Biographical Guide to American Literature Nicolas Trübner, 1859

Flora White Linda C. Morice, 2016-10-31

Flora White *In the Vanguard of Gender Equity* draws on a collection of personal papers only recently made available to scholars to present the life of a colorful New England educator who lived from the Civil War to the Cold War. Throughout her career, White worked to promote the physical and intellectual growth of girls and young women beyond the narrow gender stereotypes of the day. Although White's name is not a household word, this book represents a newer form of biography in which the life of a lesser known individual serves as a lens for understanding larger social and cultural developments. In Flora White's case, this newer biographical approach produced findings to inform research in both educational history and gender studies. For example, White's papers correct some longstanding misconceptions about the origins of the progressive education movement and the role women played in it. White's sources also shed light on the complicated relationships of educated but marginalized U.S. women and the prominent men who mentored them. In addition, White's papers show that in order to protect herself from those who might find her words objectionable, she used coded language such as poetry to counter sexist stereotypes and advance her desire for a fuller life for her students and herself. Although upon her death a newspaper obituary praised White for being recognized by men of note in educational circles, her efforts to promote the physical and intellectual development of girls and women helped to create opportunity that is still unfolding today.

EMDR Supervision Robin Logie, 2023-07-26

This unique handbook provides a guide for supervisors of therapists who use Eye Movement Desensitisation and Reprocessing (EMDR) therapy and those undergoing training in EMDR supervision. Whilst drawing on the literature on supervision theory and research, this book provides a down to earth guide to this topic, focusing on the European system of accreditation. The book guides the EMDR supervisor and supervisor in training in the difficult task of balancing the roles of educator, enabler and evaluator. Using the author's unique blend of warmth, humour and humility, the book includes vignettes of real life situations encountered by the author and provides practical solutions to dilemmas encountered in EMDR supervision.
