Hashamayim 1a Angels Heavenly Structures:

HaShamayim 1A Adonijah Ogbonnaya, M.d.,2015-11-01 If a believer is born from above is it not logical then that the believer should return there as often as he or she desires or is able If the believer is seated in the heavenlies does it not call forth a need to understand what the heavens looks like I began very early in my journey to ask for understanding of how heaven is structured and also to seek for a language on how to narrate my experiences These experiences are the results of my travel to the heavens through the person of Jesus who is the way and door to enter those realms of heaven To me the primary purpose of the coming of Jesus into the world is to open the gates and the door to the heavenly dimension for me and for all of humanity The true message of Christianity then is that the door to the heavens has opened to all who by their freewill choose to believe the Messiah whom God has sent in the Person of Yeshua Jesus HaMashiach The Christ In my journey towards understanding who I am in the Father through the Son Jesus Christ I have had many experiences whose examination and analysis instead of proffering final solutions to intractable spiritual questions has rather fueled more burning questions So rather than offer you a final answer to your questions about the heavens I hope this book spurs you to ask more questions and to press into the heavens and to search the Scriptures to find more of what the Father has for us as God s Children Dr O A Catalogue of Angels Vinita Hampton Wright,2006 This concise entertaining overview of angels according to Judaism Christianity and Islam will appeal to readers who are interested in ancient medieval and Renaissance history and theology as well as those who are intrigued by the unusual or hidden in traditional religion A short encyclopedia of terms and names is included that will enhance the study of angelic beings in the religions of the world **The Book of Angels** Stephen Miller,2019-06-04 Both collectively and individually we have a deep and abiding fascination with angels This book explores depictions of angels in the visual arts and in scripture and associated apocryphal and mystical writings specifically in the Hebrew and Christian Bibles and Islamic Zoroastrian and other ancient and latter day accounts It examines the visual clues artistic conventions and attributes that have been set down to help us to recognise angels in their particular roles and functions Certain writings have had a particularly influential bearing on our understanding of angels This text focuses on the hierarchies and orders proposed by the likes of Pseudo Dionysius St Thomas Aquinas and others In a new age of fascination with the metaphysical and supernatural in film television popular mythology and literature are we cementing or losing our connection with the authentic meaning and purpose that such vibrant and energised beings bring to our table This book contains more than 30 illustrations in a central colour plates section It also includes a useful glossary of terms and will prove a rich and enduring reference resource for libraries as well as a stimulating go to source for those interested in the world of angels and how human sensibilities and imaginative reasoning have enriched the subject as a starting point for interreligious dialogue Angels Are Celestial Spirits Eva M. Brown-Burkett,2006-07-10 As told in the scriptures and in the expositions written about angels the reader will enjoy a variety of voices and settings It forcefully tells of a God who comes to

his people in a time when they feel lost and alienated The story through prose enlightens the reader of angels these celestial spirits who are employed in carrying messages and in giving advice and encouragement This book is enjoyment for those who are believers in angels It touches those who enjoyed Della Reese s Touched by An Angel series In the series we observed messengers who brought peace truth and HOPE We observed in them the fiercest of warriors who carried out the judgment and justice of God We observed them as flaming swords From Encyclopedia Britannica s article Angel and Demon The Western religions of Judaism Christianity and Islam have all accepted the belief that there is between God and mankind a class of intermediary beings called angels The word angel comes from the Greek word angelos meaning messenger Angels are considered to be bodiless minds or spirits who performs various services for God or for the people on God s behalf Through scripture and prose you are provided knowledge of these celestial spirits who brought forth messages to many generations It relates information about the seraphims and cherubims and the many other factors about their work in heaven and on earth From the beginning to the end of time these messengers have untiringly worked and praised God You will treasure all that is recorded of these messengers and how they fit into God s plan
