from political polarization to technological change to aging populations The result is a field defining interdisciplinary and comparative text that will be a key resource for years to come *The Making of a Digital World* J. Rennstich, 2008-03-03 This book offers a unique perspective on current changes Describing globalization as a long term process of intertwined technological economic political and cultural changes the author identifies distinct phases in the global system development and concludes that the pattern of change continues even with the rise of new digital technologies *Illicit Industries and China's Shadow Economy* Victor Teo, Sungwon Yoon, 2018-11-16 This book considers a wide range of illicit industries in China exploring what drives such activities why consumers tolerate them to differing degrees how attempts to regulate them are implemented and how such regulation is resisted Industries considered include human smuggling human organs trade illicit pharmaceuticals smuggling of animal parts illegal logging and trade of woods food safety and shadow banking Throughout the book describes how the shadow economy works analyses the degree to which illicit activities are regarded as criminal and highlights the importance of the shadow economy for certain regions of China and certain sections of Chinese society In doing so it reveals the challenges of human security posed by these industries not only for China but also for the global community and considers a robust governance mechanism at both national and global levels to address these challenges Overall the book provides a very rich picture of a key aspect of China s contemporary economy which is difficult to research *Geopolitical*

Economy of Energy and Environment, 2017-07-10 This book is the product of a joint research program between the Institute of West Asia African Studies of the Chinese Academy of Social Sciences Beijing and the Energy Program Asia of the International Institute for Asian Studies Leiden University China's transition to an urban industrial society relies on its abundant domestic coal supplies and on an increase in oil and gas imports However authorities are confronted with trade offs between investments in expanding supplies of fossils environmental sustainability energy efficiency and in clean energy Resources spent on expanding imported energy have to be weighted against clean energy investments and improving efficiency of the fossil fuel sector The same is no less true for the European Union and its member states Import dependency on piped gas is again growing Security of supply of natural gas depends on political cooperation with energy rich countries At the same time the EU has to meet its clean energy commitments by compromises between member states and Brussels Chinese National Oil Companies bridge the worlds of government in China and the extractive sector in hydrocarbon exporting countries At the global level Chinese Trans National Oil Companies maintain competitive and cooperative relations with privately owned International Oil companies This book focuses among others on these networks with the objective to contribute to the study of the geopolitical economy of the energy sectors in the global system Contributors are M P Amineh Eric K Chu Wina H J Crijns Graus Robert Cutler Li Xiaohua Liu Dong Chen Mo Nana de Graaff Joyeeta Gupta Sara Hardus Barbara Hogenboom Sun Hongbo and Yang Guang **Managing for Social Justice** Latha Poonamallee, Anita D.

Howard, Simy Joy, 2023-01-30 The book introduces a preliminary integrative conceptual framework on the intersections between management and social justice with a view that the quest for social justice is not an endpoint rather an ongoing journey With contributions from management scholars and practitioners it highlights examines and explores the continuities and discontinuities gains and losses and struggles and successes in this quest for reimagining organizations as sites and vehicles for advancing social justice in the world To nurture and facilitate flourishing individuals and collectives we need bolder more innovative and more creative models of engagement Further we need models for speaking and learning from different perspectives and building common ground through shared values of equity connectivity and compassion and moral expansiveness while recognizing the complexities of the world we inhabit via our organizations and the need to develop nuanced understandings of the same Contributing authors address questions such as Are social justice and management mutually exclusive concepts How can we draw on effective management for advancing social justice aims How do we bend the arc of organizational life towards more justice What are the rights and obligations of organizations and their members to the world at large and to their local communities and societies Through its reimagining of organizations and management as vehicles for social justice instead of just as tools of oppression injustice or regressive organizing in an extractive economy this book brings together critical and positive organizational approaches challenging fundamental assumptions about how our society people's collectives and workplaces are organized with capacity building incremental change sustained change

institutionalized change dynamic ongoing problem solving assessment redesign and more Management scholars will learn the nuanced and complex intersections between management theories and practice and different types of justice injustice in a global context both as antecedents to modern organizations and workplaces and the ways in which these intersectional actors advance and change the organizations and workplaces of the future

Cultural Critique and the Global Corporation Purnima Bose, Laura E. Lyons, 2010 This book examines the stories that corporations tell about themselves and explores the powerful influence of corporations in the transformation of cultural and social life Six case studies draw on CEO memoirs annual reports management manuals advertising campaigns and other sources to analyze the self representations and rhetorical maneuvers that corporations use to obscure the full extent of their power Images of corporate character and responsibility are intertwined with the changes in local economy politics and culture wrought by globalization and neoliberalism The contributors to this volume describe the effects of specific corporate practices on individuals and communities and how activists and academics are responding to labor and environmental abuses

China's Globalizing Internet Yu Hong, Eric Harwit, 2022-09-05 This book considers the Chinese internet as an ensemble of ideas ownership policies laws and interests that intersect with pre existing global elements and increasingly with deepening globalizing imperatives It extends traditional inquiry about digital China and globalization and encourages closer attention to contestation shifting international order transformation of states and new requirements of global digital capitalism Across the three foci of history power and governance this book considers the ways the Chinese internet is entangled with transnational capitals ideas and institutions while at the same time manifests a strong globalizing drive It begins with a historical political economy approach that emphasizes the dialectics between structural imperatives and historical contingency As for governance the Chinese state has set out to re regulate the internet as the network becomes ubiquitous during the nation's web oriented digital transformation Such a state centric governance model however is likely to affect China's global expansion apart from the fact that the state is taking an active interest in global internet governance This book will be of interest to researchers and advanced students of Communication Studies Politics Sociology Economics Cultural Studies and Science and Technology Studies The chapters in this book were originally published as a special issue of the Chinese Journal of Communication
