Haunted S. J. Wells, 2014-10-02 SJ Wells was admitted into the hospital at the age of 5 years old with double pneumonia and soon died having a near death experience She came away from that experience with the ability to communicate see spirits hear their voices and feel spirit energy For 15 years of her childhood she had to hold deep within terror and realization that she could not share her secret with her family because of their religious belief that all spirits were demons Her fear of losing their love possibly being committed to a mental health facility or damnation to hell was more powerful for her than the suffering she did with the challenges she had to face on a daily basis

Haunted — Incredible True Stories of Ghostly Encounters 2-Book Bundle Dorah L. Williams, 2014-05-28 It was an irrational decision Despite having just moved into a beautiful new house the Williams family gave in to an odd overwhelming desire to purchase and move into a Victorian home they had come upon by chance They were curious of course as to why the house had in the past had such a high vacancy rate But that curiosity didn't last long because shortly after moving in strange things began to happen At first the family tried telling themselves there were logical explanations for the strange things they all were witnessing But before long they came to accept the fact that they were sharing their home with ghosts *Haunted* is the Williams family's story from the point of view of the mother Dorah Through her chilling reminiscences we witness the all too real goings on in the house Upon writing *Haunted* Dorah thought her situation was unique What she didn't realize was how many others would relate to how it feels to be haunted too After being flooded by emails from people with similar experiences Dorah began to realize this wasn't uncommon at all So *Haunted Too* came to be Not only will it entertain the reader as good ghost stories always have but it will also help the reader to better understand this phenomenon with the inclusion of shared experiences opinions and advice of professionals in this field
