Haves Without Have-Nots Mortimer J. Adler, 1995-10-01 **Haves Without Have-nots** Mortimer Jerome Adler, 1991

Mortimer J Adler s Haves Without Have Nots is a compilation of six essays revolving around a unifying theme the convergence of capitalism and socialism in a politically and economically democratic world society the likes of which has never been seen until now as the 20th century draws to a close Mortimer J. Adler, 2009-08-01 In this classic work Adler explores how man differs from all other things in the universe bringing to bear both philosophical insight and informed scientific hypotheses concerning the biological and behavioral characteristics of mankind Rapid advances in science and technology and the abstract concepts of that influence on man and human value systems are lucidly outlined by Adler as he touches on the effect of industrialization and the clash of cultures and value systems brought about by increased communication between previously isolated groups of people Among the other problems this study addresses are the scientific achievements in biology and physics which have raised fundamental questions about humanity s essential nature especially the discoveries in the biological relatedness of all living things Thrown into high relief is humanity s struggle to determine its unique status in the natural world and its value in the world it has created Ultimately Adler s work develops an approach to the separation between scientific and philosophical questions which stands as a model of thought on philosophical considerations of new scientific discoveries and its consequences for the human person Norman Thomas Raymond F. Gregory, 2008 Autographed photograph America Norman Mattoon Thomas November 20 1884 December 19 1968 was an American Presbyterian minister who achieved fame as a socialist pacifist and six time presidential candidate for the Socialist Party of America Thomas was initially as outspoken in opposing the Second World War as he was with regard to the First World War Upon returning from a European tour in 1937 he formed the Keep America Out of War Congress and spoke against war thereby sharing a platform with the America First Committee However after the United States was attacked by the Japanese at Pearl Harbor his stance changed to support for US involvement and later wrote self critically for having overemphasized both the sense in which it was a continuance of World War I and the capacity of nonfascist Europe to resist the Nazis Thomas was one of the few public figures to oppose President Franklin Roosevelt s internment of Japanese Americans following the attack on Pearl Harbor Thomas accused the ACLU of dereliction of duty when the organization supported the internment Thomas also campaigned against racial segregation environmental depletion anti labor laws and practices and in favor of opening the United States to Jewish victims of Nazi persecution in the 1930s Thomas was an early proponent of birth control He also deplored the secular objection to birth control because it originated from racial and national group think Thomas was also very critical of Zionism and of Israel s policies towards the Arabs in the postwar years especially after the Suez Crisis and often collaborated with the American Council for Judaism **Global Democracy and Human Self-Transcendence** Glen T. Martin, 2019-01-15 This volume examines the dynamics of self transcendence for both

Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern

American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought. The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11. For scholars working on almost any aspect of American thought, The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work. Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers, this condensed edition includes key contributors to philosophical thought. From 1600 to the present day, entries cover psychology, pedagogy, sociology, anthropology, education, theology, and political science before these disciplines came to be considered distinct from philosophy. Clear and accessible, each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. Featuring a new preface by the editor and a comprehensive introduction, The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty-first century thinkers including Martha Nussbaum and Patricia Churchland. With in-depth overviews of Waldo Emerson, Margaret Fuller, Noah Porter, Frederick Rauch, Benjamin Franklin, Thomas Paine, and Thomas Jefferson, this is an invaluable one-stop research volume to understanding leading figures in American thought and the development of American intellectual history. **Notes et documents**, 1992.
