Harry Van Arsdale Jr Labors Champion:

Harry Van Arsdale, Jr Gene Ruffini,2002-11-19 Harry Van Arsdale Jr 1905 1986 was a towering figure in the New York labor scene After becoming business manager of Local 3 of the International Brotherhood of Electrical Workers in 1925 he fought for and won shorter work days in order to give more men a chance to work during the Great Depression He instituted paid vacations paid holidays annuity plans and educational opportunities for his workers all revolutionary concepts in their time that are now largely taken for granted He became president of the New York City Labor Council in 1957 which put him in a position of even greater influence on labor relations both locally and nationally But more than his individual achievements his sincere commitment to improving the lives of American workers and their families made him a truly beloved figure This fascinating memoir focuses on Van Arsdale's 60 plus years as a union member and powerful labor figure and on the lasting mark he left on the labor scene *Harry Van Arsdale, Jr.* Gene Ruffini,Theodore Kheel,2015-05-20 Harry Van Arsdale 1905 1986 was a towering figure in the New York labor scene After being initiated into the Local 3 International Brotherhood of Electrical Workers in 1925 and becoming its business manager in 1933 Van Arsdale turned the then corrupt and disorganized union into a force to be reckoned with He became president of the New York City Central Labor Council in 1957 which put him in a position to become a greater influence for labor relations locally and nationally As business manager and president of these organizations Van Arsdale advocated and won shorter work days in order to give more men a chance to work especially important in the 1930s He instituted paid vacation paid holidays annuity plans and educational opportunities for union workers novelties at that time as well as scholarships for workers children His sincere commitment to improving the lives of American workers and their families made him a truly beloved figure This fascinating memoir traces Van Arsdale's sixty plus years as a union member and powerful labor figure and provides colorful details of his many remarkable accomplishments **The Encyclopedia of New York City** Kenneth T. Jackson,Lisa Keller,Nancy Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000

alphabetical entries and 700 illustrations of the second edition of *The Encyclopedia of New York City* convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis

Building the Metropolis Alexander Wood, 2025-01-10 A sweeping history of New York that chronicles the construction of one of the world's great cities Between the 1880s and the 1930s New York City experienced explosive growth as nearly a million buildings dozens of bridges and tunnels hundreds of miles of subway lines and thousands of miles of streets were erected to meet the needs of an ever swelling population This landscape jagged with skyscrapers rattling with the sound of mass transit alive with people made the city world famous *Building the Metropolis* offers a revelatory look at this era of urban development by asking Who built New York and how Focusing on the work of architects builders and construction workers Alexander Wood chronicles the physical process of the city's rapid expansion New York's towering buildings and busy thoroughfares aren't just stylish or structural marvels Wood shows but the direct result of the many colorful personalities who worked in one of the city's largest industries This development boom drew on the resources of the whole community and required money political will creative vision entrepreneurial drive skilled workmanship and hard physical labor Wood shows this to be an even larger story as well As cities became nodes in a regional national and global economy the business of construction became an important motor of economic political and social development While they held drastically different views on the course of urban growth machine politicians reformers and radicals alike were all committed to city building on an epic scale Drawing on resources that include city archives and the records of architecture firms construction companies and labor unions *Building the Metropolis* tells the story of New York in a way that's epic lively and utterly original

Taxi! Graham Russell Gao Hodges, 2020-03-17 Why the cabdriver is the real victim of the false promises of Uber and the gig economy 2007 Noteworthy Book in Industrial Relations and Labor Economics Princeton University Industrial Relations Section Hailed in its first edition as a classic study of New York City's history and people Graham Russell Gao Hodges's *Taxi* is a remarkable evocation of the forgotten history of the taxi driver This deftly woven narrative captures the spirit of New York City cabdrivers and their hardscrabble struggle to capture a piece of the American dream From labor unrest and racial strife to ruthless competition and political machinations Hodges recounts this history through contemporary news accounts Hollywood films and the words of the cabbies themselves A new preface recalls the author's five years of hacking in New York City in the early 1970s and a new concluding chapter explores the rise of app-based ridesharing services with the arrival of companies like Uber and Lyft Sharply criticizing the use of the independent contractor model that is the cornerstone of Uber and the gig economy Hodges argues that the explosion of for hire vehicles in Manhattan reversed decades of environmental anti congestion efforts He calls for a return to the careful regulations that governed taxicabs for decades and provided a modest yet secure living for cabbies Whether or not you've ever hailed a cab on Broadway *Taxi* provides a fascinating perspective on New York's most colorful emissaries

Live Wire Fran

Moccio,2010-08-06 Sisters of The Brotherhood struggle for equality *The Routledge Handbook of the Anthropology of Labor* Sharryn Kasmir,Lesley Gill,2022-06-01 The Routledge Handbook of the Anthropology of Labor offers a cross cultural examination of labor around the world and presents the breadth of a growing and vital subfield of anthropology As we enter a new crisis ridden age some laboring people are protected while others face impoverishment and death as they work in unsafe conditions migrate to gain livelihoods languish in the unwaged sector and become targets of law enforcement The contributions to this volume address questions surrounding the categorization and visibility of work the relationship of labor to the state and how divisions of labor map onto racial gendered sexual and national inequalities In addition to the emotional dimensions and subjectivities of labor the book also examines how laborers can articulate common experiences and identities build organizational forms and claim power together Bringing together the work of an impressive group of international scholars this Handbook is essential for anthropologists with an interest in labor and political economy as well as useful for scholars and students in related fields such as sociology and geography *The Harlem Uprising* Christopher Hayes,2021-10-26 In July 1964 after a white police officer shot and killed an African American teenage boy unrest broke out in Harlem and then Bedford Stuyvesant Protests rose up to call for an end to police brutality and the unequal treatment of Black people in a city that viewed itself as liberal A week of upheaval ensued including looting and property damage as well as widespread police violence in what would be the first of the 1960s urban uprisings Christopher Hayes examines the causes and consequences of the uprisings from the city s history of racial segregation in education housing and employment to the ways in which the police both neglected and exploited Black neighborhoods While the national civil rights movement was securing substantial victories in the 1950s and 1960s Black New Yorkers saw little or uneven progress Faced with a lack of economic opportunities pervasive discrimination and worsening quality of life they felt a growing sense of disenchantment with the promises of city leaders Turning to the aftermath of the uprising Hayes demonstrates that the city s power structure continued its refusal to address structural racism In the most direct local outcome a broad interracial coalition of activists called for civilian review of complaints against the police The NYPD s rank and file fought this demand bitterly further inflaming racial tensions The story of the uprisings and what happened next reveals the white backlash against civil rights in the north and crystallizes the limits of liberalism Drawing on a range of archives this book provides a vivid portrait of postwar New York City a new perspective on the civil rights era and a timely analysis of deeply entrenched racial inequalities

Colonial Migrants at the Heart of Empire Ismael García-Colón,2020-02-18 Colonial Migrants at the Heart of Empire is the first in depth look at the experiences of Puerto Rican migrant workers in continental U S agriculture in the twentieth century The Farm Labor Program established by the government of Puerto Rico in 1947 placed hundreds of thousands of migrant workers on U S farms and fostered the emergence of many stateside Puerto Rican communities Ismael Garc a Col n investigates the origins and development of this program and uncovers the unique challenges faced by its participants A

labor history and an ethnography Colonial Migrants evokes the violence fieldwork food lodging surveillance and coercion that these workers experienced on farms and conveys their hopes and struggles to overcome poverty Island farmworkers encountered a unique form of prejudice and racism arising from their dual status as both U S citizens and as foreign others and their experiences were further shaped by evolving immigration policies Despite these challenges many Puerto Rican farmworkers ultimately chose to settle in rural U S communities contributing to the production of food and the Latinization of the U S farm labor force

Tough Liberal Richard D. Kahlenberg,2007 Richard D Kahlenberg offers a narrative on the man who would become one of the most important voices in public education and American politics in the last quarter century Albert Shanker

We Always Had a Union Shaun Richman,2025-04-08 One of New York City s most powerful unions the Hotel and Gaming Trades Council AFL CIO represents almost 40 000 workers Shaun Richman s history places the labor organization within the context of American industrial and craft unionism and reveals how it came to influence politics and economic development in the city and beyond From the start New York s organized hotel workers experimented with and adapted how they organized and governed members and related to other labor unions Richman follows union fortunes from early IWW activity through the Communist led affiliates of the American Federation of Labor in the 1920s and 1930s the shaping of breakthrough negotiating strategies and the postwar era As Richman shows workers adopted a radicalism and militancy seldom associated with an AFL organization while openly negotiating the Communist Party s power and influence within the union until the Party s eclipse in the 1950s An inspiring story of action and perseverance We Always Had a Union profiles a foundational American labor union and offers lessons for today s workers and organizers

Sisters in the Brotherhoods J. LaTour,2008-08-04 Sisters in the Brotherhoods is an oral history based study of women who have against considerable odds broken the gender barrier to blue collar employment in various trades in New York City beginning in the 1970s It is a story of the fight against deeply ingrained cultural assumptions about what constitutes women s work the middle class bias of feminism the daily grinding sexism of male co workers and the institutionalised discrimination of employers and unions It is also the story of some gutsy women who seeking the material rewards and personal satisfactions of skilled manual labour have struggled to make a place for themselves among New York City s construction workers stationary engineers firefighters electronic technicians plumbers and transit workers Each story contributes to an important unifying theme the way women confronted the enormous sexism embedded in union culture and developed new organisational forms to support their struggles including and especially the United Tradeswomen

The Era Was Lost Glenn Dyer,2024-10-25 An exciting yet relatively unknown episode in American labor history took place in New York City between 1965 and 1975 Rank and file members of numerous unions caught a strike fever as they challenged the entrenched power of some of the country s most powerful politicians employers and union leaders in a wave of contract rejections wildcat strikes and electoral campaigns Workers in unions across New York wanted more than better contracts they

contested control of the work process racism on the job and workers place in America s socioeconomic hierarchy while implicitly and explicitly demanding greater democratic control of their representative organizations Some initial challenges were effective and succeeded in delivering better contracts and unseating undemocratic leaders However those early successes were short lived Glenn Dyer traces the way workers were met with employer recalcitrance and union attacks that proved too powerful to organize against In the face of this resistance workers retreated into a survivalist attitude of accommodation and resignation contributing to the decline of social democratic New York and working class power in the city Ultimately Dyer argues the failures of the rank and file organizing efforts in New York City which was the biggest center of organized labor in the country shows how stunted workers aspirations and numerous defeats not only uprooted the foundations of New York s uniquely social democratic polity but also ushered in a national era of increased working class subservience that has resonance today Industrial and Labor Relations Review ,2004 IBEW Journal ,2002
