Kamugisha, 2019-02-01 Against the lethargy and despair of the contemporary Anglophone Caribbean experience Aaron
Kamugisha gives a powerful argument for advancing Caribbean radical thought as an answer to the conundrums of the
present Beyond Coloniality is an extended meditation on Caribbean thought and freedom at the beginning of the 21st century
and a profound rejection of the postindependence social and political organization of the Anglophone Caribbean and its
contentment with neocolonial arrangements of power Kamugisha provides a dazzling reading of two towering figures of the
Caribbean intellectual tradition C L R James and Sylvia Wynter and their quest for human freedom beyond coloniality
Ultimately he urges the Caribbean to recall and reconsider the radicalism of its most distinguished 20th century thinkers in
order to imagine a future beyond neocolonialism **The West and the Word** Steffen Wöll, 2020-10-12 Western expansion
in North America has mainly been described as either a linear sequence energized by nineteenth century nation building
processes at a moving frontier or as the practice of settler colonialism and its exploitation of resources and displacement of
nonwhite peoples This book suggests that shifting the focus from this binary pattern towards spatial imaginations and
spatialization processes a new theoretical framework developed at SFB 1199 provides novel insights into the placemaking
dynamics of the American West It brings to light a discursive diversity that often contradicts unidirectional interpretive
patterns It becomes clear that while some discourses solidified into spatial metanarratives like the character shaping clash of
civilizations at the frontier or manifest destiny alternative spatial imaginations exist juxtaposed to or obfuscated by canonical

interpretations Making use of a variety of sources including works of literature poetry newspapers paintings and speeches to access spatialization processes on several sociocultural scales the book presents a careful exploration of the parameters that informed the creation affirmation and subversion of spatial imagination of the American West throughout the nineteenth century from the perspective of American Studies
