**Geographies of Cubanidad** Rebecca M. Bodenheimer, 2015-07-10 Derived from the nationalist writings of Jos Mart the concept of Cubanidad Cubanness has always imagined a unified hybrid nation where racial difference is nonexistent and nationality trumps all other axes identities Scholars have critiqued this celebration of racial mixture highlighting a gap between the claim of racial harmony and the realities of inequality faced by Afro Cubans since independence in 1898 In this book Rebecca M Bodenheimer argues that it is not only the recognition of racial difference that threatens to divide the nation but that popular regional sentiment further contests the hegemonic national discourse Given that the music is a prominent symbol of Cubanidad musical practices play an important role in constructing regional local and national identities This book suggests that regional identity exerts a significant influence on the aesthetic choices made by Cuban musicians Through the examination of several genres Bodenheimer explores the various ways that race and place are entangled in contemporary Cuban music She argues that racialized notions which circulate about different cities affect both the formation of local identity and musical performance Thus the musical practices discussed in the book including rumba timba eastern Cuban folklore and son are examples of the intersections between regional identity formation racialized notions of place and music making

Price, 2016-02-16 Transformations in Cuban art literature and culture in the post Fidel era Cuba has been in a state of massive transformation over the past decade with its historic resumption of diplomatic relations with the United States only the latest development While the political leadership has changed direction other forces have taken hold The environment is under threat and the culture feels the strain of new forms of consumption Planet Cuba examines how art and literature have responded to a new moment one both more globalized and less exceptional more concerned with local quotidian worries than international alliances more threatened by the depredations of planetary capitalism and climate change than by the vagaries of the nation s government Rachel Price examines a fascinating array of artists and writers who are tracing a new socio cultural map of the island

**Cuban Memory Wars** Michael J. Bustamante, 2021-02-10 For many Cubans Fidel Castro s Revolution represented deliverance from a legacy of inequality and national disappointment For others especially those exiled in the United States Cuba s turn to socialism made the prerevolutionary period look like paradise lost Michael J Bustamante unsettles this familiar schism by excavating Cubans contested memories of the Revolution s roots and results over its first twenty years Cubans battles over the past he argues not only defied simple political divisions they also helped shape the course of Cuban history itself As the Revolution unfolded the struggle over historical memory was triangulated among revolutionary leaders in Havana expatriate organizations in Miami and average Cuban citizens All Cubans leveraged the past in individual ways but personal memories also collided with the Cuban state s efforts to institutionalize a singular version of the Revolution s story Drawing on troves of archival materials including visual media Bustamante tracks the process of what he calls retrospective politics across the Florida Straits In doing so he drives Cuban history beyond the polarized vision seemingly set in stone today and raises the prospect of a more inclusive national narrative *forum for inter-american research* Vol 6 Wilfried Raussert, 2023-07-20 Volume 6 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter

**Urban Informality and the Built Environment** Nerea Amorós Elorduy, Nikhilesh Sinha, Colin Marx, 2024-03-12. *Urban Informality and the Built Environment* demonstrates the value of greater and more diverse forms of engagement of built environment disciplines in what constitutes urban informality and its politics. It brings a multi-disciplinary approach to the study of informality and the built environment in diverse contexts, drawing on recent research by architects, planners, political scientists, geographers, and urban theorists. The book presents different case studies from multiple geographies, drawing attention to the need for studying urban informality in the Global North and Global South. The cases promote a cross-fertilization between disciplines, lenses, geographies, and methodologies. They range from the creative place-making of street artists in Accra to the morphological evolution of urban Tirana, urban agriculture in La Habana, and social reproduction in Greece. Additional contributions highlight the cross-cutting themes of infrastructure, exchange, and image. *Urban Informality and the Built Environment* introduces built environment disciplines to its constitutive roles in producing urban informality. It also tests a range of new methodologies to the study of urban informality, demonstrating the possibilities for new insights when building on the relational understanding of urban informality.

*Joyce without Borders* James Ramey, Norman Cheadle, 2022-10-11. This book addresses James Joyce's borderlessness and the ways his work crosses or unsettles boundaries of all kinds. The essays in this volume position borderlessness as a major key to understanding Joycean poesis, opening new doors and new engagements with his work. Contributors begin by exploring the circulation of Joyce's writing in Latin America via a transcontinental network of writers and translators, including Jos Lezama Lima, Jos Salas Subirat, Leopoldo Marechal, Edmundo Desnoes, Guillermo Cabrera Infante, and Augusto Monterroso. Essays then consider Joyce through the lens of the sciences, presenting theoretical interventions on posthumanist parasitology in *Ulysses*, on Giordano Bruno's coincidence of opposites in *Finnegans Wake*, and on algorithmic agency in the *Wake*. Cutting-edge cognitive narratology is applied to the Penelope episode. Next, the volume features innovative essays on Joyce in relation to early animated film and comics, engaging with animated film in the Circe episode, Joyce's points of contact with George Herriman's cartoon strip *Krazy Kat*, and structural affinities between open-world gaming and *Finnegans Wake*. The final essays focus on abiding human concerns, offering new research on Joyce's creative use of Spinoza, a Lacanian consideration of *The Dead* alongside Katherine Mansfield's *The Stranger*, and Haruki Murakami's *Kino*, and a meditation on Joyce's uncertainties about the boundary between life and death. For Joyce, borders are problems, but ones that provided precious fodder for his art. And as this volume demonstrates, they encourage brilliant reflections on his work, from new scholars to leading luminaries in the field. A volume in the Florida James Joyce Series, edited by Sebastian D. G. Knowles.
